

Podawful

Dax beginning his "crafting a friendship" between Marie and I. He would very often say things like this that I would pass over lightly. I was never interested in a three person relationship, but looking back, I can see that this is what he was trying to plant in my head. Just because I cared about Marie doesn't mean I was romantically interested in her. But he would try to frame it like that all the time.

about her after she left. I didn't know if I should but I had to.

Yeah. You guys are nuts. You both love each other more than anything I've ever seen and you fight it so much. She was very happy you sent a message

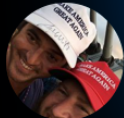

Care to share any of your convo? Or maybe another time if you're too tired from it.

Dax Herrera

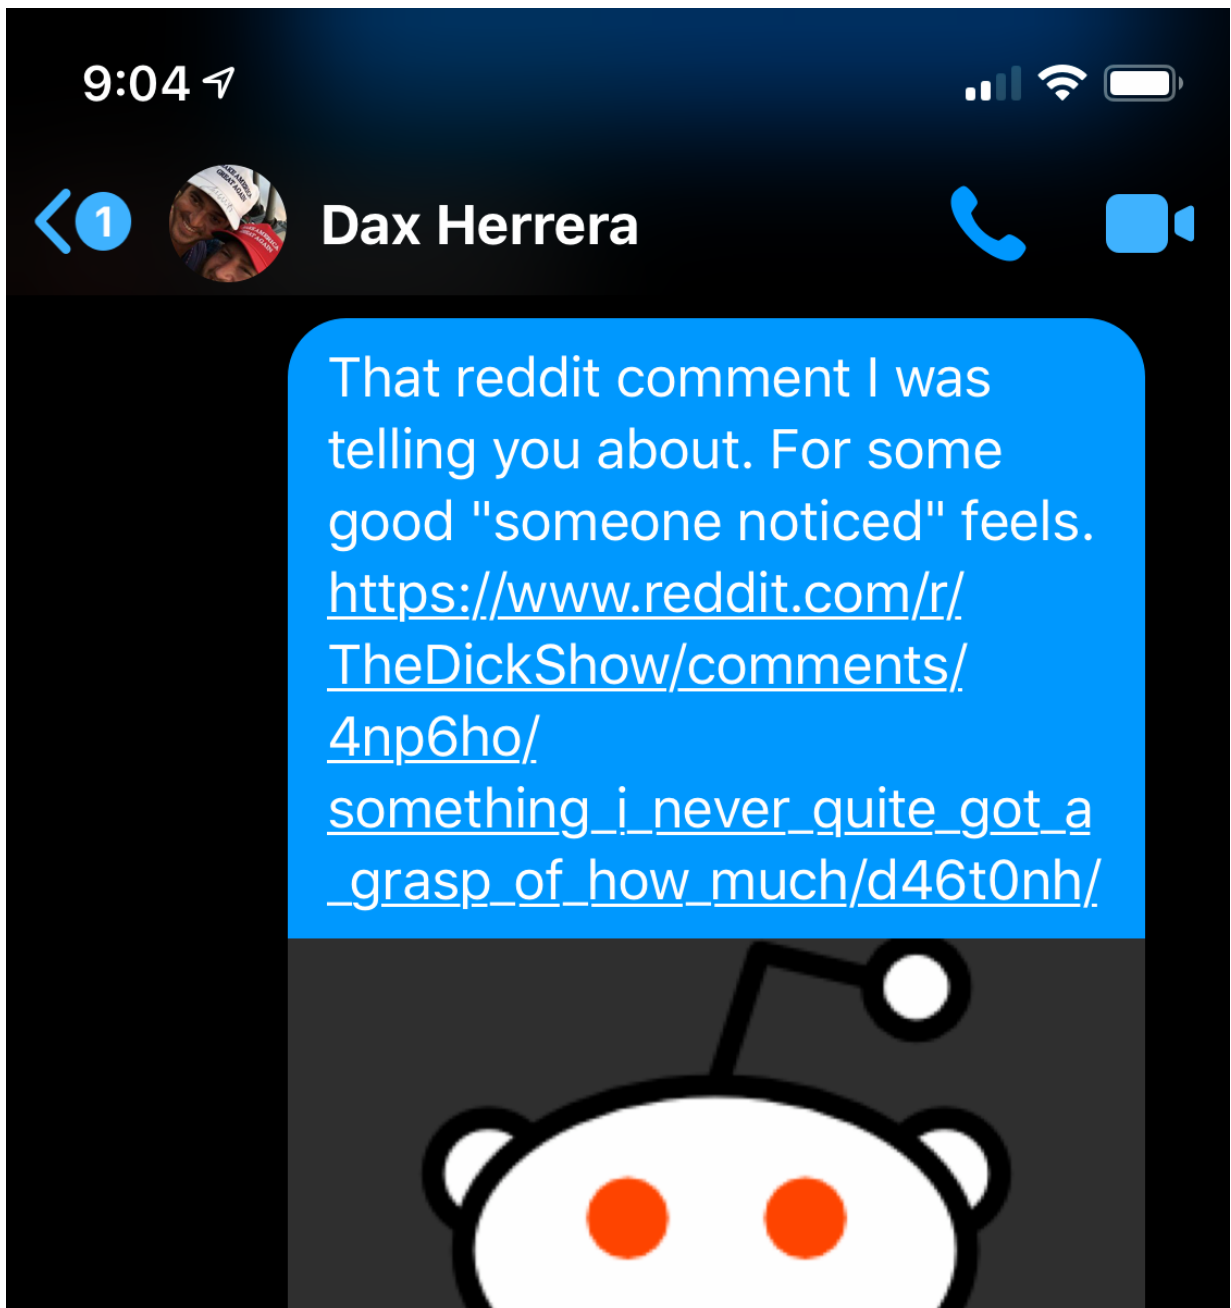

No I'm not too tired. It's just hard to sum up. She feels terrible and guilty and

understands everything.
Having to leave. And says it's like pushing away two people who love you and also trying to control us like puppets and then just reacting. She seems really moved after the weekend. I guess she was reading all these books and whatever. I'm happy for her. But I really wish you were here. I'm glad she's okay. It's emotional. And I said how upset we were all weekend. Like honestly how deeply I care about her. How obviously you do and how you understand her. And how annoyed we were that the Mexican restaurant didn't continue... 🙄 the text ban and the effects and meeting you... I guess just how complicated and beautiful everything is

Is that a good summary?

Here is Dax talking about how he stopped being interested in his Dick Masterson character way back when he did TYT. Because it stopped being funny. And he became cynical because of it. Starting to seem familiar.

Something I never quite got a grasp of. How much of Dick is fiction, and how much is it Da...

Awww I love it. Yeah you're pretty dead on. It got so dull seeing the reactions. And it was making me a more cynical person.

It wasn't funny anymore

If I remember that YT interview correctly, your response to their "is this how you really feel?" was something like, "It's almost as if.... the whole thing is over the top on purpose, right?"

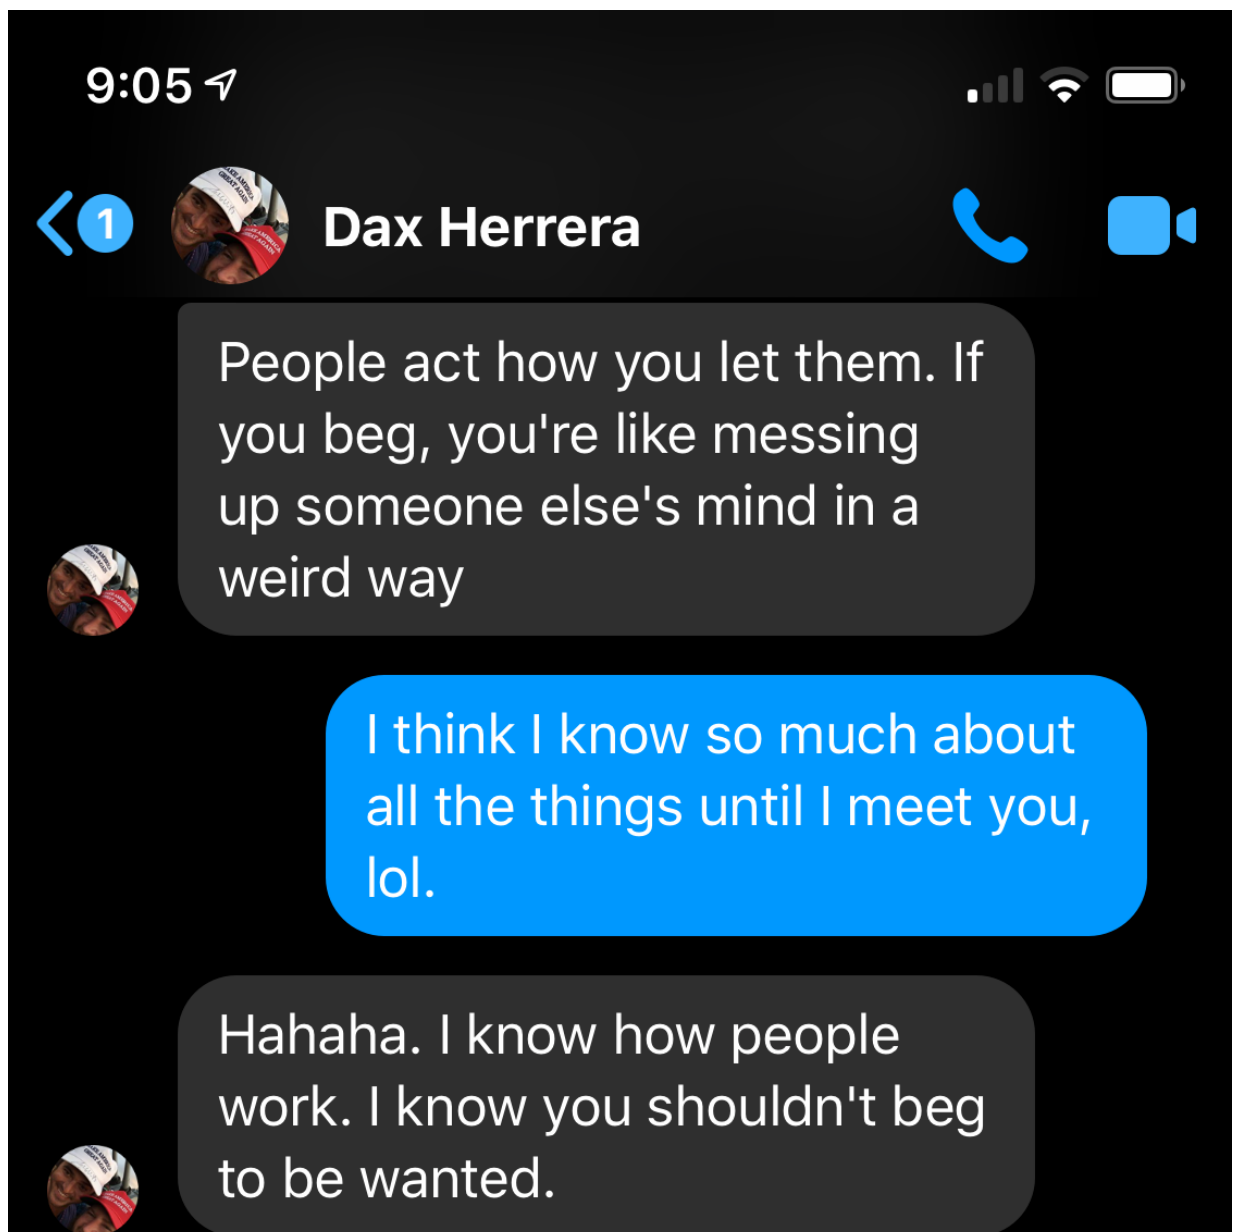

When I heard that, I knew that you were over it.

Lol

I remember that show. I thought those two were just a couple of bozos. Imagine my

Dax telling me I shouldn't beg to be wanted, even though he put me in a position to begin doing exactly that.

You're right. I shouldn't. I won't ever again.

JUL 25, 2017, 12:30 PM

Aw I just came across the server I was setting up for you a while back. For your site

JUL 25, 2017, 1:11 PM

Omg I forgot about that!!
Something I can still use?

You're so sweet.

Dax talking about cleaning the truck after the weekend where he broke up with Marie and made her sleep in the truck when he was with me in the tent.

Dax Herrera

Better. Distracted. How about you?

Same, I guess.

Just sort of meh.

Yea. I got my car detailed so that was nice

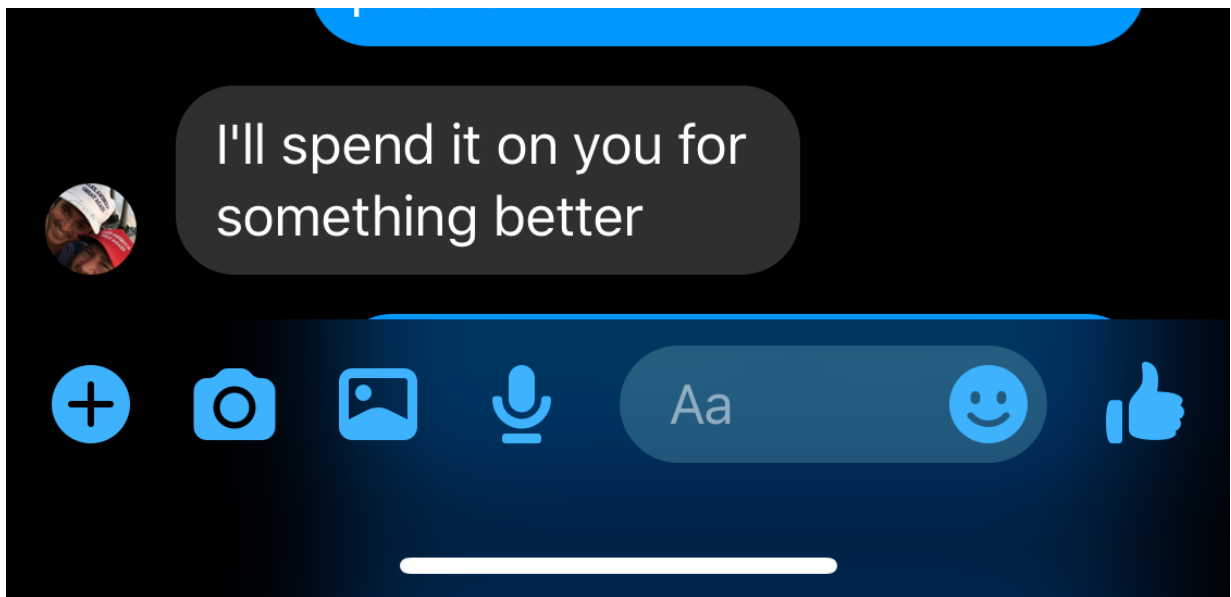

Does it smell like a new car again?

It does. All the awfulness has been washed away

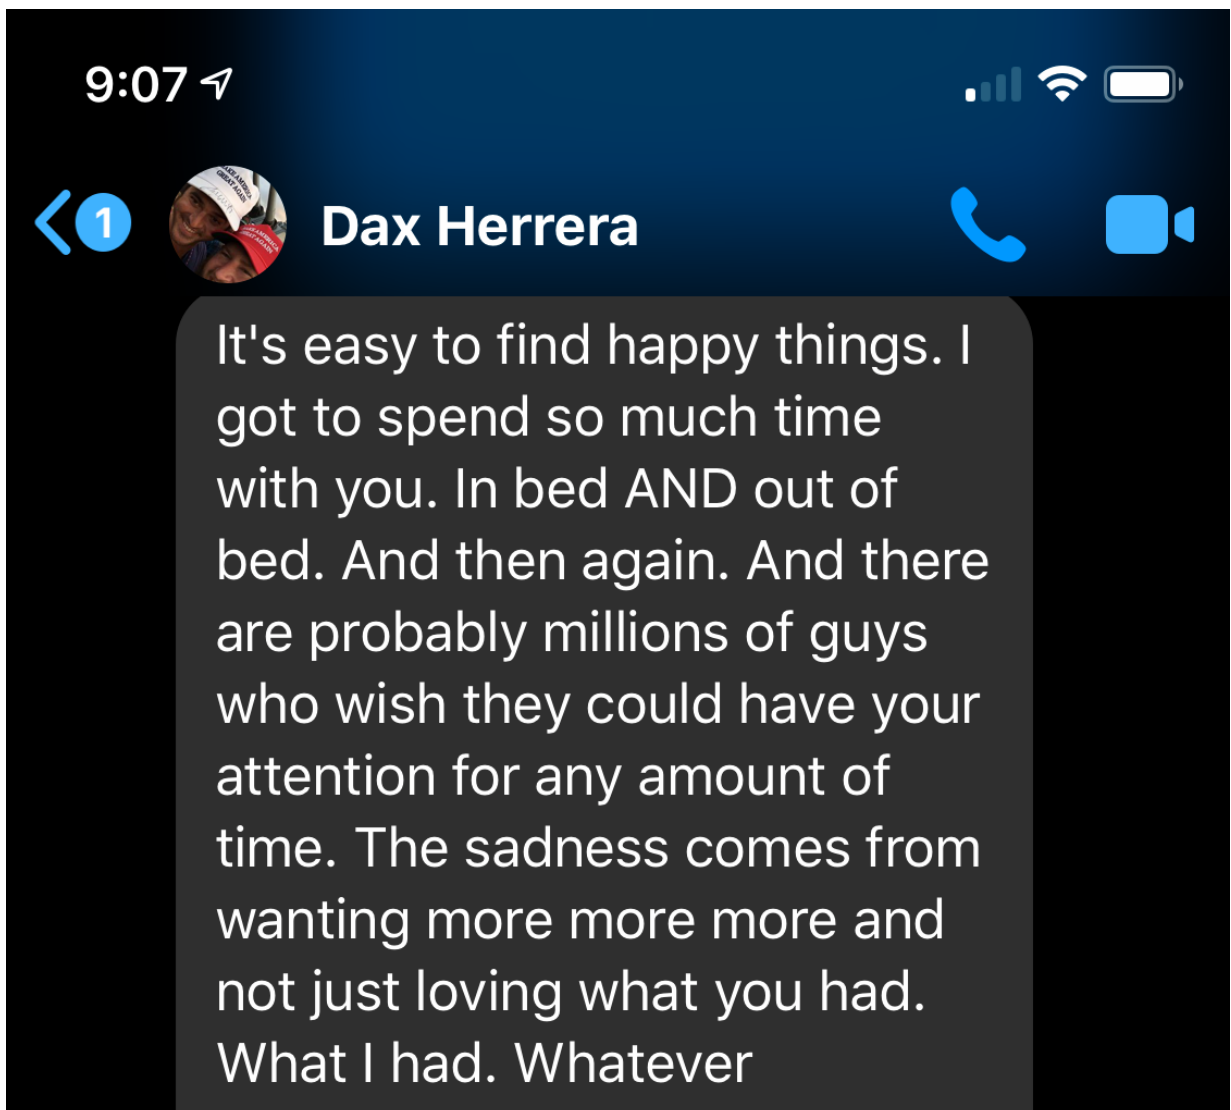

Your phone is sent! It will get there Friday. Thursday would have cost \$50 ://///

Friday is fine, thank you!! I would have hated costing you \$50 because I left my stupid phone.

Dax telling me that he wants being with me to be permanent.

happens, that did. And it's more than anyone could ever want

The sadness comes from wanting it to be permanent. Not more

But everything is always changing

You always have such a beautiful way of wording things.

Dax is going to buy me new wings to take to Israel Burning Man...

Dax Herrera

Steven is sending me links to the Israel burning man...very close to Abu Dhabi

Isn't that great 😊

..... omg do you think you'll go?!

100%. You're going too 😏

Bring your wings

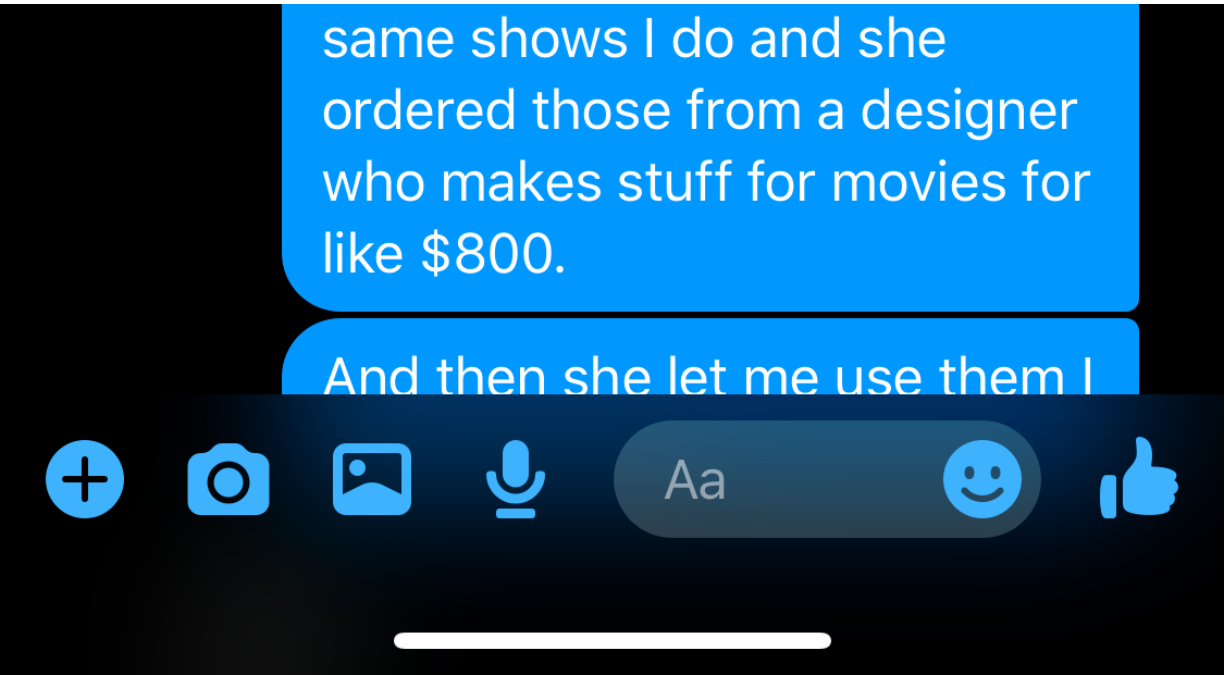

lol. well that would certainly be a lot of fun. Oh I don't have those wings anymore!!

They weren't even mine!

I'll get you new wings, angel

They belonged to a rich client who we helped do one of the

The ex girlfriend who was telling me how Dax and I were made for each other like Blade Runner and claiming he wasn't a playboy who just wanted to fuck me, he wanted me to be his partner in crime in life.

Oh no.

ohh gotcha.

I'm not sure if you've noticed...
but I'm a little nosy.

a lot nosy

I've come to accept this
about myself.

I like it. A lot

she referenced the "let me

And taking to Ferozan 😬

She is hooked on the drama now, huh? Lol. I would be too

You could say that

You told her you loved me 😭

Yeah.

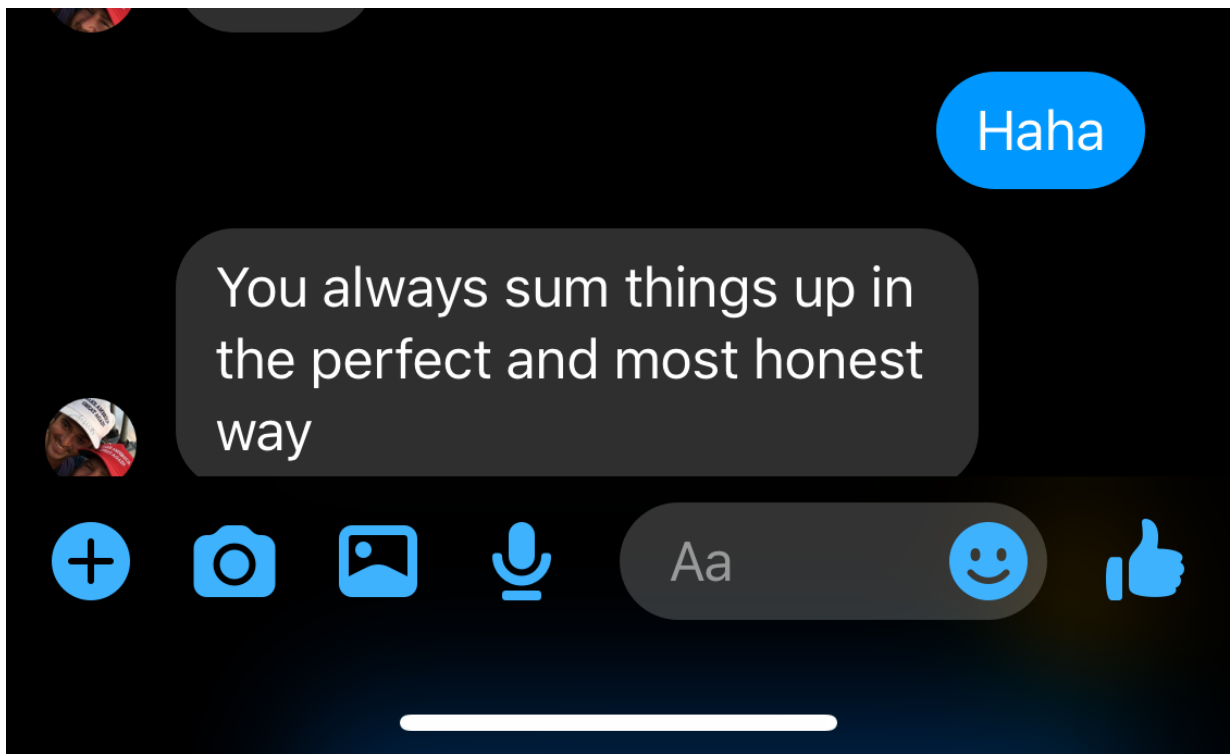

You knew that though

But it's different when I actually acknowledge it to a third party. I know.

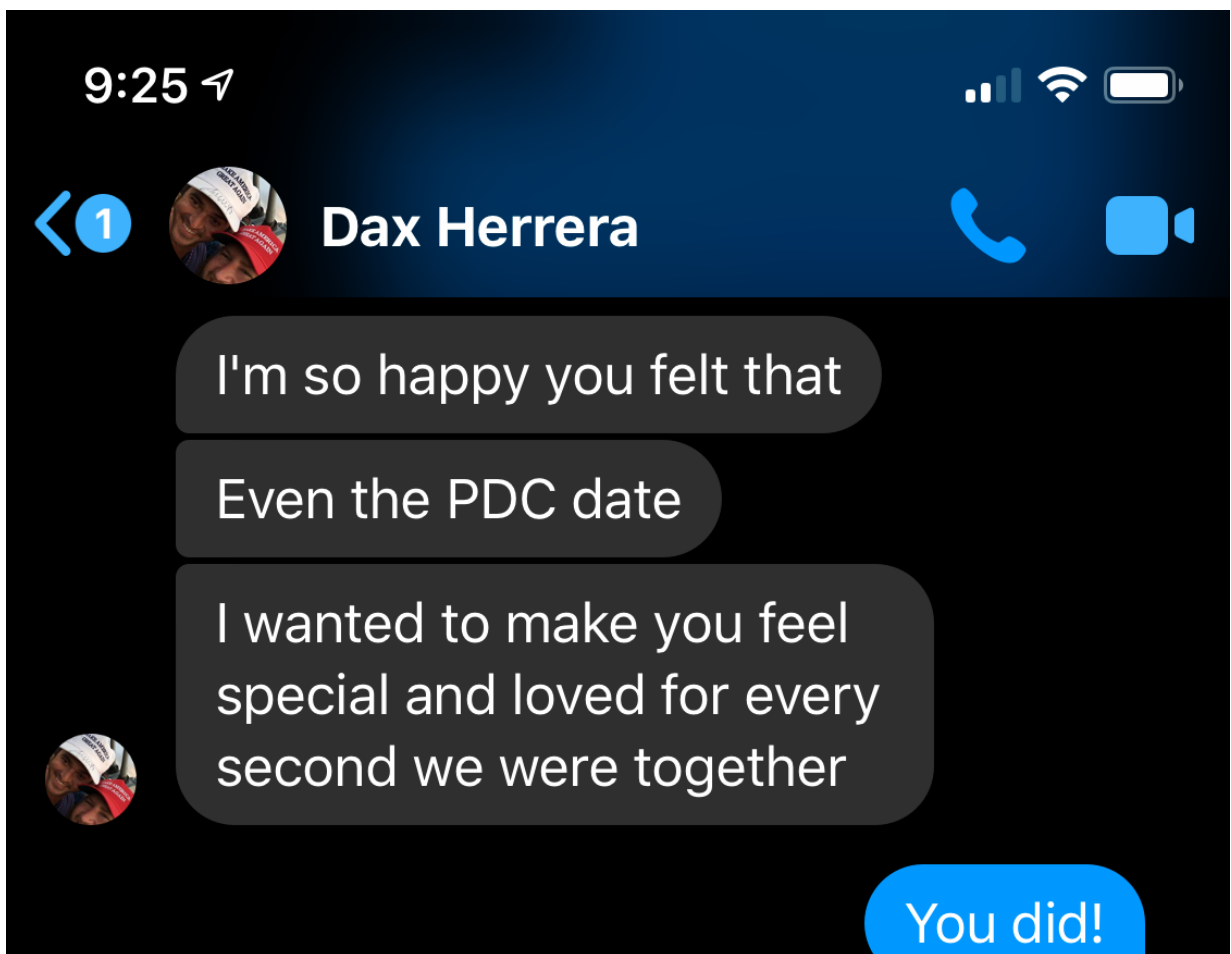

Yea

Very much!

I love your mind too Jamie

And I want to hear you

That makes me happy

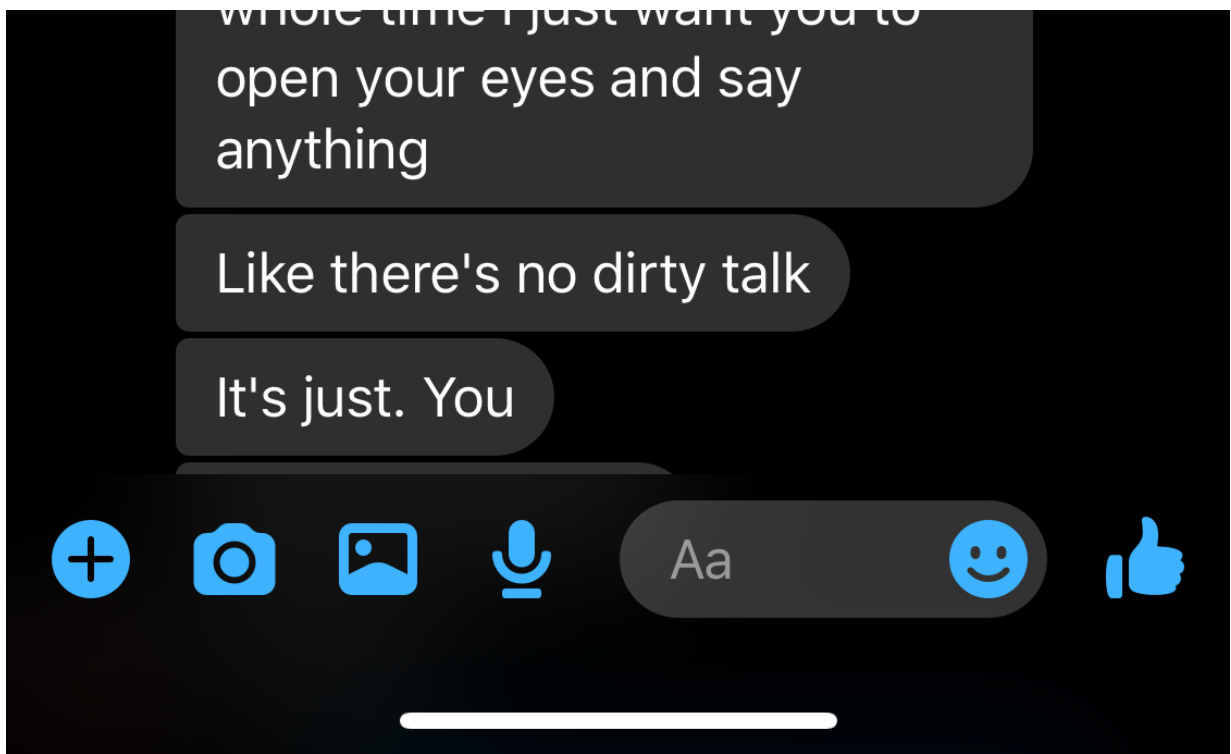

Which part?

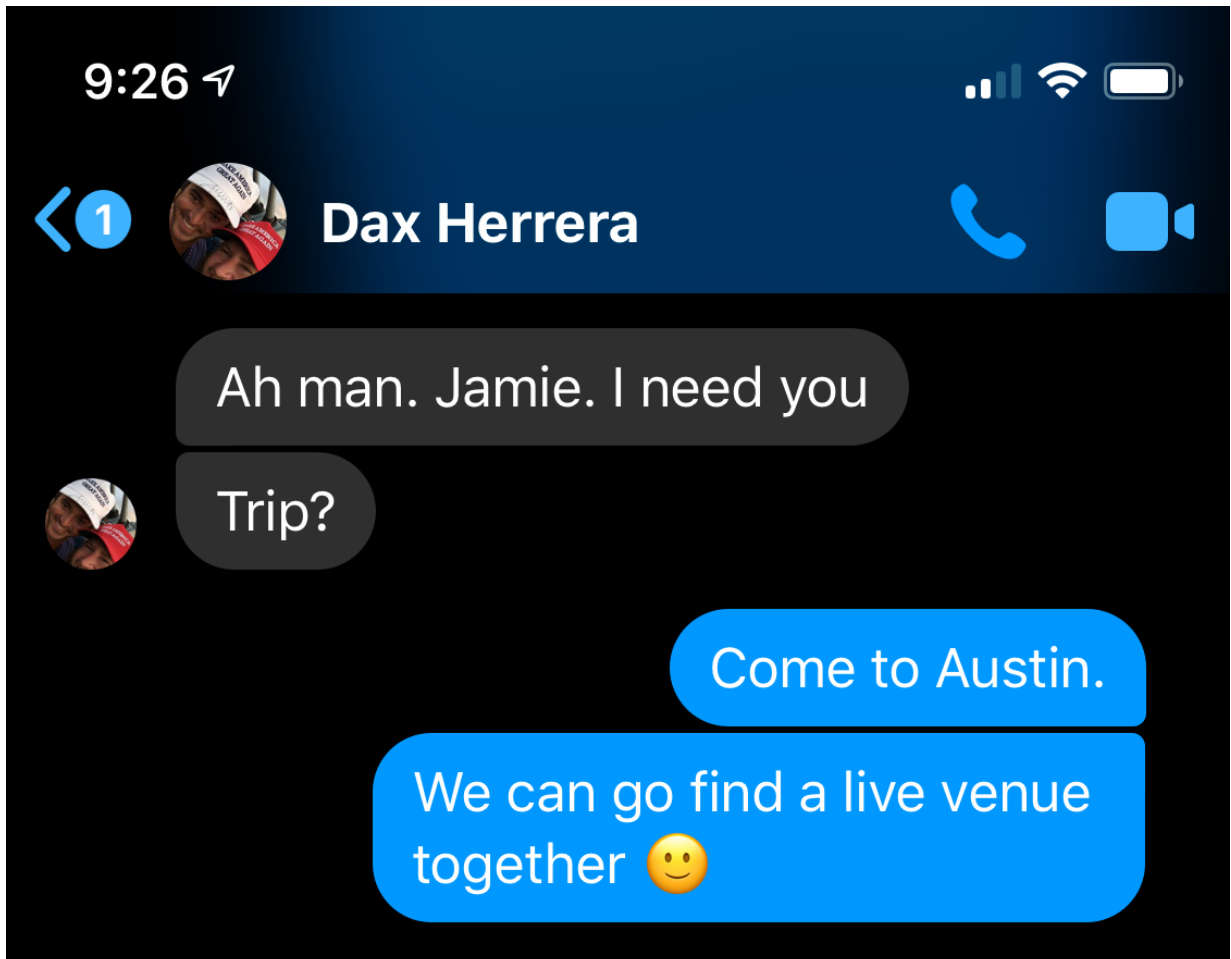

That you love my mind. I know you've said it before too but I love hearing it.

I guess because I find that to be the most special part of you.

I could fuck you forever. Raw and pounding and soft and like a romance novel. And the whole time I just want you to

Talking about his trip to Austin to come see me.

For real?

It would have to be pretty hush, you know. But, idk maybe we can pull it off.

Hush for whom

Like, my parents I guess.

K. Check

Why?

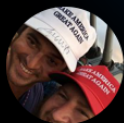

I don't know what the logistics of that looks like

It was just a flash idea

Aa

Dax Herrera

Jamie I love flash ideas

Just tell me what you want 😊

Who do I need to hide from?

Well I don't know what I'd have to do to make sure my parents didn't know I was going out to be with someone. I DO "live" here.

They'd be horrified?

Upset?

Well, yes of course. It's 2:30am and I just got finished dumping my heart out and I miss you a lot and let me just sleep on that part.

I need to figure out how it

would need to happen, if we can.

Just give me a yes

I think I'm lost now.

What does that mean??

What are you trying to get me

to say yes to? Just you coming out here?! Yes absolutely!!

I want you to of course

Yes! You saying yes now

You saying you want me

To fix a problem with money. Yes

That you want it

Wait, money? What now?

Flying out there

Hotels. Whatever.

Me telling Dax about Marie recording their argument.

9:28 ↵

Dax Herrera

hey. So there's a Marie thing that I have to tell you and it's been really bugging me. And I don't think I can keep it to myself for much longer. I thought about telling you on the phone but I think it will be better if you have the chance to have your reaction not seen or heard by me. Is it okay if I tell you now?

Yea sure

during the Kian fight, marie recorded part of your argument. And she sent it to me. It was about a minute long. I feel like you should know that she might be doing those kinds of things to you. The clip she chose to send me, you

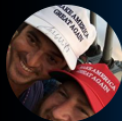

said some things to her that you probably wouldn't be proud of and I'm certain you wouldn't have wanted me to know. I shouldn't have listened to it, but she was saying so

Aa

9:29 ↵

Dax Herrera

to it, but she was saying so many fucked up things about you that were impossible for me to believe! None of it made sense. But, even in that moment, I could tell in your voice that there was more than what was there on that recording. You told her to shut up and said she was an idiot.... But in your voice I heard "why

But in your voice I heard, "why are you doing this to me?" I believed then that what was on that tape was not YOU... I believe it even more now. And I haven't wanted to tell you because I know it will be hard to trust that my opinion of you wasn't formed at all by that. It's probably been one of the hardest things. Because it's just another thing where I have to choose who to betray.

Jeez

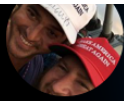

Aa

9:30 ↵

Dax Herrera

When I was in the truck in ojai.
She kept talking. Repeating the
same thing. Over and over.
Until I snapped and yelled the
same thing. Just stop talking.
Stop. Etc

Then I took a walk and felt so
bad for you. I realized how
much I just wanted to keep you
warm

So I went in the tent

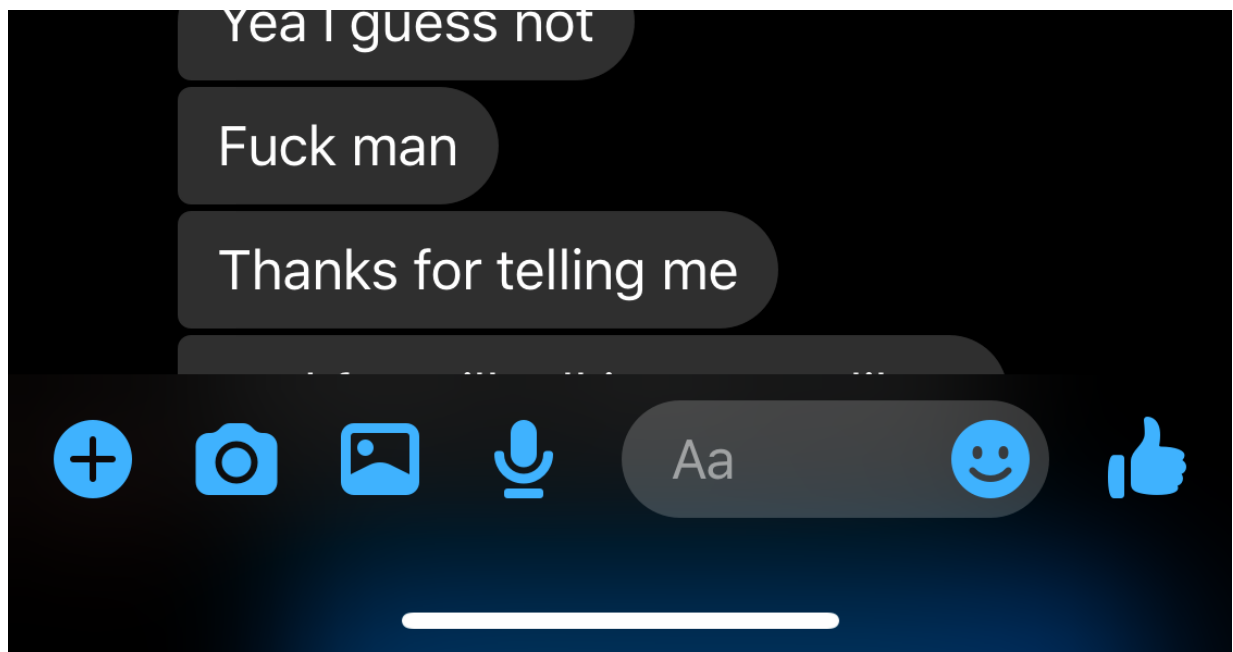

It's different. But. Idk

I feel dizzy

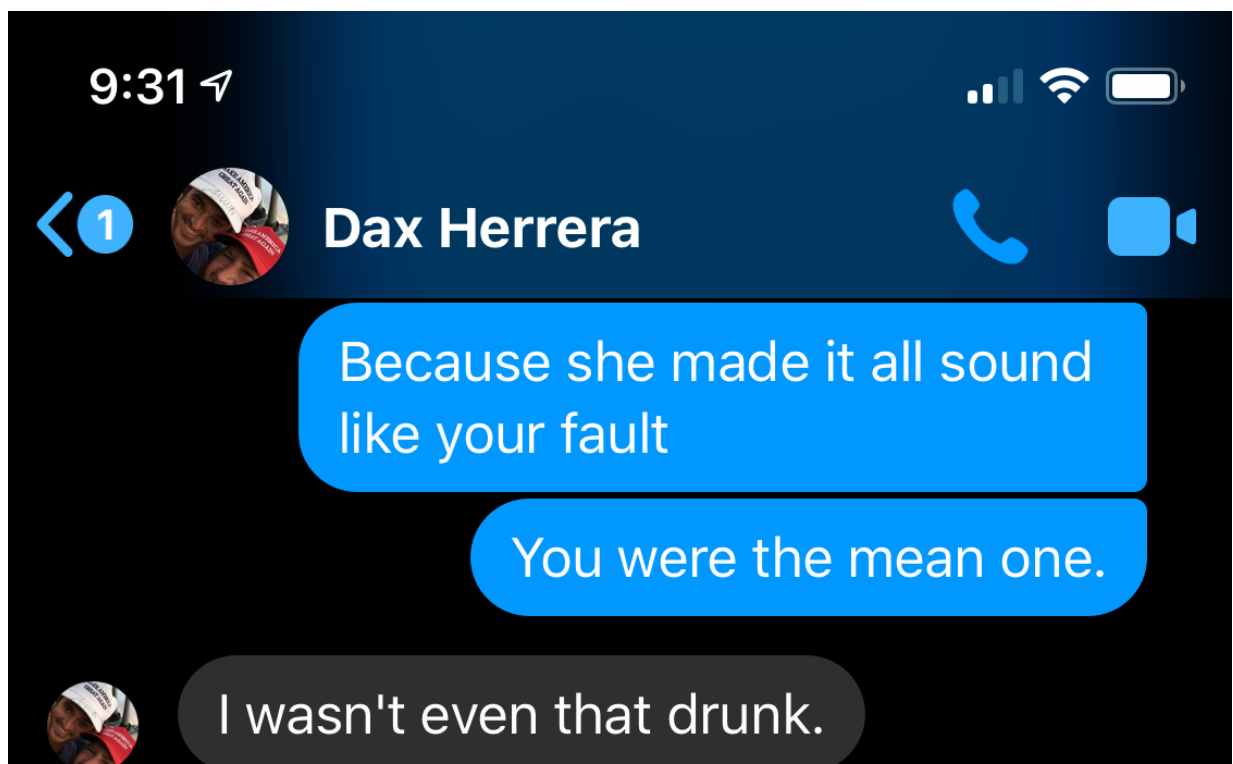

I'm so sorry

I knew it would hurt you. And
there hasn't been a very good
time to say it.

Talking about the way Marie was before, convincing me that Dax was a monster. The argument where she called me to tell me that he broke up with her, apparently started with Kian telling Dax he was going to try to sleep with me. And he got mad. I didn't know that part, why the argument started, until later. Marie told me a lot of very awful and some very shocking things about him. Before I even met either of them...

Also, Dax talking about Marie being crazy. They were both always trying to convince me that the other one was crazy.

Another discrepancy.

Look. I'm possessive of you yeah. But I'm way more worried about having to lie to a horny lawyer who knows when people are lying

No I totally get it

I totally understand the fight now

I did immediately when you told me the reason for it weeks ago.

I could tell

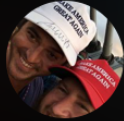

I probably looked pissed

Aa

9:32 ↵

Dax Herrera

I probably looked pissed

No you have an "explain me this" face

"I'm waiting..."

I do remember saying, "I didn't know that part.."

I don't think it's her fault. She doesn't remember things right. But still...

Many choices were made

That's one of the more tragic things... How she really remembers things the wrong

way.

I know 😞

We don't have to dwell on it.
But I had to get it off my chest.

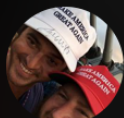

And had to make sure you
knew that.

Aa

9:32 ↵

Dax Herrera

It's so sad. My heart breaks for her. And I'm also angry. And I hate the position she put you in. But...don't respond to this. I think deep down she just wanted us to be together.

And she knows she needs help

Yea

Okay I need about ten more drinks now. My eyes hurt

Why do your eyes hurt?

And I'll make a drink too. I've been sitting on my bed and didn't make mine

Idk. Sun. Drying out from stress

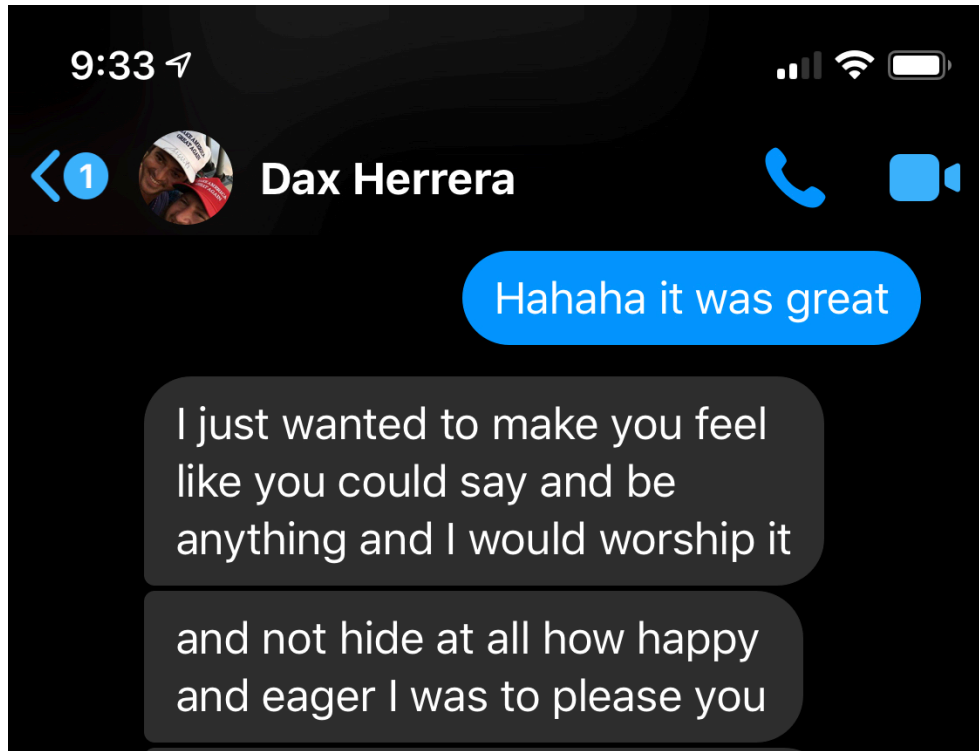

I'll feel really bad if that drives you to drink a lot today.

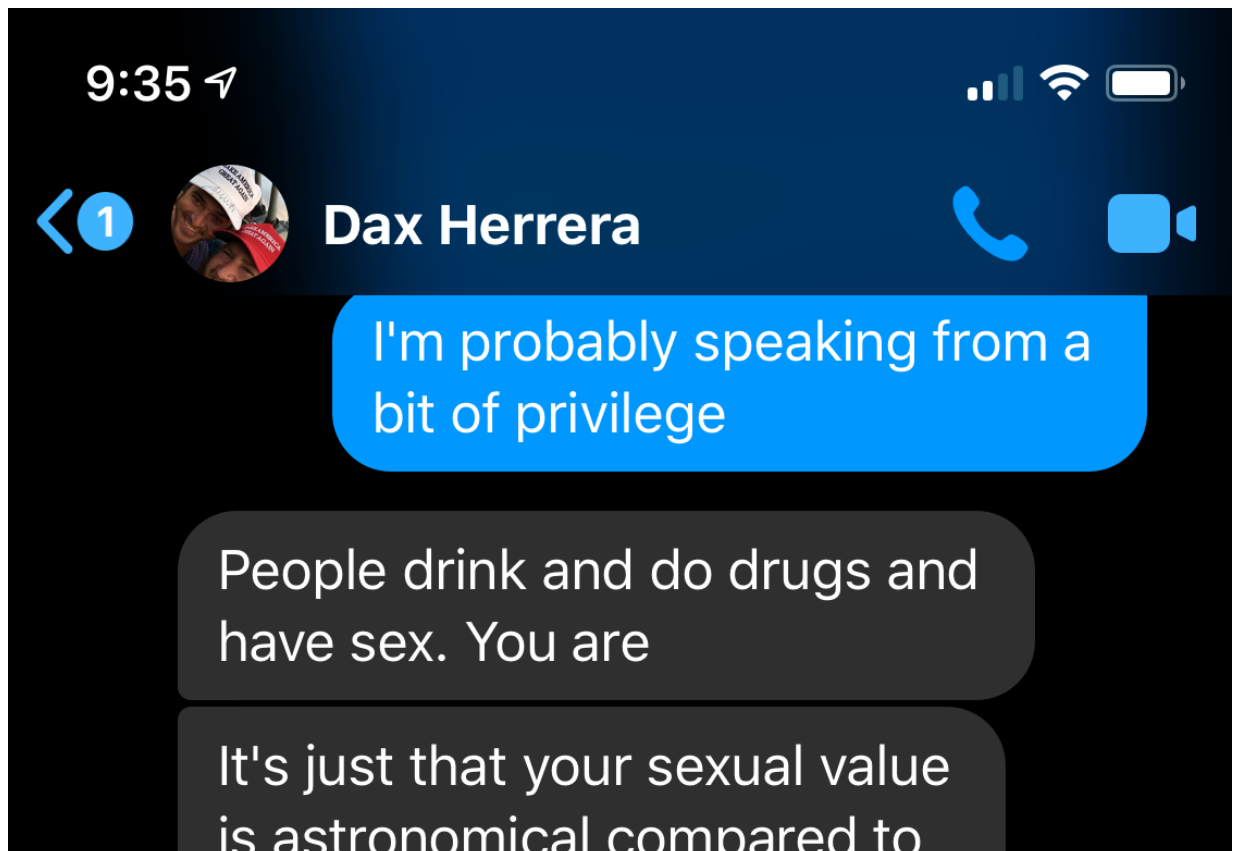

Aa

Dax talking about worshipping me.

My sexual value is astronomical.

everyone else and you know it

I think

and you have such a
sensitive heart

you can self medicate and turn
everything in

but that core in you is beautiful
and golden and glowing all the
time, and it would destroy it

and you know that

I do know that. All of that.

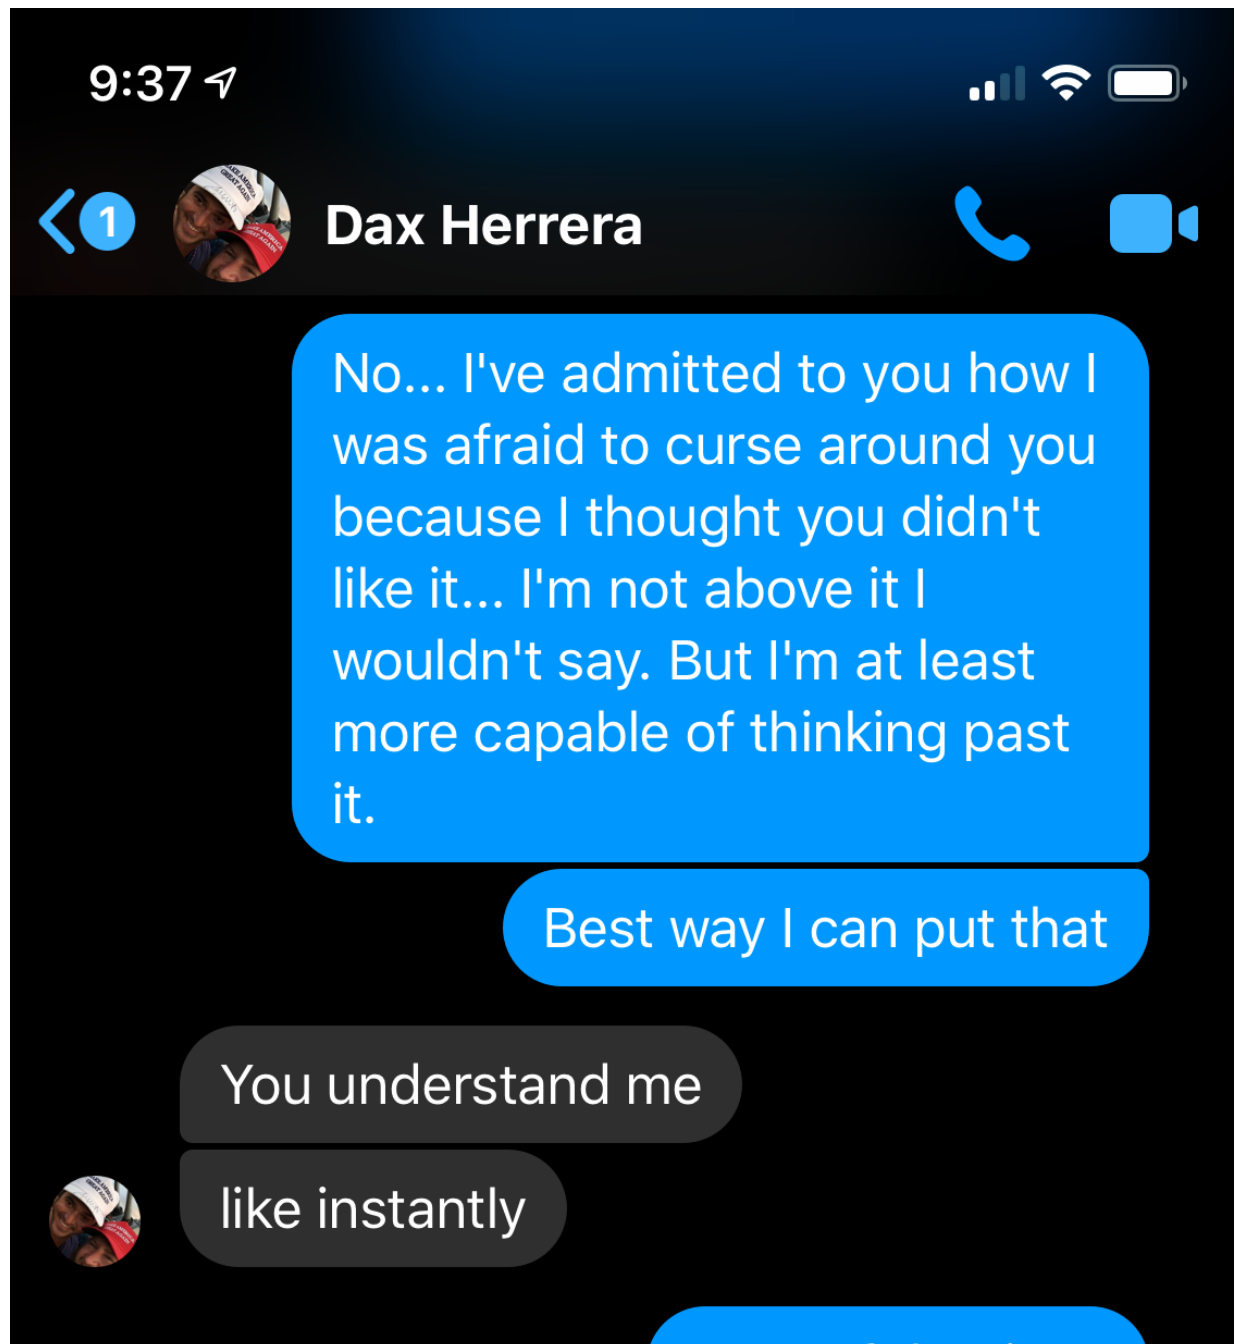

It's weird, sometimes you say
things that I know about myself
but have never thought about
specifically.

Aa

Dax telling me about how he uses people to get what he wants. This is interesting. Because he talks about how immune I am to it. But then, knowing the way my situation with my husband was fucking me up, watching the man I love create a relationship with someone else and not having the ability to say anything about it... He "saved" me from him... that abusive man... only to do the same thing to me. Except worse. And expected me to continue being the big strong brave girl who wasn't fucked around by his antics. What did he expect? Also, if you want to know why I'm doing this... refer to the section about "not letting him walk all over" people. Now that I'm not buried in the bullshit, I'm back to being the person who isn't going to let him do that.

Most of the time.

And I get annoyed with you
and you don't seem to get hurt
by it

or I hope not

it just goes away

I don't.

yea

It's almost like you WANT people to have the courage not to let you walk all over them.

OF COURSE!!!!

But you can't do that without challenging them. And that's how people earn your respect.

I can't see the lines anymore Jamie

You know what. I'm pissed I

didn't get to tell you any good

Aa

9:38 ↵

Dax Herrera

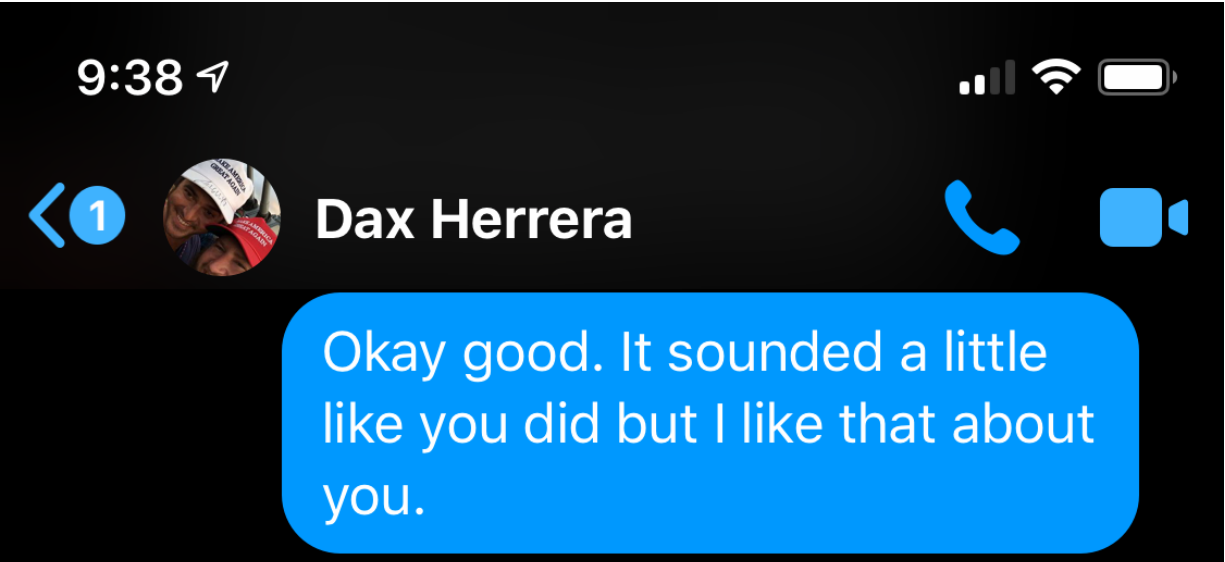

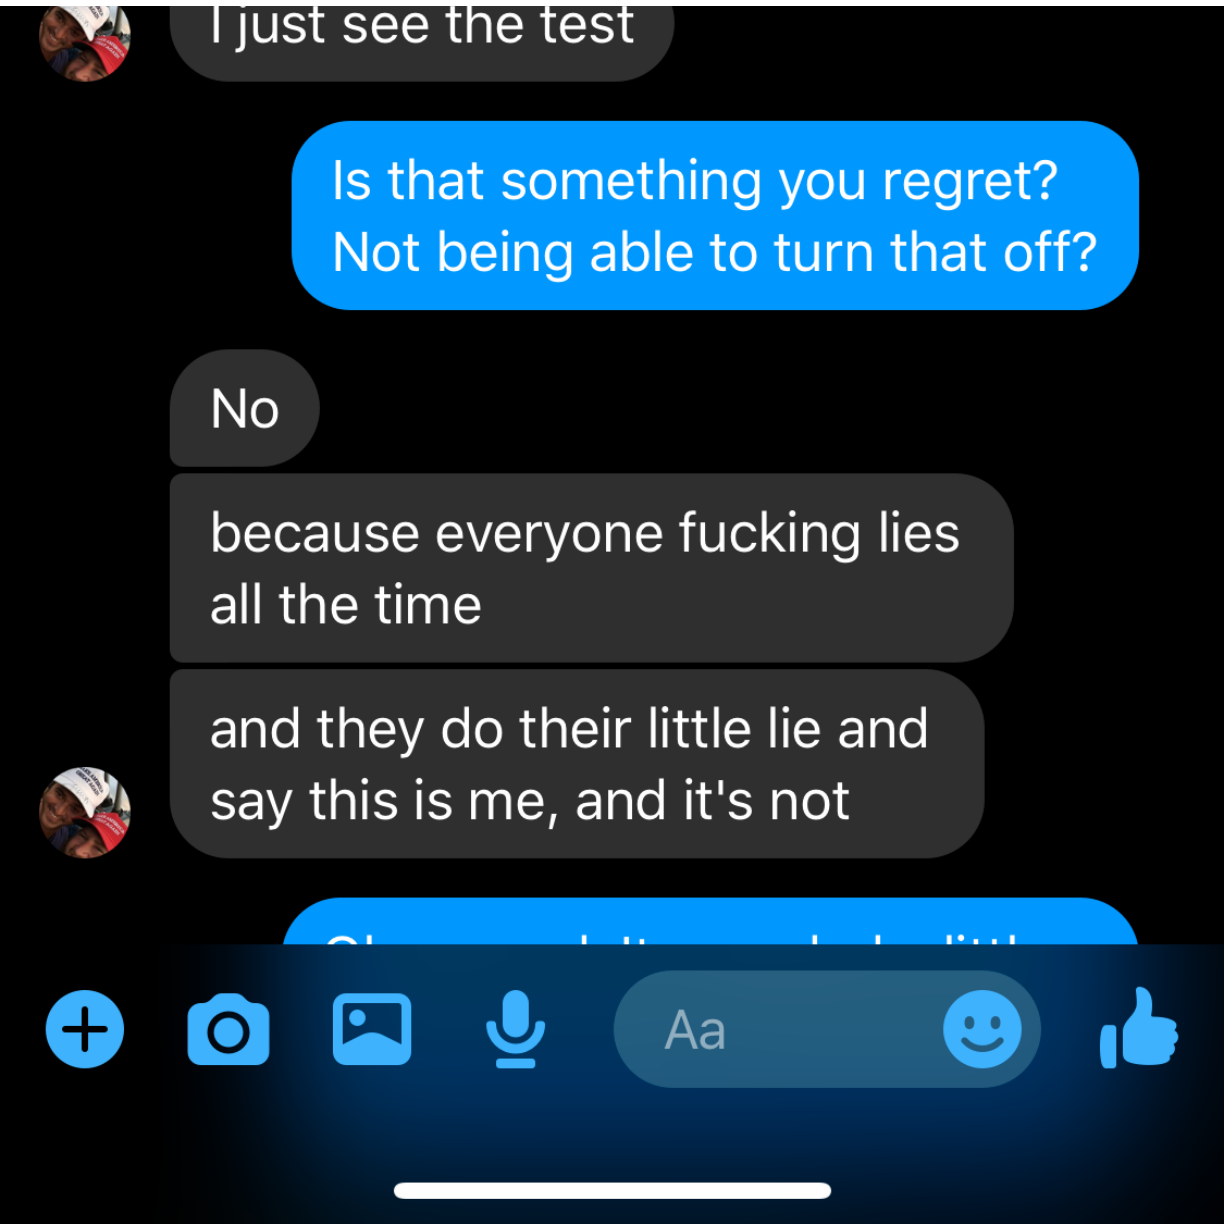

What do you mean you can't see the lines?

everything I have is by marching over people. pushing pushing pushing until I get something. And I try to turn it off. But it just doesn't ever go completely off. I need to test to see who you are

I don't hear the words

I don't see the lines people draw and say, this is me

I regret the pain it causes

I mourn the pain it causes

not regret

it's sad

it frightens people

but it's because they are not
what are saying.

Yes, it does.

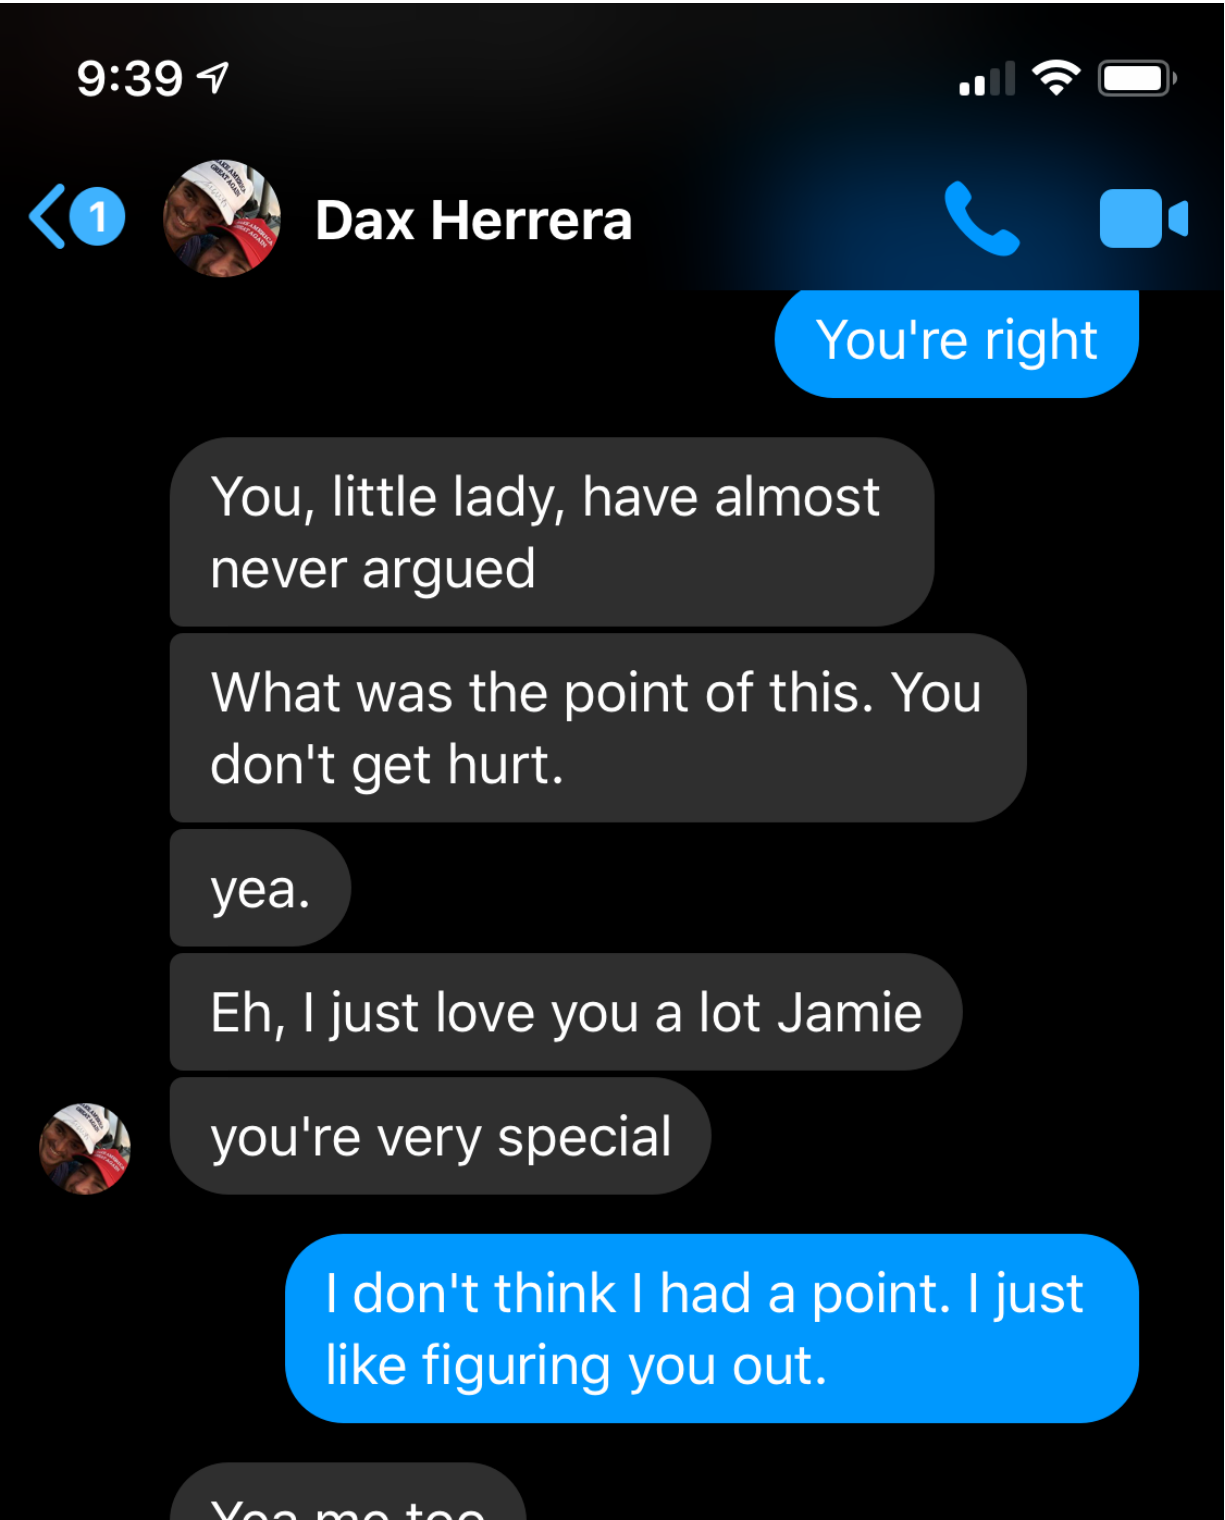

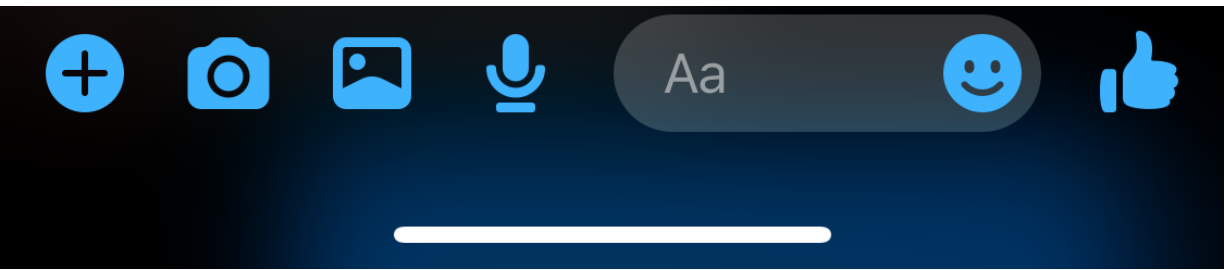

You're right

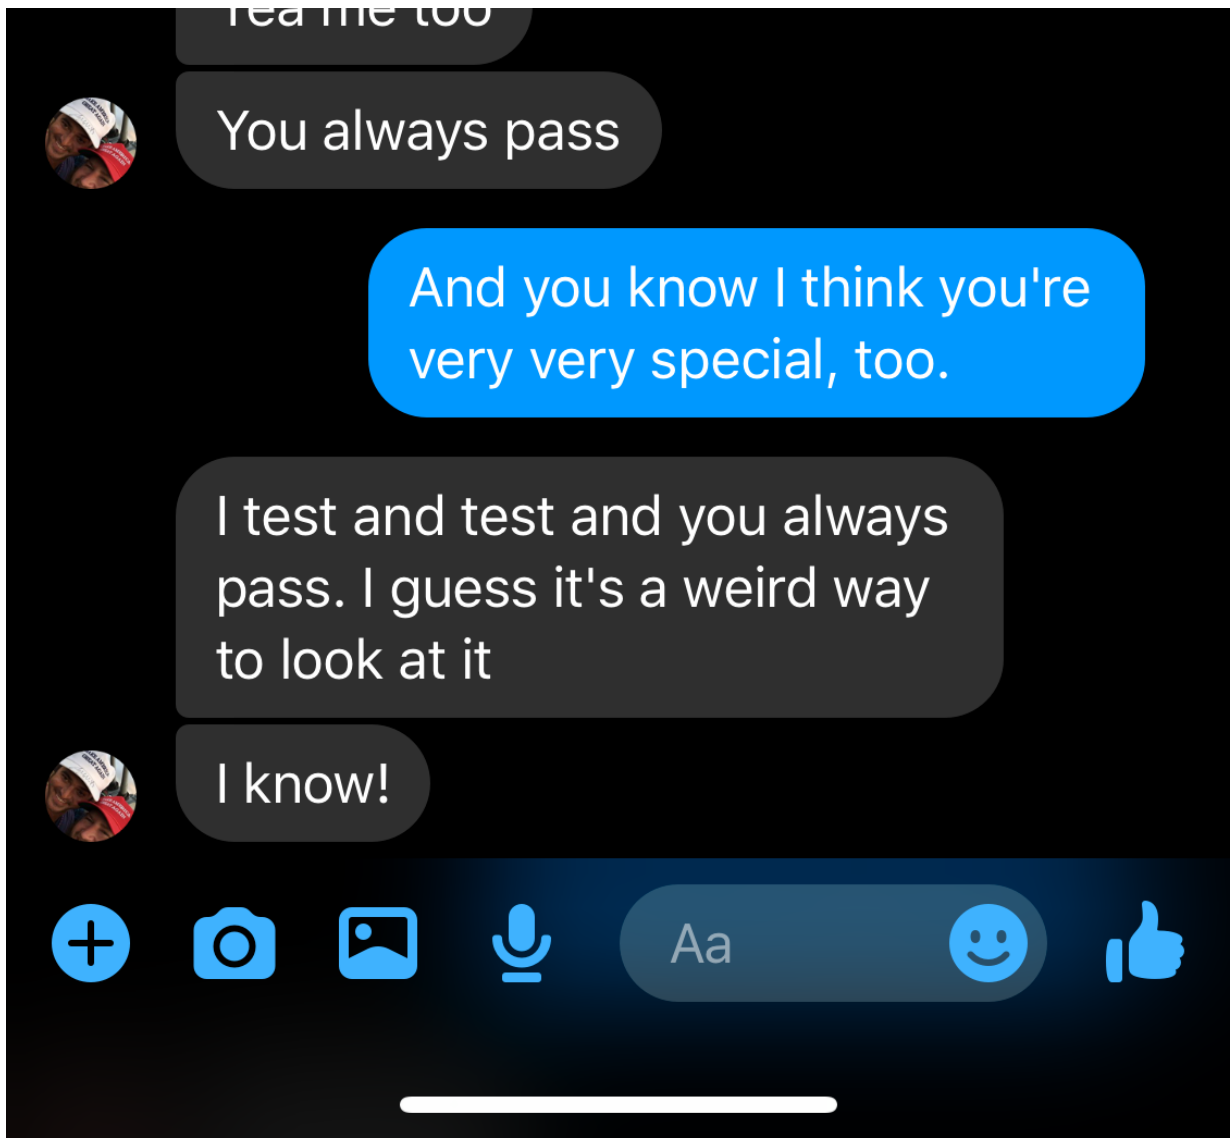

You, little lady, have almost
never argued

What was the point of this. You
don't get hurt.

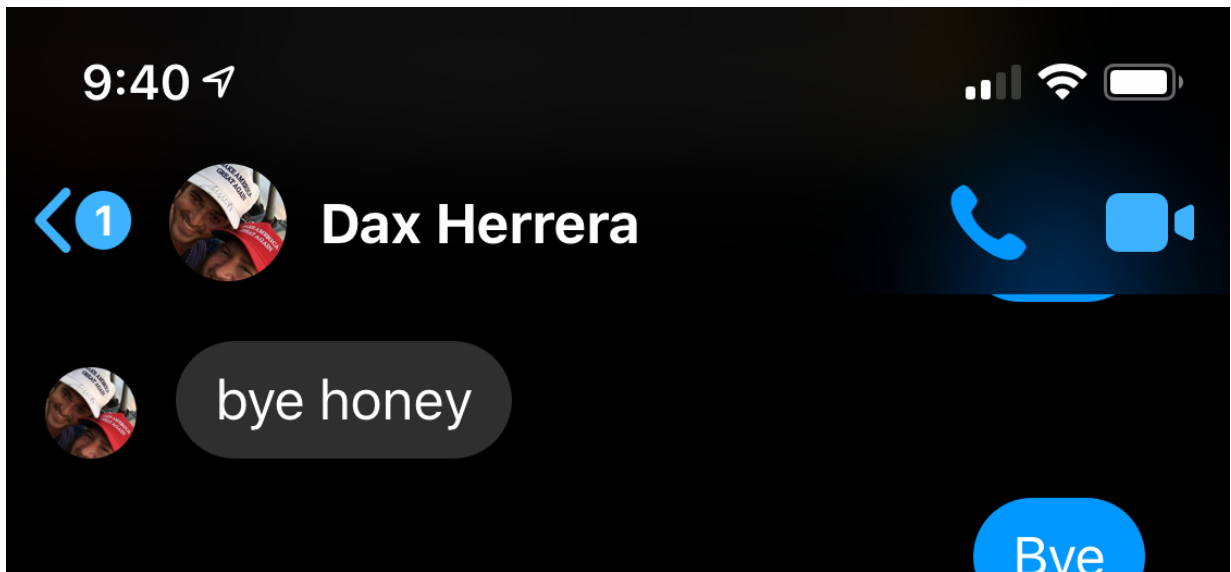

yea.

Eh, I just love you a lot Jamie

Dax telling me something about being his mate.

JUL 27, 2017, 5:39 PM

When you get back, explain to me what you meant yesterday when you said you wanted to see me in that "atavistic" way. I didn't know that word so I looked it up and I still don't get it... So now I have to know.

JUL 27, 2017, 6:03 PM

Look up the second definition

In a way that's beyond social construct and language and plans. Just that I need you and want you in a primal unspeaking way. Where everything comes from and matters

Ah. Okay. I like that.
