I'm gonna keep this as short as I can, but I must inform you, that you have truly done an injustice this week, helping the liars that tried to ruin a man's life in the case of Vic Mignogna. Monica Rial, Ron Toye, & Jamie Marchi, are all terrible people & proven liars. It's clear as day, to any reasonable person, especially watching the depositions, how vile these people are. They have been caught in lie after lie, constantly changing their stories, while being the most vindictive & rude people on the planet, proud of their foul actions.

Judge John P. Chupp acted improperly & refused to look at perfectly good evidence presented by Ty Beard in the hearing in which he dismissed Vic Mignogna's case. You, likewise, have done an improper disservice to all of those trying to fight against false allegations made against them. It is absolutely defamatory to try and destroy someone's life with lies, and there was plenty of context in those tweets,...beyond plenty. It's absolutely heartbreaking, the precedent you have now set, making it harder for those defamed to want to try & fight back against their false accusers.

I, & many actually good people on this Earth,...we beg you, to consider the reconsideration if it comes in from Vic's legal team. Please, for the good of all mankind, for the truth, for true justice,...do the right thing.
