

## S3 E4 - SWEET

*Act 1: Luke attempts to return to baseline with the fish, who are shocked at his show of force last night. To win them over, he takes the blame for stealing Alexis' candy. La'ron is grateful that Luke would cover for his actions, and helps Luke find acceptance in the group again. To help Simbal get over being attacked by Luke last night, production showers him in attention and screentime, culminating with a **special monologue written by ChatGPT**.*

*Act 2: **Production tallies up everyone's candy**, and before Alexis, La'ron and Mizzy win immunity, G reveals that La'ron stole candy to get the immunity spot. Luke clashes with La'ron when he learns he inadvertently covered for La'ron and helped him get immunity after La'ron lied about that being his aim. Luke begins to tell the others that he did not steal the candy after all, assuming La'ron wants to vote him out anyway. Although La'ron tells Luke that he won't be voted out, Luke pulls a prank that upsets all the fish, causing them to accuse him of being a plant. Production quietly eliminates him for putting a wedge between them and the contestants.*

### Act 1

Ted is still crying and losing his shit over Luke shoving Simbal.<sup>1525, 1526, 1527 \*</sup> The girls talk with Ted about what Luke did, hysterically processing the conflict. Luke moves out of bedroom 3.<sup>1533 \*</sup> He approaches Simbal to apologize but Simbal blows him off.<sup>1543, 1548 \*</sup>

Alex talks to Binx about getting into fights and she jokes that her slippers give her "+5 strength" and he gets shy and says she's messing his mind up by being a cool girl.<sup>1509</sup> Alex disavows Luke to everyone, and says he has to go home for a cruise and will sacrifice himself to advance the girls further in the game when it comes time.<sup>155\*</sup>

*Confessional: Binx says it will be herself and Alex head-to-head in the end. She accuses Alex of telling this "crash-out" story to many people. Alex says he is choosing to stay, actually, and is lying to the others.*<sup>1712 \*</sup>

Alex finds Luke<sup>LOCKER ROOM</sup> and says the complete opposite - that everything Luke did was funny as fuck and that he has his back, but Luke ignores him and pretends to be asleep.

Luke finally connects with Simbal and manages to communicate his apology.<sup>1565 \* PTZ?</sup>

Luke finally begins to talk to Ian after being mostly silent all morning, explaining that production tore him down for getting physical with the other contestants.<sup>1625 \*</sup> Payton joins them and he gives her a sob story about having headaches due to lack of nicotine. Mizzy asks about her missing candy and Luke instantly accepts responsibility for stealing it, even though it was actually La'ron.<sup>1631</sup>

*Confessional: Ted asks how Mizzy got Luke to admit to stealing her candy and she takes credit for prying it out of him.*<sup>1705 \*</sup>

The OGs thank him earnestly for “telling the truth,” and La’ron campaigns to the others that Luke is trustworthy.<sup>1637</sup> Luke invents a story about how he stole the candy, and Mizzy pats him on the shoulder and says she is impressed he was able to find it.

There is a “group” scene, an inquisition on Luke - Smack says Luke’s “violent outbursts” are “triggering and scary.”<sup>1643</sup>

*Confessional: Burt tells Smack that, after everything Luke has done, his chances of winning are zero. He says there would be a huge backlash from fans if Luke were to win.*<sup>1721</sup>

La’ron and Mizzy have Luke’s back throughout the argument, with Mizzy even saying she supports him now because he “owned up to it” while La’ron sits next to Mizzy looking guilty. Luke apologizes for making Ted cry. Binx implies Luke is a “lifetime abuser” because he threw a pumpkin around.

- *Confessional: Luke sets the record straight with Binx that he has never hit anyone non-consensually. Binx demands to know where Luke hid the candy.*<sup>1648 \*</sup>
  - *Confessional: The prior night, Jet tells Luke where La’ron and Alexis hid the candy.*<sup>1508 \*</sup>
- *Confessional: Luke correctly repeats to Binx the location that Jet told him. She admits she knew where it was hidden, and just wanted to see if Luke would tell her the truth. Binx says that in order to make it up to Simbal, Luke will have to “wash his feet, or whatever They do.”*

-

Smack and Simbal have a scripted scene at the bar - the manufactured attempt to demonstrate their “alliance” quickly shows they are not allies at all and simply vying for second-to-last place when she admits she would vote him out, and says that even though they’ve been roommates this is the first time they have talked this much.<sup>1667</sup> Ian and Payton have a scene about “strategy” where it is clear they are being mocked for being nontent.

*Confessional: Ben says they’re going to do what they can to get rid of Luke and says they will “put the fear of God into him.” Simbal objects that “nobody has a fear of God”*<sup>1676</sup>

G tells Simbal that he lived in Peru with a shaman who gave him a special necklace that he is fated to give to someone deserving.<sup>1691 \*</sup>

—

Simbal is given a ChartGPT script to read (“I am an Artist”) about fame and social media stardom.<sup>1696 \*</sup> G directs the cameramen loudly during the scene, making it clear to the audience how hard they are manipulating the situation to seem dramatic.

*Confessional: Alex says where's Simbal going with this? Binx says, Hollywood. Alex says, fuck, I'd rather go home— but, Hollywood, would you come with me? Binx says of course, as long as you find me a job there.*<sup>1712</sup>

*"Andrew" (Jet) interrupts them to adjust the camera.*

The production of the scene is also emphasized - Ben loudly shouts at Luca and Vance and to get various, stupid shots. Simbal finishes with "if candy should be my downfall then fuck I hope it's sweet." At some point G asks if anything interesting happened and Burt tells him that he just told the fish he had sex in an airport bathroom before coming on the show.

## Act 2

The candy count begins<sup>1763\*</sup> - there is a sponsored break before the winners are announced for a Dude Wipes sponsorship with an i9. The fish are excited thinking the car might be there for them to win, but production doesn't say this is true. G repeatedly tries to throw a package of Dude Wipes to Alex and Alex fails to catch it.<sup>1781\*</sup>

G asks La'ron if it was worth stealing, because he didn't win immunity from it.<sup>1780\*</sup>

*Confessional: Luke asks La'ron: What the hell did Jeremy just say in there? La'ron questions why Luke is pushing back on him stealing and winning immunity for himself when he helped Luke take the fall for him to get back in the good graces of the other fish.*<sup>1791\*</sup>

The winners of immunity are Simbal, Alexis, and Mizzy. Mizzy gives a speech thanking Luke for coming clean but asserting that the reason Alexis has immunity was because they may have taken candy from Smack.<sup>1788\*</sup>

Some fish cry about not getting immunity: Ben chases Payton around the penthouse because she is crying.<sup>1870\*</sup> Ted sobs that he could be eliminated.<sup>1795\*, 1808</sup> Burt waddles around b3 alone fretting that if Alex is eliminated he won't be able to watch over him but doesn't understand why Alex isn't the obvious elimination target because he's "ruining the show," and then gets side tracked and says he's horny as fuck and going crazy.

In B3, Luke admits to Mizzy that he never stole candy from her and was just covering for Laron.<sup>1802</sup>

*Confessional: Alexis says now they have to vote for Luke because he ratted them out. Mizzy reminds them to stick to the plan and just vote Smack.*<sup>1848</sup>

In the Den, Luke says Ian is ferrying him through the River Styx (chilling with him on his way to the afterlife).<sup>1835</sup> Laron finds him there and offers him a cigarette, and confirms to him that he won't be going home.<sup>1860</sup>

Luke calmly prepares at about 4 AM<sup>1919</sup>, then wakes all the fish with pots and pans, telling them it's time to cast their votes in the basement.<sup>1920</sup> La'ron freaks out, saying Luke could have given him PTSD. Luke apologizes and says he forgot that La'ron is from Compton.

*Confessional: La'ron calls this a "long winded n-word."*<sup>2003</sup>

Mizzy says it was just a Mischief Night prank and La'ron rails on her too. ALEXIS cries.<sup>1930</sup> Burt calls Luke a "snake" and the fish call him a plant.<sup>1945</sup> Luke is taken to the basement<sup>1947</sup> and Jet announces over the PA that Luke has been eliminated.<sup>1954</sup>
