*Attorneys for Plaintiff*

**IN THE SUPERIOR COURT OF THE STATE OF ARIZONA  
IN AND FOR THE COUNTY OF MARICOPA**

Data Sales Co. Inc., a Minnesota  
corporation,

Plaintiff,

v.

Path Networks, Inc., a Delaware  
corporation,

Defendant.

Case No. CV2025-027770

**RENEWED APPLICATION FOR  
ORDER TO SHOW CAUSE WHY  
PLAINTIFF SHOULD NOT BE  
GRANTED THE  
PROVISIONAL REMEDY OF  
REPLEVIN  
PURSUANT TO EITHER A.R.S. § 12-  
2402 OR A.R.S. § 12-2403**

Before the Hon. Joseph Kreamer

Plaintiff Data Sales Co, Inc. (“Data Sales”) asks this Court to either (1) enter an Order and Writ of Replevin as requested herein, without notice, pursuant to A.R.S. § 12-2402, or (2) if this Court believes notice is necessary, enter an Order directing Defendant Path Networks, Inc. (“Path”) to show cause why this Court should not grant Data Sales the provisional remedy of replevin, with notice, pursuant to A.R.S. § 12-2403.

This is the *second* such request Data Sales has made. The first request was supposed to be resolved through the Court’s entry of its Order requiring Path to deliver to Data Sales items listed in that Order. Indeed, it was Path who proposed to return those items to Data Sales, and Path *stipulated* to entry of that Order. It goes without saying that it was assumed that the items Path was delivering to Data Sales pursuant to the Order *was actually its property*, or at least unencumbered by other claims or liens. But only a very small portion of those items can be confirmed as actually Data Sales’ property. As for the rest, it is impossible to tell who owns the items, and there appears to be a perfected UCC lien on assets belonging to a Path-affiliate that may cover the items delivered to Data Sales.

1 This means that Data Sales may not have been given back *its* product, and in fact,  
2 may be in possession of items belonging to others or subject to a third-party perfected  
3 security interest. This exposes Data Sales to liability and actually places it in a *worse* place  
4 than when it commenced this action. All of this therefore begs the question: *where is Data*  
5 *Sales' property?*

6 Now, more than ever, Data Sales is concerned that its product has been squandered.  
7 Accordingly, Data Sales renews its application, seeks an accounting for and the return of  
8 its product, and asks the Court to order Path to take back the items delivered but which may  
9 not actually belong to Data Sales. Path should also be ordered to immediately itemize and  
10 disclose the location of all of Data Sales' product.

11 This Application is supported by the Verified Complaint on file in this action, and  
12 the Affidavit of Robert Breckner ("Breckner Aff.") which is attached hereto as **Exhibit 1**.

### 13 **I. INTRODUCTION**

14 Data Sales and Path are both subject to that certain contract know as Master Lease  
15 #3986, dated July 30, 2021 (the "Master Lease"). Pursuant to the Master Lease, Data Sales  
16 has leased 124 pieces of IT infrastructure, primarily computer servers and related  
17 equipment (collectively, the "Product"), to Path in exchange for monthly rent payments.

18 Since late 2024, however, Path has failed to pay rent under the Master Lease.  
19 Despite Data Sales' repeated demands, Path has refused, and continues to refuse, to pay the  
20 outstanding rent. Moreover, Path is in possession of, and despite demand that it do so,  
21 refuses to return the Product to Data Sales. Thus, in accordance with the Master Lease, in  
22 addition to monetary damages, Data Sales is entitled to the immediate return of the Product  
23 to, among other things, mitigate its damages and enforce its contractual rights and remedies.

24 Accordingly, for the following reasons, this Court should grant Data Sales'  
25 Application and issue a writ of replevin ordering Path to immediately surrender possession  
26 of the Product to Data Sales, the Sheriff, or other appropriate law enforcement personnel  
27 so the Product may be safely returned to Data Sales.

1       **II. THE RELEVANT FACTS**

2               **A. THE PARTIES AND THE MASTER LEASE AGREEMENT**

3               Data Sales is a Minnesota corporation based in Burnsville, Minnesota, that is  
4 licensed to do business in Maricopa County, Arizona. Verified Complaint (“VC”), ¶ 2;  
5 Breckner Aff. ¶ 4. Data Sales is an equipment lessor that originates its own lease  
6 transactions and purchases equipment leases and associated schedules from original lessors,  
7 including without limitation, leases for IT infrastructure equipment such as computer  
8 servers. VC ¶ 2; Breckner Aff. ¶ 3.

9               Path is a Delaware corporation based in Scottsdale, Arizona. VC ¶ 3; Breckner Aff.  
10 ¶ 4. Path is engaged in the business of providing its customers with services and  
11 technological assistance aimed at defending and/or mitigating against distributed denial of  
12 service (DDoS) attacks and other malicious forms of cyber-attack. *Id.*

13               On July 30, 2021, Technology Financing Corporation (“TFC”), as lessor, and Path,  
14 as lessee, entered into the Master Lease, pursuant to which Path agreed to lease computer  
15 servers and other items of equipment in accordance with lease schedules to be entered into  
16 between the parties. VC ¶ 10, Ex. A; Breckner Aff. ¶ 4.

17               **B. THE LEASE SCHEDULES**

18               In accordance with the Master Lease, TFC issued 18 lease schedules in which new  
19 items of equipment were added and made subject to the Master Lease and its provisions.  
20 VC ¶ 11; Breckner Aff. ¶ 4.

21               The addition of equipment pursuant to schedules issued under the Master Lease is  
22 memorialized in a series of 18 separate Lease Schedules (collectively, the “Lease  
23 Schedules”). *See* VC ¶¶ 12.a - 12.q, Exs. B - S; Breckner Aff. ¶ 4. The Lease Schedules  
24 incorporate by reference all of the terms, conditions, representations and warranties of the  
25 Master Lease, with the resulting agreement “constitut[ing] a separately enforceable,  
26 complete and independent Lease with respect to the Product described herein.” VC ¶ 14,  
27 Ex. A (Master Lease) at 1.

1 **C. TFC ASSIGNS THE MASTER LEASE TO DATA SALES**

2 TFC executed and delivered to Data Sales an Assignment, pursuant to which TFC  
3 assigned to Data Sales all of TFC’s right, title and interests in and to the Master Lease,  
4 Lease Schedules, and leased personal property and equipment. VC ¶ 15, Exs. B-S; Breckner  
5 Aff. ¶ 4. Path, moreover, expressly consented to each Assignment. VC ¶ 16; Breckner Aff.  
6 ¶ 4. To that end, for each Lease Schedule, Path executed and delivered a Notice and  
7 Acknowledgement pursuant to which it acknowledged and agreed to the Assignment and  
8 agreed to render payment and performance to Data Sales.<sup>1</sup> *Id.*

9 **D. RELEVANT PROVISIONS OF THE LEASE DOCUMENTS**

10 Under the Lease Documents, Path agreed to lease various items of equipment for the  
11 duration of the applicable term, to make monthly rental payments set forth in the Lease  
12 Schedules, and to pay all applicable taxes and other amounts due and owing (the “Rent”).  
13 VC ¶ 17; Breckner Aff. ¶ 4. The specified initial terms and base rents payable under the  
14 Lease Schedules are as follows:

15 <b>Lease Schedule</b>	<b>Initial Term</b>	<b>Monthly Rental**</b>
16 Schedule 001	36 mos.	\$1,504.94
17 Schedule 002	36 mos.	\$1,736.62
18 Schedule 003	36 mos.	\$2,964.83
19 Schedule 004	36 mos.	\$3,526.84
20 Schedule 005	36 mos.	\$1,763.39
21 Schedule 006	36 mos.	\$1,318.26
22 Schedule 007	36 mos.	\$6,123.79
23 Schedule 008	36 mos.	\$6,775.21
24 Schedule 009	36 mos.	\$6,593.33
25 Schedule 010	36 mos.	\$6,459.02

26  
27 <sup>1</sup> The Master Lease, Lease Schedules, Assignments, Notices of Acknowledgement and  
28 related documents are hereafter together referred to as the “Lease Documents.”

<b>Lease Schedule</b>	<b>Initial Term</b>	<b>Monthly Rental**</b>
Schedule 011	36 mos.	\$1,675.80
Schedule 012	36 mos.	\$ 877.40
Schedule 013	36 mos.	\$8,424.35
Schedule 014	36 mos.	\$6,409.68
Schedule 015	36 mos.	\$3,516.64
Schedule 016	36 mos.	\$2,012.42
Schedule 017	36 mos.	\$1,848.95
Schedule 018	36 mos.	\$1,274.79
<p>**In addition to monthly rental payments, Path is also responsible for the payment of all taxes to the Product covered by the Lease Schedules. <i>See</i> Exs. A-S.</p>		

13 VC ¶ 18, Exs. A-S; Breckner Aff. ¶ 4.

14 Under the Master Lease, Path’s payment and other obligations as lessee continue for  
15 the initial term and “renew automatically thereafter until terminated by either party upon  
16 not less than ninety (90) days prior written notice.” VC ¶ 19, Ex. A (Master Lease) § 1;  
17 Breckner Aff. ¶ 4.

18 The Master Lease further provides that for each Lease Schedule, at the expiration of  
19 the initial term, the lessee has the option, upon “written notice given at least ninety (90)  
20 days prior to expiration” of the term, and “provided Lessee is not in default under any”  
21 Lease Schedule, to “(a) exercise any purchase option set forth in the [Lease] Schedule, or  
22 (ii) renew the [Lease] Schedule for a mutually agreed upon fixed-term extension period, or  
23 (iii) return the Product to Lessor [Data Sales] at the expiration date of the [Lease] Schedule  
24 pursuant to Section 6 above.” VC ¶ 20, Ex. A (Master Lease) § 9; Breckner Aff. ¶ 4. Section  
25 6, in turn, requires the return of all Product at the end of the term of the Lease Schedule,  
26 and it requires the payment of Rent until that occurs. VC ¶ 20, Ex. A (Master Lease) § 6;  
27 Breckner Aff. ¶ 4.

28

1 Section 13 of the Master Lease defines events constituting a default to include a  
2 failure “to pay Rent within ten (10) days of due date” or if the “Lessee fails to perform or  
3 observe or breaches any covenant or condition or any representation or warranty . . . and  
4 such failure continues unremitted for a period of ten (10) days after written notice . . . .”  
5 VC ¶ 21, Ex. A (Master Lease) § 13; Breckner Aff. ¶ 4. The Master Lease, however, *does*  
6 *not* require that Data Sales provide Path with written notice of default or a written demand  
7 if the default consists of a failure to pay Rent that is not paid within 10 days from the due  
8 date. VC ¶ 22, Ex. A (Master Lease) § 13; Breckner Aff. ¶ 4.

9 Upon the occurrence of a default under the Master Lease and Lease Schedules, Data  
10 Sales is entitled, as one of its non-exclusive remedies, to accelerate and declare to be  
11 immediately due and payable all past due Rents and all remaining Rents under the Lease  
12 Schedule. VC ¶ 23, Ex. A (Master Lease) § 13; Breckner Aff. ¶ 4.

13 Data Sales additionally has the right, as another of its non-exclusive remedies, to  
14 take immediate possession of the leased Product and/or to “require” Path to “return  
15 immediately all Product leased . . . in accordance with [Master Lease] Section 6” and  
16 additional authorizes Data Sales to “*take immediate possession of and remove the Product.*”  
17 VC ¶ 24, Ex. A (Master Lease) § 13 (emphasis added); Breckner Aff. ¶ 4. Section 13 of  
18 the Master Lease further imposes liability upon Path for “reasonable attorneys’ fees, other  
19 costs and expenses resulting from any default, or the exercise of . . . remedies” by Data  
20 Sales. VC ¶ 25, Ex. A (Master Lease) § 13; Breckner Aff. ¶ 4.

#### 21 **E. PATH’S DEFAULTS**

22 Path is in default under the Master Lease and Lease Schedules for failure to make  
23 regular Rent payments that have become due from and after September 1, 2024, and for  
24 failure to timely pay all applicable taxes. VC ¶ 26; Breckner Aff. ¶ 4. Path is also in default  
25 because, despite demand that it do so, Path has refused to assemble and return the Product  
26 to Data Sales – despite having failed to exercise any one lease end or termination options  
27 otherwise provided for under Section 9 of the Master Lease. VC ¶ 27; Breckner Aff. ¶ 4.  
28

1 On April 15, 2025, Data Sales provided Path with a formal written notice of default  
2 and demanded payment of all past due Rents on or before April 25, 2025. VC ¶ 28, Ex. T;  
3 Breckner Aff. ¶ 4. Path failed to pay the past due Rents. VC ¶ 29; Breckner Aff. ¶ 4. Then,  
4 on May 2, 2025, Data Sales made another written demand upon Path, which without  
5 limitation, demanded full payment and the turnover of all leased Product no later than June  
6 30, 2025. VC ¶ 30, Ex. U; Breckner Aff. ¶ 4.

7 Despite Data Sales' repeated demands, Path has failed pay the amounts past due and  
8 refused to return the Product to Data Sales. VC ¶ 31; Breckner Aff. ¶ 4. Path's nonpayment  
9 and other breaches of covenant constitute events of default entitling Data Sales to exercise  
10 all of its contractual rights and remedies, including without limitation, compelling Path to  
11 "return immediately all Product leased . . . in accordance with [Master Lease] Section 6."  
12 VC ¶ 32, Ex. A (Master Lease), §§ 6, 13; Breckner Aff. ¶ 4.

13 As of October 1, 2025, Path owes Data Sales at least \$1,096,313.34 under the terms  
14 of the Lease Documents. VC ¶ 34, Ex. V; Breckner Aff. ¶ 4. Moreover, Path is in  
15 possession of most all of the Product, all of which is leased subject to immediate seizure  
16 and repossession under the Master Lease. Breckner Aff. ¶ 5-8. The Product consists of  
17 two categories. *Id.* at ¶ 6. One category is the "Arizona Product" – all product that should  
18 be located in Maricopa County, Arizona. *Id.* The other category is the "Remaining  
19 Product" – which should be located outside Arizona. *Id.*

20 Currently, the estimated residual value of the Arizona Product totals \$81,903.39. *Id.*  
21 at ¶ 7. The Arizona Product consists of 124 pieces of equipment that is comprised of,  
22 without limitation, servers and/or workstation processors, data center switches, power  
23 supply units, open ethernet switches, 3U chassis, and rack servers with wall mounts. *Id.*  
24 Currently, the estimated residual value of the Remaining Product totals \$223,741.97. *Id.*  
25 at ¶ 8.

26 **F. TROUBLING FACTS ARISE WARRANTING RENEWAL OF THE APPLICATION**

27 In late August, 2025, Data Sales filed its first application for replevin. The Court  
28

1 set a return hearing. Before that hearing, the parties agreed to vacate the hearing provided  
2 Path delivered to Data Sales a portion of its Product. The Court, at the parties request,  
3 entered an Order requiring Path to do so.

4       Implicit in Path's agreement to return a portion of the Product to Data Sales is that  
5 the returned Product *actually belongs to Data Sales*, or at least is not subject to third-party  
6 claims. It turns out, that may not be the case. Only a small portion of that Product actually  
7 belongs to Data Sales. As for the rest, it is impossible to tell who owns the items delivered,  
8 and there appear to be perfected UCC liens on Path's assets. This means that Path may not  
9 have returned to Data Sales *its* Product, and in fact, Data Sales may now be in possession  
10 of items belonging to others. This exposes Data Sales to liability and actually places it in  
11 a *worse* place than when it commenced this action. Now, more than ever, Data Sales is  
12 concerned that its Product has been squandered.

13       Also troubling is that since filing this action, third-parties have warned Data Sales  
14 that its Product may have been converted, that Path is essentially insolvent, and it may be  
15 shifting assets to hinder, delay, or defraud creditors. One third-party warned that:

16       ... the hardware you referenced in your filing does not appear to be located at  
17 the addresses listed. Much of this equipment has been shipped to other  
18 facilities in Chicago, Dallas, Miami, Europe, and Asia.

19       Additionally, several months ago PhoenixNAP and other datacenters  
20 terminated Path's access due to unpaid bills. At least in the case of  
21 PhoenixNAP, customers are still waiting for their data. It is therefore highly  
22 likely that PhoenixNAP continues to hold certain hardware, for example, the  
23 40x Supermicro 3U 24-Bay 3.5" servers originally located there. You might  
24 get lucky here.

25       It is also important to note that the hardware delivered to 2525 E Camelback  
26 Rd is no longer at that site. Path was evicted from their office at this address,  
27 and the equipment was already shipped from there to various datacenters  
28 globally.

...

Based on Path Network Inc. getting kicked out of various datacenters, being  
removed from various transit/network providers, internet exchanges, and  
getting sued for a €250k office rent arrears, it looks strongly like they are in  
deep financial trouble. I therefore hope that you find a way to get your client's  
money or equipment back. ....

27 **Exhibit 2** (Aug. 16, 2025 E-Mail from Leifiur). Another third-party contacted Data Sales,  
28

1 and stated:

2 I have received some new information regarding Path, which I have also sent  
3 to Marie at DataSales, but I felt it was appropriate to also send this to you as it  
4 does appear to be true and means time here is truly of the essence.

4 Quoted Email:

5 """"

6 Just an update, I cannot confirm nor deny this but I have been informed that  
7 "Marshal Webb has began to move his assets and focus to Sonar" and that  
8 "Path is defunct and any clients they want to keep will be moved to Sonar".

8 "He appears to defaulting all loans, liquidating equipment and doing  
9 everything by the book to make it seem like Path cannot recover from  
10 bankruptcy. He is then leveraging this to help Sonar not experience bank  
11 discrimination."

11 """" ....

12 **Exhibit 3** (Sept. 13, 2025 E-Mail from Prawpath).

13 Data Sales has also discovered that Path is the sole member and manager of another  
14 company called Tempest Hosting, LLC ("Tempest"). See **Exhibit 4** (Arizona Sec. of State  
15 Report). A UCC Financing Statement purportedly reflecting a third-party's security  
16 interest in "all business assets of the debtor" has been recorded against Tempest. See  
17 **Exhibit 5** (UCC Statement). The foregoing third-party warnings and notifications alleging  
18 Path converted and is co-mingling assets among its affiliates, combined with the fact that  
19 Path is Tempest's sole member and manager, causes Data Sales concern that some of the  
20 items recently delivered to Data Sales may well be subject to that UCC Statement.

21 All of these things are disturbing to Data Sales. If Path is diverting its assets and  
22 defaulting on indebtedness to favor insiders or affiliates, and if Path is squandering Data  
23 Sale's Product, then Data Sales cannot sit idly. It must take action and mitigate its damages.  
24 Accordingly, Data Sales is compelled to again seek Replevin and ask this Court to compel  
25 Path to account for the Product.

26 **III. DATA SALES IS ENTITLED TO THE PROVISIONAL REMEDY OF**  
27 **REPLEVEN**

1           **A.     PROVISIONAL REMEDY STANDARD**

2           Arizona law permits a plaintiff to obtain the return of property through the remedy  
3 of replevin. *See* A.R.S. § 12-1301 *et seq.* “A party may at any time after the filing of a  
4 civil action, make application, under oath, to the court to issue any provisional remedy  
5 allowed by law.” A.R.S. § 12-2404(A). “Such application shall be filed with the [Court] ...  
6 and shall set forth the factual and legal basis for each provisional remedy  
7 sought.” A.R.S. § 12-2404(B). Upon the filing of an application, a notice is issued to any  
8 party against whom any provisional remedy would operate. *Id.* §§ 12-2405; -2406. That  
9 party may request a hearing. *Id.* §§ 12-2405; -2407.

10           **B.     DATA SALES IS ENTITLED TO THE IMMEDIATE REPLEVIN OF THE**  
11           **PRODUCT – WITH OR WITHOUT NOTICE**

12           The Court may grant a provisional remedy if: (1) the party against whom the remedy  
13 will be enforced is served with the application and notice; (2) the statutory requirements for  
14 the issuance of the provisional remedy are met; and (3) the applicant shows its claim or  
15 claims are probably valid. *CNA Nat’l Warranty Corp. v. RHN Inc.*, No. CV-19-04516-  
16 PHX-DLR, 2019 WL 3282095, at \*1 (D. Ariz. July 19, 2019) (citing A.R.S. §§ § 12-2403  
17 and 12-2410).

18           For a provisional remedy *without* notice, the applicant must provide an affidavit that  
19 establishes with “particularity” and to the “court’s satisfaction” (1) sufficient facts  
20 supporting the party’s claim,” (2) “one of the requirements” of A.R.S. § 12-2402(A) has  
21 been met, and (3) the applicant will file such other pleadings or affidavits as are required  
22 by law as a prerequisite to the issuance of any provisional remedy sought. A.R.S. § 12-  
23 2402(B).

24           For a provisional remedy *with* notice, the applicant must establish (1) all statutory  
25 requirements for the issuance of the provisional remedy have been met, (2) an application  
26 and notice has been filed with the court and a copy has been served on the party against  
27 whom any remedy will operate, and (3) that party has been afforded an opportunity for a  
28

1 hearing. A.R.S. § 12-2403.

2 Data Sales satisfies each factor necessary for the issuance an immediate writ for  
3 replevin of the Product – whether with or without notice. Moreover, in addition to the usual  
4 factors, equity also warrants relief.

5 **1. REQUIREMENT 1: Data Sales will have properly filed, and served**  
6 **Path with copies of, the Application and will provide Path notice**

7 An application and notice for issuance of any provisional remedy must be filed with  
8 the clerk of the court and a copy must be served on the party against whom any remedy will  
9 operate. A.R.S. § 12-2403(2).

10 Data Sales will file its Application with the Court, and seeks entry of an Order to  
11 Show Cause directing Path to appear and show cause why the relief requested should not  
12 issue in the event the Court believes a provisional remedy without notice is unwarranted.  
13 Either way, after filing the Application, Data Sales will arrange to deliver Path with the  
14 Application and notice by e-mailing copies to their legal counsel of record in this action,  
15 and arranging for personal service. Any Order to Show Cause will be similarly served.

16 Therefore, Data Sales will satisfy the application, notice, and service requirement.

17 **2. REQUIREMENT 2: Data Sales has satisfied all statutory requirements**  
18 **required for a provisional remedy with or without notice**

19 First, Data Sales has provided sufficient facts to support its claim. *See generally*  
20 *Breckner Aff.; AC*. For example:

- 21 i. Data Sales and Path are both subject to the Master Lease wherein Data Sales  
22 leased the Product to Path, (AC ¶¶ 10-11, Ex. A);
- 23 ii. From July 30, 2021 through January 12, 2023, TFC and Path entered into Lease  
24 Schedules governing the leasing of Product, and TCF assigned to Data Sales  
25 all of the ownership interest in the Product and associated rights under the  
26 Master Lease and Lease Schedules, and Data Sales separately perfected  
27 protective security interests in the Product by filing UCC financing statements,  
28 (AC ¶ 12, Exs. B-S);
- iii. The Lease Schedules are subject to the Master Lease, which upon default by  
Path, requires it “to return immediately all Product under such Schedule” to  
Data Sales, and/or allows Data Sales to “take immediate possession of and  
remove the Product,” (AC, Ex. A, § 13);

- 1 iv. Path is in default under the Master Lease and Lease Schedules for failure to  
2 pay Rent and return the Product, (AC ¶¶ 26-27), despite Data Sales formal  
written notices and requests, (AC ¶¶ 28-32, Exs. U-R);
- 3 v. Path owes Data Sales at least \$1,096,313.34 under the terms of the Lease  
4 Documents, (AC ¶ 34, Ex. V); and
- 5 vi. Path possesses or has control over the Property, which for purposes of this  
6 Application, consists of (a) The Arizona Product, which is 124 pieces of IT  
7 equipment with a worth and/or cost of approximately \$81,903.39, and (b) the  
Remaining Product, which is also IT equipment, with a worth and/or cost of  
approximately \$223,741.97 (Breckner Aff. ¶¶ 5-8, Exs. 1-2).

8 Second, as for a provisional remedy *without* notice, Data Sales satisfies A.R.S. § 12-  
9 2402(A). Again, a Court may issue a provisional remedy when the applicant: (1) is “the  
10 owner or lessor or otherwise lawfully entitled to the possession of the property claimed;”  
11 (2) has satisfied the requirements of A.R.S. § 12-1301 and 12-1303; and (3) is “seeking a  
12 provisional remedy in the nature of replevin, except that a provisional remedy under this  
13 section may not be obtained to enforce a security interest in consumer goods which is not  
14 a purchase money security interest.” A.R.S. § 12-2402(A)(2).

15 As to factor 1, Data Sales is clearly the owner or lessor, and is otherwise lawfully  
16 entitled to the possession of, the Product that Path possesses (or at least Path should know  
17 who does possess Data Sales’ collateral). Breckner Aff. ¶¶ 5-8; *see generally* AC, Exs. A-  
18 S.

19 For factor 2, Data Sales has also satisfied the requirements of A.R.S. § 12-1301.  
20 Section 12-1301 requires that a plaintiff seeking “possession of specific personal property”  
21 submit an affidavit showing: (1) the plaintiff is “the owner of the property claimed,  
22 sufficiently describing it, or is lawfully entitled to its possession,” (2) “the property is  
23 wrongfully detained by the defendant;” and (3) “[t]he actual value of the property and that  
24 it has not been seized under any process, execution, or attachment against the property of  
25 the plaintiff.” Data Sales has satisfied these requirements because its Application, pleading,  
26 and Mr. Breckner’s Affidavit each establish that Data Sales rightfully owns the Product  
27 (Breckner Aff. ¶ 4; *see generally* AC), prove that Path has wrongfully detained the Product  
28

1 (Breckner Aff. ¶¶ 5-8), and establishes that the Product has not been seized under any  
2 process, execution, or attachment against the property of the Data Sales (*id.* ¶ 8). And for  
3 purposes of A.R.S. § 12-1303, Data Sales stands ready, willing, and able to post a replevin  
4 bond and to comply with other bonding requirements as determined by this Court. Breckner  
5 Aff. ¶ 9.

6 With respect to factor 3, Data Sales is seeking a provisional remedy in the nature of  
7 replevin, and the Product is *not* comprised of consumer goods. Breckner Aff. ¶ 5.

8 Third, Data Sales stands ready to file any other pleadings and affidavits that are  
9 required as a prerequisite before the issuance of a provisional remedy. Breckner Aff. ¶ 13.

10 **3. REQUIREMENT 3: Data Sales has established the probable validity**  
11 **of its claims.**

12 This is a straightforward collection matter for non-payment of leases concerning IT  
13 Equipment (mostly computer servers and related devices). Upon Path’s default, the Master  
14 Lease provides Data Sales with the right to “take immediate possession of and remove the  
15 Product.” AC, Ex. A, § 13. Further, Data Sales has retained all of its rights to the Product  
16 and – in an abundance of caution – has additionally filed protective UCC financing  
17 statements. AC, Exs. B-S.

18 Accordingly, Data Sales has established the probable validity of its claims in this  
19 Application, and if Path requests a hearing, Data Sales will further demonstrate its right to  
20 the immediate replevin of the Product. *See* A.R.S. § 12-2140.

21 **4. REQUIREMENT 4: Path will be afforded an opportunity for a hearing**  
22 **if the Court determines that notice is warranted.**

23 This Court may issue a provisional remedy, with notice, if “[t]he party against whom  
24 any provisional remedy is sought has been afforded an opportunity for a hearing or a  
25 hearing has been held as provided in this article.” A.R.S. § 12-2403(3). Through this show  
26 cause application, Data Sales has asked this Court to issue a writ of immediate replevin for  
27 the Product. If the Court believes a writ without notice is unwarranted, then the Court can  
28

1 (and should) set a Show Cause hearing so that Path can be heard. Thus, Path will be given  
2 an opportunity to be heard in the event the Court believes notice is warranted before a writ  
3 is issued.

#### 4 **5. Equity warrants relief.**

5 It is a time-tested tenet of our jurisprudence that one cannot profit from one's  
6 wrongdoing. *See Premier Consulting & Mgmt. Sols., LLC v. Peace Relief Ctr. I*, 257 Ariz.  
7 80, 89, ¶ 35 (App. 2024) (recognizing "Arizona's general policy of the law to bar a party  
8 from benefitting from his own wrong or gaining a windfall." (cleaned up)); *Hanover Am.*  
9 *Ins. Co. v. Tattooed Millionaire Entm't, LLC*, 974 F.3d 767, 790 (6th Cir. 2020) ("It is an  
10 ancient equity maxim that no one should benefit from his own wrongdoing." (cleaned up));  
11 *Pearson v. Target Corp.*, 968 F.3d 827, 831 (7th Cir. 2020) ("It has long been axiomatic  
12 that no person shall profit by his own wrong." (cleaned up)).

13 Path cannot be allowed to avoid replevin on the basis that the Product is either  
14 unlocatable or somehow essential to Path's or its affiliate's business operations. Path owes  
15 Data Sales over \$1 million but has refused to pay that debt. Path cannot shirk its primary  
16 contractual duty, yet retain the benefit of that contract. Nor can Path secret or transfer the  
17 Product out of state, out of the Country, or to others in order to escape having to account  
18 for or return the Product. The Product should be in Arizona. If it is not, then the Court  
19 should order Path to account for and return any Product outside Arizona to Arizona so that  
20 it can be replevied. Allowing Path to secret any of the Property outside Arizona is simply  
21 unjust, would turn equity on its head, and permits Path to profit from its wrongdoing.  
22 Arizona's strong, deep-rooted public policy to the contrary forbids such a result. This  
23 additional consideration warrants the remedy Data Sales seeks.

#### 24 **IV. CONCLUSION**

25 Pursuant to the Lease Documents, Path is clearly in default for failing to make a  
26 single scheduled payment for nearly a year. Therefore, pursuant to the Master Agreement  
27 and A.R.S. § 12-2401, *et seq.*, Data Sales is entitled the provisional remedy of immediate  
28

1 replevin of the Product located in Maricopa County.

2 As such, Data Sales respectfully requests that the Court grant its Application and  
3 issue a writ of immediate replevin, without notice, ordering (a) the surrender and delivery  
4 of the Product located in Arizona to Data Sales, and (b) an accounting of where Data Sales  
5 remaining Product is located so that Data sales can be certain the Product is accounted for  
6 and those who possess the Product can ensure its return, and requiring Path to facilitate the  
7 return to Arizona of any Product back to Arizona.

8 If, however, this Court believed that notice is required, then Data Sales asks this  
9 Court enter and Order to Show Cause setting a hearing on this Application as soon as  
10 possible.

11 RESPECTFULLY SUBMITTED: October 16, 2025.

**AFFIDAVIT OF ROBERT BRECKNER**

STATE OF MINNESOTA    )  
  ) ss.  
County of Dakota         )

1. I, Robert Breckner, state under oath as follows:

2. I voluntarily and freely make this affidavit based upon my own personal knowledge. I am over the age of twenty-one years, and I am competent to make this affidavit.

3. I am making this affidavit in connection with the *Data Sales Co. v. Path Networks, Inc.*, Case No. CV2025-027770 (the “Lawsuit”), which is pending in the Superior Court of Arizona, Maricopa County. I am the Vice President of Plaintiff Data Sales Co. Inc. (“Data Sales”), and as such, make this affidavit on Data Sales’ behalf in support of its application for Provisional Remedy with Notice Under A.R.S. § 12-2402 (the “Application”). Data Sales is an equipment lessor that originates its own lease transactions and purchases equipment leases and associated schedules from original lessors, including without limitation, leases for IT infrastructure equipment such as computer servers.

4. I incorporate herein all the allegations, accompanying exhibits, and defined terms from Data Sales’ Verified Complaint filed in the Lawsuit on August 6, 2025. I signed a verification swearing and attesting to the allegations in the Verified Complaint.

5. Pursuant to A.R.S. §§ 12-1301, 12-2402 and 12-2404, I am submitting this affidavit to establish, with particularity, sufficient facts to support Data Sales’ claims and that Data Sales is the owner or lessor, and is otherwise lawfully entitled to the possession of, all the leased product identified in the Verified Complaint (the “Product”), wherever situated, that should be, upon information and belief, currently in possession of or controlled by Defendant Path Networks, Inc. (“Path”). Data Sales is seeking a provisional remedy in the nature of replevin. The Product is *not* comprised of consumer goods. Specifically, as explained in the Verified Complaint, Data Sales is entitled to immediate

1 replevin and delivery of the Product as result of Path's default under the Master Lease.

2 6. The Product consists of two categories. One category is the "Arizona  
3 Product" – all product that should be located in Maricopa County, Arizona. The other  
4 category is the "Remaining Product" – which should be located outside Arizona.

5 7. Currently, the estimated residual value of the Arizona Product totals  
6 \$81,903.39. The Arizona Product consists of 124 pieces of equipment that is comprised of,  
7 without limitation, servers and/or workstation processors, data center switches, power  
8 supply units, open ethernet switches, 3U chassis, and rack servers with wall mounts. A  
9 summary of the Arizona Product, including without limitation, a description of its location,  
10 S/N number, product type and/or model, and cost, is attached hereto as **Exhibit 1**.

11 8. Currently, the estimated residual value of the Remaining Product, which is  
12 also IT product, totals \$223,741.97. A summary of the Remaining Product, including  
13 without limitation, a description of its location, S/N number, product type and/or model,  
14 and cost, is attached hereto as **Exhibit 2**.

15 9. Based on Path's default under the Lease Documents and failure to pay or  
16 otherwise return the Product, Path has wrongfully detained the Product. The Lease  
17 Documents, moreover, require Path to keep the Product at a specific location and to not  
18 move the Product without Data Sales' consent. Path, however, has removed all of the  
19 Product from that location without Data Sales' consent.

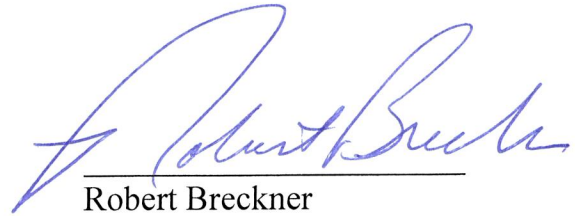

20 10. The Product has not been seized under any process, execution, or  
21 attachment against the property of Data Sales.

22 11. Pursuant to A.R.S. §§ 12-1303, Data Sales stands ready, willing, and able  
23 to post a replevin bond in an amount equal to double the value of the Product and to comply  
24 with other bonding requirements as determined by this Court.

25 12. Data Sales shall arrange for Path to be served with a copy of Data Sales'  
26 Application submissions and notice regarding the same.

27 13. Data Sales shall file any other pleadings or affidavits as required by law  
28 as a prerequisite to the issuance of any provisional remedy related to the Product.

1           14.       Based on the above, Data Sales respectfully asks that the Court order, and  
2 issue any appropriate writ, to facilitate Data Sales' immediate recovery of possession of the  
3 Product from Path.

**Attachments:** image.png; image.png; image.png; image.png; image.png; image.png; image.png; image.png; image.png

Dear Mr. Morgan,

We have reviewed your recently submitted document titled *“APPLICATION FOR ORDER TO SHOW CAUSE WHY PLAINTIFF SHOULD NOT BE GRANTED THE PROVISIONAL REMEDY OF REPLEVIN.”*

We believe we have information that may support your case. Specifically, the hardware you referenced in your filing does not appear to be located at the addresses listed. Much of this equipment has been shipped to other facilities in Chicago, Dallas, Miami, Europe, and Asia.

Additionally, several months ago PhoenixNAP and other datacenters terminated Path’s access due to unpaid bills. At least in the case of PhoenixNAP, customers are still waiting for their data. It is therefore highly likely that PhoenixNAP continues to hold certain hardware, for example, the 40x Supermicro 3U 24-Bay 3.5" servers originally located there. You might get lucky here.

It is also important to note that the hardware delivered to 2525 E Camelback Rd is no longer at that site. Path was evicted from their office at this address, and the equipment was already shipped from there to various datacenters globally.

For your reference, we have attached photographs shared by Path/Tempest employees documenting their server “migration” after being kicked out from various datacenter locations, including London, Chicago, Miami, LA, Singapore, Tokyo, Sydney, Phoenix, and Dallas. Also including some official "statements" from their CEO en COO.

<https://status.path.net/incidents/cdb7c6x9n8yb>

<https://www.superiorcourt.maricopa.gov/docket/CivilCourtCases/caseInfo.asp?caseNumber=CV2024-029974>

The list of Path's datacenter locations can be found on: <https://www.peeringdb.com/net/19028> (Interconnection Facilities). However please note that some of it might be outdated due to the recent datacenter migrations.

Based on Path Network Inc. getting kicked out of various datacenters, being removed from various transit/network providers, internet exchanges, and getting sued for a €250k office rent arrears, it looks strongly like they are in deep financial trouble. I therefore hope that you find a way to get your client's money or equipment back.

We hope this information proves helpful to your case. If you need anymore information that I might be able to provide let me know.

Best Regards,

**Update** - Tokyo should be returning to full status in the coming days.

Feb 24, 2025 - 18:37 UTC

**Identified** - Tokyo is currently being migrated, we are awaiting our transit provider to run their connection and we will return to full capacity.

Feb 12, 2025 - 17:11 UTC

**Update** - More information will be announced as it becomes available.

Feb 01, 2025 - 03:02 UTC

**Investigating** - We are currently investigating an issue with our Tokyo Point of Presence.

We will provide more updates as they come through.

Jan 21, 2025 - 07:58 UTC

Kyan  8:20 PM

Phoenix will be turned up shortly for Path which means increased capacity for ddos attacks and better connectivity on the west coast. We continue to do our best to bring Tempest Phoenix back online.

New York is still in progress, either way we will have a backup plan in place for next time whichever gets built out or fixed first will be deployed as soon as possible for you guys to get back to your servers. I apologize for the delay.

Singapore will be returning extremely soon followed shortly by Tokyo.

1

Kyan  2/14/2025 8:41 PM

We couldn't come to negotiations with Equinix that worked for both sides, they were abusing their relationship with us and we decided despite the downtime it'd be far better in the long-term to do this.

Otherwise it would of caused issues for another 36 months which is just not worth it.

Kyan  2/21/2025 2:35 PM

@everyone

I appreciate everyone's incredible patience during our datacenter migrations. I personally do not believe many companies could of planned, prepared, and executed upon as many migrations as Tempest has in the timespan we did. An extreme thankfulness to @James , @Smish , @Sean for their outstanding dedication not only handling the discord and support line but also being hands on in locations with little notice.

Our remaining sites to migrate are Singapore, Tokyo, and Phoenix. These are planned during this month and will continue to improve the stability of the network as well as our current upgrades across the globe with our transit providers. Drops and any further issues will continue to become more and more rare as these upgrades and migrations complete.

To show our gratitude we are offering anyone that reaches out in the next 30 days when their invoice is due, 15% off that invoice no strings attached for the continued support of Tempest. Please simply open a ticket when the invoice is created.

InternetPacketPusher  1/30/2025 12:10 PM

@everyone We've been in negotiations with one of our primary DC's, we're likely going to do a site migration as they're not working with us on pricing / service related issues and are playing hard ball right now. The **recent outages and lack of communication have made us reconsider working with them at all**, and our current plan is to perform a move over the coming week to new regional datacenters.

**For Path clients:**

This will generally not have as much of an affect while things are moved, aside from an increase in latency in some locations.

**For Tempest clients:**

Some PoPs will be disrupted while the migration takes place. We'll share timelines for each one, as well as notify when they're resolved.

While **we have been planning this for some time** as part of the upgrades we expected to make this year, **the timeline has been moved forward by recent events**. This transition is taking place with the assistance of @Kyan and @James, and we're available for questions during the move.

**@Death** So london will also be going offline?

**InternetPacketPusher** ⚡ **PATH** 🌀 Today at 21:17

There will be a migration for London next-week, we'll share the timeline when we have it.

It was an honor to be part of **Path Network, Inc** latest deployment project in Frankfurt!

I had the opportunity to contribute by assisting with racking, stacking, and setting up network connections on their equipment.

Seeing firsthand how these upgrades will enhance scalability, reliability, and performance for global users was truly a great experience.

Looking forward to more exciting projects in the future!

**Subject:** Path Network vs DataSales

Hi there,

I previously emailed you with some information surrounding Path which you redirected to DataSales.

I have received some new information regarding Path, which I have also sent to Marie at DataSales, but I felt it was appropriate to also send this to you as it does appear to be true and means time here is truly of the essence.

Quoted Email:

""""

Just an update, I cannot confirm nor deny this but I have been informed that "Marshal Webb has began to move his assets and focus to Sonar" and that "Path is defunct and any clients they want to keep will be moved to Sonar".

"He appears to defaulting all loans, liquidating equipment and doing everything by the book to make it seem like Path cannot recover from bankruptcy. He is then leveraging this to help Sonar not experience bank discrimination."

""""

Best regards,  
Praw

*Attorneys for Plaintiff*

**IN THE SUPERIOR COURT OF THE STATE OF ARIZONA  
IN AND FOR THE COUNTY OF MARICOPA**

Data Sales Co. Inc., a Minnesota  
corporation,

Plaintiff,

v.

Path Networks, Inc., a Delaware  
corporation,

Defendant.

Case No. CV2025-027770

**ORDER GRANTING RENEWED  
APPLICATION FOR PROVISIONAL  
REMEDY OF REPLEVIN / WRIT OF  
REPLEVIN**

The Court has considered Plaintiff's Renewed Application For An Order To Show Cause Why Plaintiff Should Not Be Granted The Provisional Remedy Of Replevin With Notice Pursuant to A.R.S. § 12-2402 (the "Application"), the record in this action, and the arguments made to the Court.

Based on the foregoing, **THE COURT FINDS:**

1. The Application concerns that certain property more particularly described in **Exhibit 1**, attached hereto, the content of which is incorporated herein by reference (collectively, the "Product").

2. The parties are bound by a contract known as the Master Lease (a copy of which is attached to the Verified Complaint as Exhibit A), together with all amendments, addenda, exhibits and other supplements related to the Master Lease.

3. Plaintiff is the owner of, or is otherwise lawfully entitled to possession of, the Product.

4. The Product is not consumer goods.

1           5.           Plaintiff has made a demand upon Defendant to return all of the Product to  
2 Plaintiff, but Defendant has refused to do so. Thus, Defendant has wrongfully detained the  
3 Product.

4           6.           The Product has not been seized under any process, execution, or  
5 attachment against Plaintiff's property.

6           7.           The Product is valued at \$81,903.39.

7           8.           Defendant may have misappropriated or removed, or assisted another with  
8 misappropriating and removing, the Product from Arizona and relocated it elsewhere either  
9 within or outside the United States.

10          Based on the foregoing findings, and good cause appearing for the relief requested  
11 in the Application,

12                **IT IS HEREBY ORDERED** granting the Application.

13                **IT IS FURTHER ORDERED** that Defendant shall, at its own cost and expense,  
14 within 2 business days from the date of the entry of this Order, provide Plaintiff and its  
15 legal counsel with a list indicating where the Product is located (the "List"). The List shall  
16 reflect the specific Product, the physical address where the Product is located, and the name,  
17 e-mail address, and telephone number for an individual *at the location* who will be  
18 responsible for ensuring compliance with this Order.

19                **IT IS FURTHER ORDERED** that Defendant shall, at its own cost and expense,  
20 within 7 business days from the date of the entry of this Order, take all necessary steps to  
21 disassemble, deinstall, protect, package, remove, ship, and cause the Product to be delivered  
22 to a place located in the United States of America of Plaintiff's designation and in a  
23 condition as required by the Master Lease.

24                **IT IS FURTHER ORDERED** that Defendant shall in accordance with the Master  
25 Lease, at Defendant's own cost and expense, within 7 business days from the date of the  
26 entry of this Order, provide Plaintiff with a letter from the manufacturer certifying that the  
27 Product is in good operating condition and is eligible for continued maintenance, and that  
28

1 the operating system is at the then current level, unless the Product is under a  
2 manufacturer's service contract.

3 **IT IS FURTHER ORDERED** that Defendant shall, at its own expense, arrange to  
4 pick up from Plaintiff any items delivered to Plaintiff pursuant to this Court's prior Order  
5 that cannot be definitively proven to belong to Plaintiff and free from any liens or  
6 encumbrances. For purposes of this provision, the phrase "definitively proven" means such  
7 evidence Plaintiff, in its sole discretion, considers sufficient to satisfy Plaintiff that it can  
8 take possession of any item without fear of recourse from or liability to anyone.

9 **IT IS FURTHER ORDERED** that, if for any reason Defendant shall fail to timely  
10 abide by this Order, then the Sheriff of Maricopa County, Arizona – or any other county in  
11 which the above-described collateral may be located – is hereby ordered to take possession  
12 of and deliver over to Plaintiff possession of the Property, and make return of this Order  
13 showing how and when the Sheriff executed the same.

14 **IT IS FURTHER ORDERED** that, if for any reason Defendant shall fail to timely  
15 abide by this Order, then it or its employees or agents who cause such non-compliance may  
16 be held in contempt of this Court or sanctioned.

17 **IT IS FURTHER ORDERED** that Plaintiff shall post a bond in this action in the  
18 amount of \$\_\_\_\_\_.

19 **IT IS FURTHER ORDERED** that this Order is binding on Defendant, its officers,  
20 directors, employees, agents, parents, subsidiaries, affiliates, members, managers, and  
21 anyone who may be authorized to act on Defendants' behalf.

22 Dated \_\_\_\_\_
