### What you should know about Marriage & Divorce:

- **Intelius finds relationship details when other sites can't.**

Intelius uses exclusive data conflation technology to identify people and how they are connected. Our Relationship Analysis can reveal possible relationships, even when official records aren't available.

- **Records are not provided by every state and county.**

Marriage and divorce records are provided online for California, Colorado, Connecticut, Florida, Kentucky, Maine, Minnesota, Nevada, Ohio, Texas, and Utah. Digital access is restricted in other states. We also search available civil court records for divorce judgments, which may include records from additional states.

- **Your report includes the most comprehensive online results possible.**

We search not only for records that match the name and state that you specified, but for records with that name in every other state in which that person has had an address (according to available public records).
