

## Dream preyed on a 16-year-old fan

*Proving Jamie's authenticity*

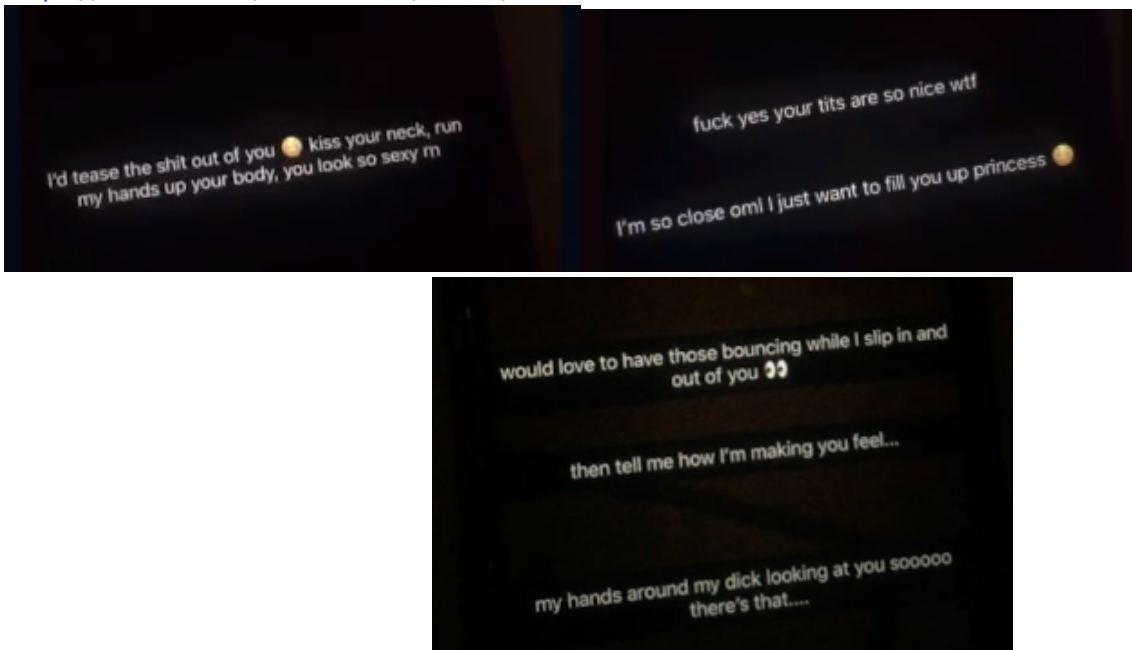

The Twitter account “Burner 22” recently provided a screenshot of a Twitter DM conversation between them and someone by the name of “Jamie” (@LUVSKIRI) which took place on August 31st, 2019:

<https://twitter.com/b88221141/status/1725885423539372467>

<https://twitter.com/b88221141/status/1726011118022279477>

During the conversation, Jamie sent them a video of a Snapchat user going by the name of “Dream Dream” sending her a video of him sexually moaning into his phone’s microphone, paired with text talking about how “sexy” she looked and how he wanted to “fill her up”, among other things:

<https://twitter.com/b88221141/status/1726630067592458286>

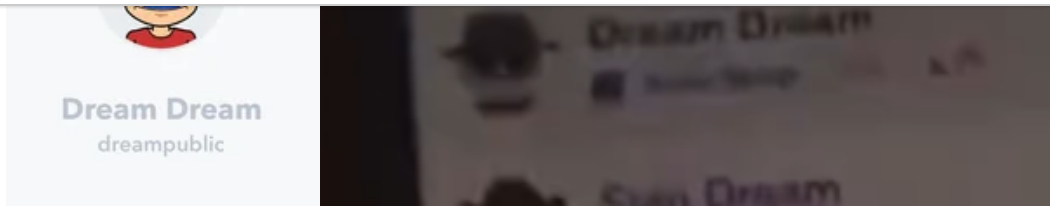

It can be clearly inferred from these messages that they exchanged suggestive or explicit photos.

The video was filmed with a separate camera recording her phone screen, meaning it’s extraordinarily hard to fake — especially in 2019.

The username and avatar of this account seem to match Dream’s public Snapchat account as of 2 years ago, judging by a screenshot provided in this Reddit post:

[https://www.reddit.com/r/DreamWasTaken2/comments/nmq0ye/dream\\_on\\_snapchat/](https://www.reddit.com/r/DreamWasTaken2/comments/nmq0ye/dream_on_snapchat/)

Additionally, Dream had his Snapchat in his bio as early as August 3rd, 2019:

<https://web.archive.org/web/20190803204811/https://twitter.com/DreamWasTaken/status/1157755062720049153>

```
n", "description": "thx for 57k subs \u2661 snap: publicdream 1
```

Dream was 20 years old. Burner 22 claimed that Jamie was 16/17 years old.

Despite all this, we're still lacking hard evidence. Jamie could have been over 18; Dream could have been unaware of her age; the video could have been from someone else.

The following disproves all of that beyond a reasonable doubt.

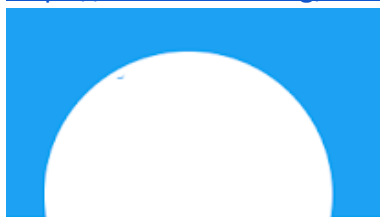

## Jamie's tweets

Jamie's Twitter account was made private recently due to harassment from both sides, and everyone should try to respect that and make no attempt to contact her. Using the Wayback Machine, however, 3,500 tweets can be found under Jamie's account, saved from March 7th, 2020 to May 11th, 2020:

[https://web.archive.org/web/\\*/https://twitter.com/LUVSKIRI/](https://web.archive.org/web/*/https://twitter.com/LUVSKIRI/)

These tweets are pretty far removed from the day Jamie sent the recording to whoever is running Burner 22, and there don't seem to be any tweets referring to Dream. What these tweets do confirm, though, is that Jamie was 17 years old as of April 30th, 2020, and did in fact have her age in her bio by that point — confirming Burner 22's claim:

<https://web.archive.org/web/20200430012411/https://twitter.com/LUVSKIRI/status/1252706444354486274>

This page also confirms her Twitter user ID to be 1032689685078986752:

```
data-screen-name="LUVSKIRI" data-name="Jamie" data-user-id="1032689685078986752"
```

## ← DREAM DID THIS

The earliest archived tweet was made shortly after she changed her username, revealing her previous username to be @Swoofy:

<https://web.archive.org/web/20200307233502/https://twitter.com/LUVSKIRI/status/1236419838282805248>

Once again using the Wayback Machine, we can find that 6,691 tweets were archived from this account, with 3,859 dating from August 23rd, 2019 to March 7th, 2020 — cutting off exactly when archives from @LUVSKIRI began:

[https://web.archive.org/web/\\*/https://twitter.com/swoofy/status/\\*](https://web.archive.org/web/*/https://twitter.com/swoofy/status/*)

For further hard evidence: when looking at any given tweet — the one linked below for example — we can see that the user ID of the account matches the one of @LUVSKIRI:

<https://web.archive.org/web/20190913055754/https://twitter.com/Swoofy/status/1167866014232543238>

```
data-user-id="2832689685879386753" data-screen-name="Swoofy" data-name="jamie🍷 ( baguettes )"
```

The tweet above also gives us a CuriousCat link with the username “tropicalcalic”, which can be traced back to a Twitter account with the username “tropicalcalico” with 67 archived tweets dating from November 9th, 2018 to August 22nd, 2019, right when tweets from @Swoofy started to be saved:

[https://web.archive.org/web/\\*/twitter.com/tropicalcalico/status/\\*](https://web.archive.org/web/*/twitter.com/tropicalcalico/status/*)

And once again, the user ID of this account matches the one of both @LUVSKIRI and @Swoofy, confirming that they are all the same account:

```
,"id_str": "2832689685879386753", "name": "jamie\u2764\u2764\u2764\u2764", "screen_name": "tropicalcalico",
```

## Jamie’s age

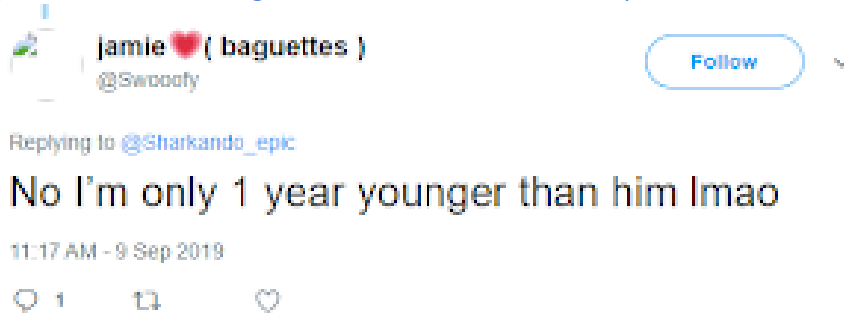

Looking through the archived tweets, we can find a shoddily archived post from August 9th, 2019, publicly stating that she is a year away from being a legal adult:

<https://web.archive.org/web/20190809145112/https://twitter.com/tropicalcalico/status/1159839552116150272>

## ← DREAM DID THIS

here, Jamie mentions how she is 1 year younger than whoever is the subject of the initial tweet in the conversation:

<https://web.archive.org/web/20190925070418/https://twitter.com/Swoofy/status/1171125596023341073>

Though the initial tweet was deleted, we can still grab the conversation ID:

`data-conversation-id="1171064779617767436"`

Using this, we can confirm other replies and infer that it was a suggestive (with comedic intent) edit of A6D: [Reply 1](#) (pictured), [reply 2](#), [reply 3](#), [reply 4](#), [reply 5](#), [reply 6](#), [reply 7](#), [reply 8](#) (pictured)

A6D was born on August 3rd, 2001, making him just over 18 years old at the time of the tweet. This makes this tweet a public statement that she is 16/17 years old.

To fully determine her age, a tweet from October 26th, 2020 reveals that she would turn 18 on December 1st of the same year, making her 16 years old when the messages allegedly took place.

There is no known post where she said she was any older.

At no point did she attempt to conceal her age.

## Jamie's connection to Dream

By mid-2021, Jamie was a regular in Minecraft YouTube Twitter (MCYTTWT). She seemed to be heavily invested in The Trio (Skeppy, BadBoyHalo, and A6D) at the time, given how she partially themed her profile around them for months:

<https://web.archive.org/web/20190805023415/https://twitter.com/tropicalcalico/status/1158204541113970688> (ping spoofing is a Skeppy meme)

<https://web.archive.org/web/20190815094806/https://twitter.com/tropicalcalico/status/1161937601726754816> (BadBoyHalo heavily themes himself around muffins)

```
"name": "jamie\u201c\u201d (\u201c\u201d), "screen_name": "tropicalcalico", "location": "Muffin time",
```

<https://web.archive.org/web/20190903101958/https://twitter.com/Swoofy/status/1168830990686523392> (A6D is French)

```
"name": "jamie\u201c\u201d (\u201c\u201d), "screen_name": "Swoofy", "location": "like or die tmr",
```

<https://web.archive.org/web/20190909170801/https://twitter.com/Swoofy/status/1167905000913195008> (Skeppy frequently ended his videos with the tagline "like or die tmr")

She also engaged with shipping culture, ie. SkepHalo:

<https://web.archive.org/web/20190813115216/https://twitter.com/tropicalcalico/status/1161244073539379200>

:"@skeppy @skepthemuffin I totally agree like I ship them too but don't push everything into their faces."

It's well known that Dream has been friends with the 3 of them for years, even before he became a YouTuber himself, and has been heavily integrated with their community since he started out.

On August 22nd, 2019, Jamie's drawing of A6D's cat was retweeted by him. This is the first known instance of a mutual interaction between Jamie and a major creator in the space:

This interaction can be confirmed with the fact that @DreamWasTaken is not a private account, and that Dream has deleted all of his posts up until May 2020.

Jamie has commented several times on things she “loves” about Dream. This is common in stan culture: <https://web.archive.org/web/20190917155355/https://twitter.com/Swoofy/status/1173962384869941250>

Additionally, this tweet confirms that Dream still followed her for at least a year and a half after the fact: <https://web.archive.org/web/20201216072614/https://twitter.com/Swoofy/status/1339109524821733378>

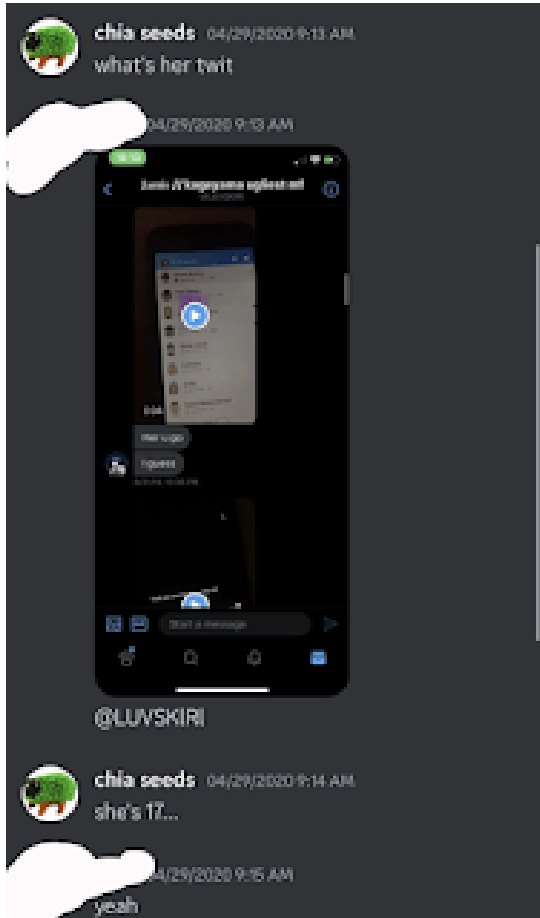

If Dream did explicitly message Jamie, the power imbalance here is worrying on its own.

Up to this point, we have no conclusive reason to believe that the screenshot of the Twitter DM is real. This section aims to prove that with as much certainty as possible.

Firstly, we should confirm that the name in the screenshot lines up with her name at the time, as she changed her name frequently. According to the screenshot of the Discord DM provided by Burner 22, the screenshot was taken on April 29th, 2020:

<https://twitter.com/b88221141/status/1725885423539372467/photo/1>

In an archive of a tweet from April 29th, 2020 — and only on that day — Jamie’s name can be seen as “**Jamie // kageyama ugliest mf**”, which matches the screenshot:

<https://web.archive.org/web/20200429141720/https://twitter.com/LUVSKIRI/status/1255501425834156032>

`"name": "\ud83d\udc09\udc09\ud83d\udc1a\ud83d\udc26\ud83d\udc22\ud83d\udcbe '\u201c kageyama ugliest mf",`

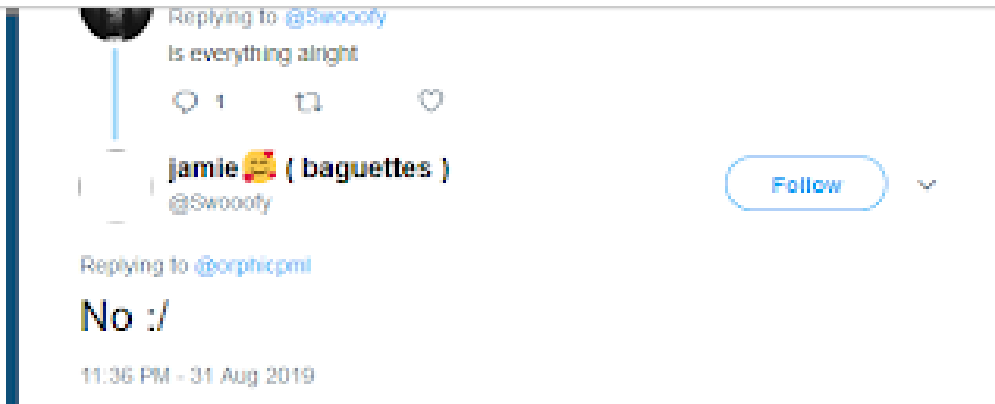

The extremely shoddy archival and obscurity of this page only lends the screenshot more credibility, and makes it even more difficult to fake.

Let it be noted that at around 10 PM on August 31st, 2019 (unknown timezone), Jamie allegedly exchanged explicit Snapchat messages with Dream, and sent the videos to an unknown person.

At 2:35 AM on September 1st, 2019 (EDT), she sent out a concerning deleted tweet, later saying that she wasn’t doing well:

<https://web.archive.org/web/20190913095323/https://twitter.com/Swoofy/status/1168148674846834690>

It should be seriously noted once again that this was posted within mere hours of allegedly exchanging sexual messages and images with Dream, along with sending a portion of said exchange to one of the anonymous

Regardless of how she felt afterward, the concern and timing of the tweets make it clear that she was referring to either Dream messaging her, or her sending the video. Both of these scenarios undoubtedly mean that she was the one who sent the video.

## The Snapchat account

Though we can conclude beyond a reasonable doubt that Jamie was the one who sent the video, there is still the small possibility that she was somehow tricked into sending a video provided by someone else, and not one from her own phone. This section aims to prove that she owned the account, and that she was the one that Dream knowingly exchanged messages with.

First of all, this tweet proves that she was actively messaging Dream on Snapchat by September 19th, 2019: <https://web.archive.org/web/20190919113620/https://twitter.com/Swoofy/status/1174643215783354368>

Q: How do I choose which friend stars in Bitmoji Stories with me?

A: Your co-star is the latest person you interacted with who has a Bitmoji.

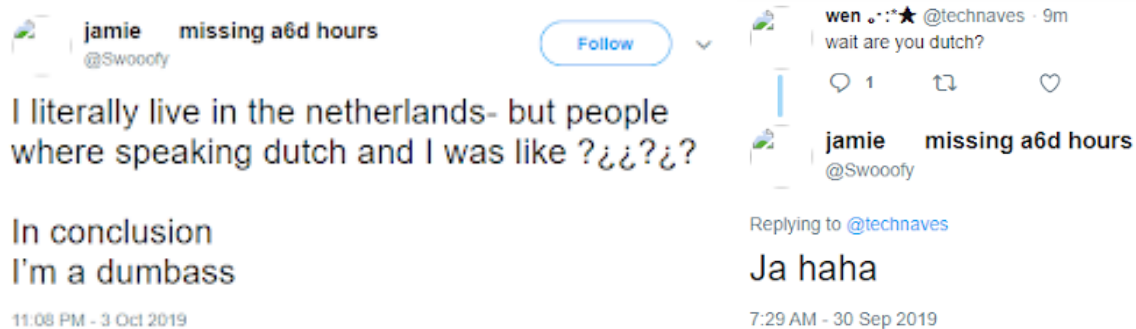

If we are to look at the screen recording taken on August 31st, 2019, we can see a list of traditional Dutch names (namely Cathelijne and the surname Boterenbrood) alongside Dream and “Stan Dream” (likely the person that Jamie replied to in the tweet above):

Jamie has mentioned multiple times that she is Dutch, and lives in the Netherlands:

<https://web.archive.org/web/20191004061937/https://twitter.com/Swoofy/status/1180001848134119424>

<https://web.archive.org/web/20190930143631/https://twitter.com/Swoofy/status/1178678263343980545>

Additionally, the resolution of the phone screen (and lack of a notch) indicates that it's an older iPhone model. She mentioned owning an iPhone 7 in November and an iPhone 6 sometime prior, which lines up fairly well:

For further proof that this account belonged to Jamie, we can look at the profile picture of the account in the recording. Earlier the day the recording took place, Jamie posted an image of her on Twitter, which has a vague though striking similarity to the image on the Snapchat account, especially when given the perspective of the phone:

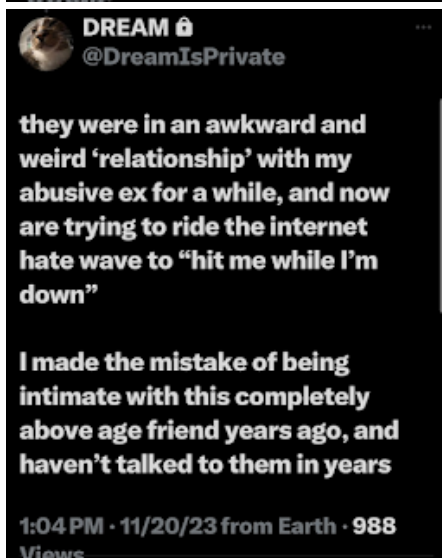

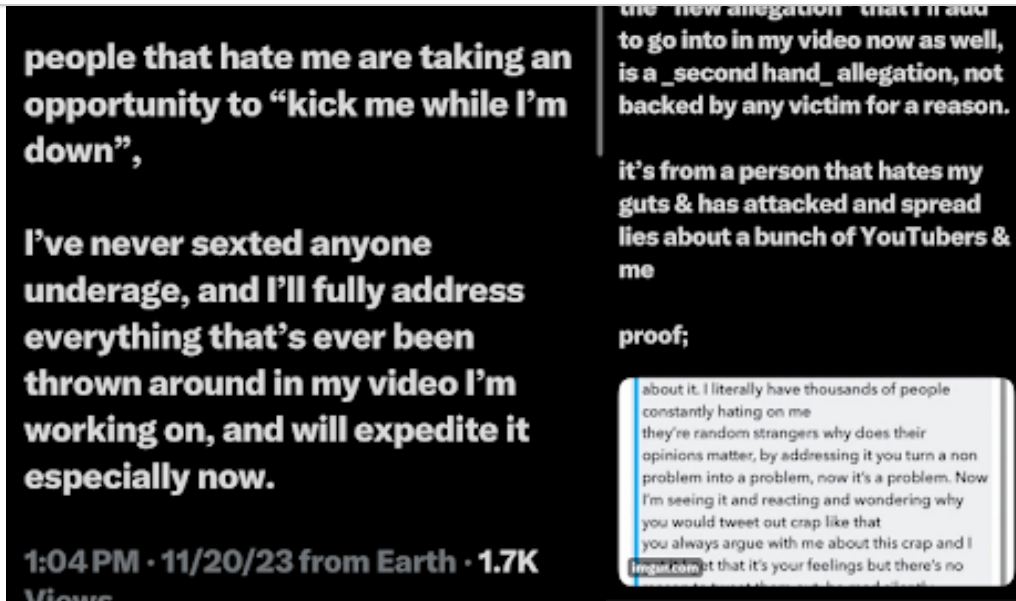

<https://web.archive.org/web/20190911002308/https://twitter.com/Swoofy/status/1167899474057822208>

## Dream's response

Soon after the allegations came out, Dream hastily put out a response on his private account, vehemently denying everything:

[https://twitter.com/DWT\\_UPDATES/status/1726663885850374467](https://twitter.com/DWT_UPDATES/status/1726663885850374467)

Using the evidence gathered in this document, we can point out some inconsistencies:

1. He says that he never sexted anyone underage. It’s safe to say that this is false.
2. He says that the person he sent the videos to was “completely above age”. Not only is this false, but it doubles as a first-hand admission of guilt.

Some other important things to point out about this response are his constant attempts to make himself out to be the victim. He refers to the people behind Burner 22 as nothing more than people who hate him for seemingly no reason — feeding into the “anti” rhetoric. He also implies that a second-hand source for the allegations is only harming the supposed victim, knowing full well that he verifiably preyed on her, and that there was and still is a strong power imbalance in effect.

The next day, Dream put together a short though proper response in preparation for his upcoming video on the subject + numerous other controversies:

## ← DREAM DID THIS

---

Working on a video responding to everything going on, and it's my top priority as it's incredibly serious.

"DREAM DID WHAT"

I was assaulted & lied about by a drunk voice actor I had just met, and then a burner account posted a second hand claim, telling stories for a "victim" that doesn't agree or even know what's going on. This is people's lives, I'm begging you to listen to what I have to say and watch my video when it's out, it's not this weeks joke. It's not just "haha Minecraft YouTuber is a pedo", or "haha cringe speed run guy got beat up by Gumball!" it's incredibly serious and impacts so many lives, my friends, my family, my employees, and all actual victims of abuse, physical & sexual. This is terrible and not "haha dream moan audio just dropped".

In this response, though he doesn't outright deny that he sexted a minor in some form, he clearly states that he is not a pedophile. He also puts quotes around the word "victim" to imply that there truly was no victim in this situation, and once again that she "doesn't agree or even know what's going on," (ignoring the slight contradiction there).

Given that it's been established that he sexually interacted with Jamie, a 16-year-old fan, how he brushes off the incident solely for it being taken from a second-hand source and then tries to bring up "real" cases of sexual abuse to justify his own is disgusting.

That he then goes on to say that he's a victim of "revenge porn" in this situation is such blatant victim blaming that it's almost unbelievable, given the severity of the accusations and evidence levied against him. Anyone in the right mind would share those recordings if they believed that they were sent to a minor.

I find that the most egregious claim, however, is him saying that the situation is "black and white". It's impossible to say that this situation is black and white. How he could simplify and misconstrue it all to make it seem like he's done no wrong, I have no idea, but to do so to any extent is disrespectful and disgusting.

## Conclusion

Dream is a danger to his fans. He is a liar, a predator, and a serial manipulator. It doesn't take much to believe that all that lovey-dovey stuff he spews isn't out of the kindness of his heart.

To his fans: I subscribed to Dream when he only had 4k subscribers. I've watched every video of his since he started out. I was caught up on all the SMP lore for a solid year. I've defended him numerous times in the past. I looked up to his dedication, collaboration, and general expertise. Please understand that he knows what he's doing by creating this "stan" culture. There is no such thing as an "anti". People have clear, defined issues with him — whether you agree or disagree. Please think about what's being presented here.

**Please, share this document wherever you can. Share the [Twitter thread](#) for people who don't want to read all of this. Spread this as far as possible so he has to respond. He can't get away with this anymore.**
