I know this is a pretty blunt title, but please know this piece wasn't made for the joke of it existing. Outside of commissions or Genshin Impact, everything I work on is made because I find it sincerely arousing. I genuinely just wanted to see a pretty girl take a gigantic shit out her hyper dick. Enjoy!

Discomfort ran clear across Pyra's face. A shaky visage twisted behind her to check if she was out of range of her party members. They were all too far past too many trees and bushes to see her now. Even if she started spouting obscenities again, they likely would only hear indiscernible echoes. Perfect.

Down came Pyra's shorts and panties. Instantly, the masterful tuck job she'd sealed away her uncivilized intimates with earlier that day sprung back forth to life.

Pyra's rigid, sweaty, desperate and red pillar of cock meat leapt out of its cramped confines and into the cool outdoor air. It was drenched with sweat, a mixture of the crew's thorough exploring and the tension of her situation. As long as her arm and as thick as her neck, Pyra's big wobbling shaft bounced and twirled with each of her hurried steps through dense thicket.

Her cramped insides felt positively packed. Pyra had been direly constipated for a while, and it'd stirred her already immense yard stick of lady dick to somehow grow even fuller and needier. She needed to purge this accursed behemoth of burden in her body as soon as possible, even if it meant her titanic erection being just a short ways away from friends.

The kind of blade Pyra was made for some interesting anatomy. One might think it a bit odd for someone to be so furiously hard on the verge of taking a dump. A bit more thought and the idea might spring to mind that the dump in her rear was so fat, it was pushing against a surely massive prostate accompanying that colossal cock, stimulating it to dizzying heights. It was a good theory, but a wrong one. No, Pyra's dump wasn't parked at the exit of her shaking toned rump ready for release. It was packing a different space, filling a very different organ, packed within her huge taut balls as they clumsily crashed against her soft wide thighs.

She'd arrived at her humble destination. Defecating on the backside of a tree wasn't ideal, but it was her only option. The red haired woman went into a squat, not unlike the way anyone else would lower their stance for a movement. Yet, tense and overloaded Pyra aimed opposite the normal way, letting her ample backside hang over shaded grass, with her front, and her gigantic cock, aiming at the trunk of the tree.

Pyra readied herself for the task. Both digits sunk into her cock flesh for just a moment longer, kneading the fleshy mass, stroking it with firm palms of her tender grip. Her lips parted open, exhaling a steamy puff of air. It felt wonderful, yet this constant stimulus alone wouldn't lead to the release she needed. Climax, sweet ejaculation, had to be initiated by other means.

Her expanse of dick quaking and quivering, Pyra readied for the last steps to release. She tried to adjust for comfort, to give her body the most leverage it could summon for the task ahead. Her hands stretched back and folded into crossed arms above her head; an odd position at a glance, but one that countless events like this had taught her eased this particular process. Her arms lurched back, as if she were taking a great satisfying stretch, pumping like a fulcrum to power something else within her body, something massive. All that while, she pushed. She bore down, grit her teeth, and used that classic muscle memory for the taboo deed she'd known for ages.

“Hngh..” Pyra softly grunted.

Her towering erection twitched. The end of the cock slab flared redder with blood.

“Hnnrrrrff....” Pyra pressed more firmly.

“Prrrfftt...” Lazily shook the end of her length.

Pyra drew one last breath, closed her eyes, and focused. Her body tensed up all at once in a powerful shake of muscle!

“HnnnNNNNGH~!” Pyra strained!

“Prtt..” Her cock farted again. “Prrrttttt-TT!”

A sharp cut off of gaseous noise. There was something clogging her urethra. Steadily Pyra’s gigantic erection started to shift positions, steadily bowing more horizontally as a terrible weight filled her length. The underside of her length bulged to obscenity as matter steadily climbed up the tower of lady dick. Every peristaltic movement sent a twitch through her fat dick as it worked as hard as it could to push out this monstrous blockage, this terrible end to her cumbersome burden.

Pyra was red in the face, pushing, focused, dedicating every ounce of her strength to blowing out this infernal emission.

“Grrrrnn... RRRRNNGFHHHHG~!!!” Pyra roared!

A flood of stimulus smashed against Pyra’s senses as the impact of orgasm smashed her senses, amplified to dizzying, dumbing levels by the sheer heft of her incredible size. Drunk off her own body, her mouth ran fast and screamed sweet bliss aloud!

“I’m cumming! I’m cuuumiiiiing~!” Pyra thundered. “I’m cumming shit out of my dick! I’m taking a dump with my big fat penis!!”

Pyra’s body followed her mouth’s instructions as it unloaded the unthinkable out of her manhood. Wider and wider her cock head stretched, as a thick solid lumpy bit of brown mass poked out of her pee hole out into the rest of the world. One last push, a final hard, heaving clench of her massive lady balls and the movement began in earnest!

A turd, a fat turd as wide as her very wrist, started to flow out of her Pyra’s cock. The mass extended like a slow motion ejaculation as its bumps and uneven structure steadily worked its way out of Pyra’s bizarre body out onto the space behind the tree. It extended unnervingly long geysering out of her girth; one inch, two, even more left her as her body twitched and shook, summoning all her strength to push this thing out and incidentally making her cock wobble. Only once over 4, nearly 5, inches of the hefty brown beast exited her did it finally break apart and thud down to the tree roots below, forming a one woman cow pat already, bound only to grow larger.

More emerged, another inch or two. Then, Pyra let out a great tired breath. Her body relaxed, and with it, her urethra retracted. It pinched off her fat loaf mid movement, leaving not a nice

clean shut of her cock behind, but a partially open pee hole clogged with a solid mass of shit.

Pyra, still squat low, arms still situated above her head, gave a few pants as she hurriedly refueled her lungs after the grueling heave. Once more, she grit her teeth and kept the air in her steady. Yet again her body's muscles wobbled and strained, trying to power out this ridiculous feat with all their might. Another rude fart escaped her cock length.

“Gnaagh...” Pyra grunted, biting her lip in the strangest mix of bowel relief and orgasmic flush.

Wide eyed and red faced, she pushed again. Things emerged once more, more slowly, frustratingly slowly, as that bumpy mass left her. Another terribly wide bit began, straining her cock to its limits. It felt so huge, it was making her eyes water! Yet, she persisted. She arched her back, bore down hard, and...

“OOOOooh~!” Pyra exclaimed.

With a final hard flex of her body, a heavy turd came thrashing out of her cock in a swift, ejaculatory burst! Out it bubbled, birthed like lightning, thrusting out so fast and hard, striking like a mighty brown snake emerging all at once, landing against the tree bark with a damp crashing thud before falling to the ground below. There! She'd done it! Her pee hole flexed, empty, relieved. A full 18 inches of filth had been purged out her body, freeing her from the confines of constipation!

Pyra relaxed for just a bit, puffing once more, recoiling from the impact of shoving a foot of solid shit out her cock in a split second. A smile crept up her face, a silly one at that. She couldn't help but feel the slightest bit proud of defeating this foe, even if it was a fucking heap of scat crammed in the bowels of her balls.

Yet, Pyra wasn't done. Her hybrid alimentary-pudendal canal could sense that obstructive hard bit of matter was gone too. Just as Pyra readied herself to stand, a terrible gurgle rang out from her balls. An unearthly discomfort locked her muscles frozen. She stayed paralyzed in that absurd position, thighs spread wide and crouching, arms flexing, cock spasming. This wasn't a constipated shitjaculation anymore. This was a full on proper scat climax!

“G-GGNOOOOOGH~!” Pyra wailed as her cock erupted with a heavy burst of semi-solid shit! That erupting dark brown rope may have been thinner than that big burdensome opening burst of hard dense matter, but the speed it exited with was unparalleled! Faster even than that mighty cork of dump that had shot out her cock now spiraled a two foot log of shit, blasting with cock farts as it erupted out, snaking and coiling in on itself as heaps of solid matter squirted out of her with the same speed a regular cock might shoot white strands. More tummy rumbles echoed out. More heavy squelches from her ball reverberated. Another flex of her cock and a second big rope of her excrement shot out of Pyra down into the increasingly massive pile below. Pyra was dumping cock uncontrollably!

Eyes shut and face flustered, she soldiered on. Just a little more now. Her reddened cock flesh, craving the sweet downtime of post coital relaxation, made her shout into the green around her as more waste spewed. Just as she thought she was done, one last contraction smited her. Another bit of turd raced out of her and shot into the pile, with a second half

barreling out as it did. What was left was a flexing, gaping maw of cock, shuffling as if it expected more. Yet, there was nothing. Her insides felt empty, and unburdened. It was over. Pyra had finally purged her freakish body.

Exhausted, Pyra fell onto her back, no longer able to retain her ridiculous pose.

Rapidly that rigid pillar of girl cock went softer. The deed was done. Pyra had emptied herself to completion. She finally looked up from her relaxed sprawl on the grass and inspected her work, to see just much matter she'd voided out of her body.

Her eyes quickly glanced off to the side in pure embarrassment as the scope of her cock dump became clear. God, it was the size of an elephant's movement! Perhaps she ought to relieve herself of this embarrassing urge more often, rather than waiting until her balls ached to take a dump. It might also help if Mythra took responsibility for her own bowel movements once in a while and milked her breasts until they started defe-

"Gnn... Nnngh...!" A voice grunted out.

Pyra went back on guard in a flash at the unidentified noise. She rose, her body turning to the source of the sound, her insane semi-erect dick spinning with her. That grunt.. was someone watching her? She was supposed to be all alone while doing the deed but...

Pyra saw something now. Thin little strands of something white launched out from the foliage next to her, flinging with enough speed some of it even landed on her smoldering cock dump. She focused more intensely at the source of the launch.

"Rex!" Pyra yelled.

Sitting in the bushes, presumably spying on Pyra this entire time, was Rex with his underwear pulled aside and his hands tugging at his length. His loose palm was blitzing up and down his shaft, firing away a normal, if not somewhat underwhelming, cumshot onto the earth below, driven by the sight of Pyra's plight for relief.

Caught red handed, Rex immediately tried to apologize.

"A-a-s-sorry Pyra..." he grunted. "It's just... Nngh, you're so hot when you shit! It's so weird, and so wild!"

Pyra's stare could cut glass. "You perv! That's it, I'm not letting you fuck my arse like normal tonight!"

Rex gasped. "But Pyra! I-"

"If you want any action today or tonight Rex, it's not going in my mouth or up my ass. There's only one hole I wanted you fucking today.

Rex groaned. Sodomizing Pyra's cock felt good, but he always had to pull out once Pyra started cumming...
