

"Eat, Drink and be Musical"

Most people receive pleasure from listening to music and maybe even singing along to their favourite song on the radio. Singing has been found to be beneficial for health and wellbeing.

It expands our lungs and diaphragm, evokes emotions and enhances our mood.

Redcliffe City Choir was formed in February 1985 by a group of residents with the aim of encouraging and developing fine choral music for the benefit of the community. Its inception at the time was strongly supported by the Redcliffe City Council, and this support continues today through Moreton Bay Region Council. This aim had been achieved over the ensuing years, with the choir gaining a growing reputation for excellence in singing. The choir is non-denominational and was officially incorporated as a not-for-profit community choir in 1987. We are affiliated to the Australian National Choral Association.

Our repertoire is varied and will cater for most musical tastes, ranging from popular light music and show tunes to sacred choral works, operetta, and jazz.

Musical Director - Kylie Moore: Our inspirational Musical Director Kylie has some 20 years of experience. She has a Master of Music Studies and has conducted choral ensembles both in Australia and the UK. She is a passionate advocate for choral music and singing and believes that communal singing in a choir is one of the most rewarding experiences.

Accompanist - James Bovill: Our amazing accompanist James has a Bachelor of Music in Keyboard. He has worked both on and offstage with Redcliffe Musical Theatre. He is also a bass singer for a Rothwell based A cappella ensemble.

President: Brian Fowler: Brian has been singing in choirs for over 35 years.

Details Of Concert

Concert Title: "Eat Drink and be Musical."

The theme for this concert is based on food, drink and singing. Our repertoire reflects this and is light hearted, fun and suitable for all ages. It will be relaxed with cabaret style seating, with the audience sitting at tables instead of the usual rows of chairs.
