

A photograph of a dark, rocky cave tunnel. The walls are covered in jagged, light-colored rock formations. A bright, circular light source is visible at the far end of the tunnel, creating a strong glow and illuminating the path ahead. The overall atmosphere is mysterious and adventurous.

What to Expect From Cover Stop and Shop!

What do to expect from us!

Well here is how it all works! I will use clip art, royalty free art, my own art, or my own photographs!

This way you don't get caught up in a nasty copyright battle. If YouTube has taught us anything, is that copyright lawsuits are long, tedious, and expensive.

I will do the best quality work I can provide! I will work on a cover for around 30 minutes to an hour!

"How do I enter?" Well there will be a separate form for you to fill out!

"Will they be shown to everyone?" I intend to show off my creations in this book, however if that is not your wish please say this along with your form!

"Does it cost anything?" No it is completely free to use! Although sometimes I may be busy, I plan on opening myself up for all possible challenges! With no charge!

Now if you wish to continue, than yay! I can't wait to work with you!

Form For Your Very Own Cover!
