Seraphine's New Toy

by [FishBucket](#)

Summary

Seraphine is tired after a concert and wants to wind down. But, luck just so happens Seraphine as the cutest Yordle pops out in front of her, giving her a chance to do something she's always wanted to do to something cute.

After a long and exhausting concert, Seraphine walked outside of the stadium, holding a bottle of water, and making her way back to her trailer. "Jeez, even after 3 years in the business and being 20, I still get so exhausted with these performances." Seraphine sighed, walking briskly as her juicy thighs jiggle and her wide hips sway. But, just a couple feet in front of her trailer door, a small purple thing pops out from the shadows. "Seraphine!!!" The purple figure shouts out, startling Seraphine as her bottle of water drops from her hands. "Ah! S-sorry! I didn't mean to startle you like that!" The now visible Yordle apologizes, grabbing the bottle off the ground and handing it back to Seraphine. "I-It's fine." Seraphine says as she grabs the bottle, then notices that the small Yordle is very cute. "What's your name?" "ME?! I-I'm Lulu! I'm a huuuge fan of yours! I've been following you since your debut, your collaboration with KDA, and I think you're the best artist of this generation! I should know, I've seen many artists in the past 300 years, but none as good as you!" "Aw, you flatter me too much." Seraphine giggled, now getting a better look at the small Yordle, seeing that she is wearing an oversized shirt, the exact one sold for this tour. Along with a pink beanie. The more she looked at Lulu, the more her lust grew. "Say, do you wanna see the inside of my trailer?" "What?! Of course I would!" Lulu beamed ecstatically as Seraphine opened up the door, allowing Lulu to step inside.

She looked around to find various lights draped in the cozy, pastel colored trailer, along with various plushies. "I love the look! It's super cute!" "Thank you, I do love cute things." Seraphine grinned behind Lulu, closing and locking the door, then dropping her panties. "Man, this place even has a big bed too! It looks super comfy! I bet it's as soft as a cloud." "It sure is." Seraphine moans, reaching down to her crotch as she pulls out her penis from her ass, allowing the foot long flopper to swing out, finally free along with her baseball sized testicles, all covered in anal lube. "Wanna get on it together?" "Get on it with you?" Lulu looked puzzled, turning around before then seeing the foot-long cock dripping and dangling between Seraphine's plump thighs. "Y-your a futa?" Lulu stuttered, eyes locked onto the penis. "Yes I am. And, as you already know, I looove cute things." Lulu looked up to find a pair of eyes lustfully gazing down at her. Lulu stood still as Seraphine's hands reached down, grabbing her, lifting her up, and laying her down onto the bed. "I-I want you to know that while I would l-love to have sex with you... I've never done it before." Lulu stammered, blushing as Seraphine removed her oversized shirt and tiny shorts. "It's fine, I love doing it with virgins. I'll introduce you to lots of awesome stuff." Seraphine said as she removed her own clothes, pausing as the two were finally naked. Seraphine stared at the tiny purple Yordle below, blushing while the tiny thing stared back at her and her large cock. Seraphine grabbed her big monster penis and flopped in onto Lulu, just as long as her whole torso. "Can you rub it for me?" Seraphine asked with a kind and gentle tone. Lulu nodded, gently stroking the cock up and down with her arms, even licking the tip with her tiny tongue. "Mmm, that's nice. I love your idea." Seraphine moaned as her cock grew longer and longer, soon enough, the tip passed Lulu's lips, moved to her nose, passed her brows, and finally a good couple inches above her head as Seraphine's cock had grown to 3 feet long. It was also thicker, and far hotter. "I-It's so big." Lulu trembled under the massive monster cock.

"Yes. But don't worry, it won't hurt." Seraphine pulled her cock back, standing on her knees as she bent the massive monster, pointing towards Lulu's asshole. "A-are you sure? I'm a little scared." Lulu shivered. "Don't worry. It'll be fine. I'll start off slow, ok?" Seraphine

waited until Lulu nodded, leading Seraphine to slowly push the thick tip inside of Lulu's tiny, tight, asshole. With a pop, it was in. "Ah!" Lulu moaned as her body jerked. "Feels nice huh?" Seraphine giggled, enjoying Lulu's face melt with pleasure. "Y-yesh." She responded. "Oh gosh, you're getting me all hot." Seraphine moaned, pushing in more as her monster cock created a large bulge in Lulu's belly, slowly moving up more and more. Seraphine wanted to take it slow, but she couldn't help herself. "Lulu, am I correct that Yordles don't breathe?" "H-huh? Y-yeah. We don't breathe, our mouths are only for eating and ta-" Before Lulu could finish her response, she felt a large object stuffed inside, something that originated from her belly, and from her ass. Lulu was shocked to see Seraphine with hearts in her eyes, heavy breathing, and the gaze of a sexual predator. Before Lulu could fully process what was happening, Seraphine shoved her entire cock into Lulu, her hips clapped with Lulu's butt as the tip of Seraphine's predatory penis popped out of Lulu's mouth, spit roasting the little Yordle. Lulu's whole body was filled with a strangle tingle as her whole body shook due to the immense pleasure experienced by her first orgasm during sex. "Oooh? A full body orgasm? You really must be enjoying this!" Seraphine moaned, pulling her cock 6 inches back before pushing it forward quickly. "I assume that means I can go all out. Well, I would still do it even if you didn't want me to." Seraphine's hips moved with incredible speed as she used Lulu like an Onahole, grabbing onto her tiny body while using every inch of her insides to pleasure her long penis. "Oooh! You're so tight and wet!" Seraphine screamed, shaking the entire trailer as Lulu continued to have orgasm after orgasm, each one turning Lulu's brain into goo, unable to process any words inside to describe her experience or thoughts, just raw electric pleasure.

Finally, Seraphine held Lulu to the base of her penis as she came out fat and thick ropes of cum, her large balls clenched as Seraphine painted her plushies, bed, and trailer walls with her vicious cum. Holding onto Lulu tightly as her penis cream spurted out. After a good half minute of uninterpreted cumming, Seraphine finally stopped, pulling out her still erect penis out from Lulu's limp body. Huffing and puffing, Seraphine asked Lulu, "How was it?" "...M-magical." Lulu smiled. "Good to know, but we aren't stopping anytime soon." Lulu liked the sound of that, although she was puzzled when Seraphine got onto her back as well as Lulu and pressed her puffy asshole to Lulu's tiny asshole. "This might be a bit gross, but... ah whatever! I think you'll enjoy it as much as me!" Seraphine smiled, holding her 2 foot penis to the side, flopped onto her body. "Huh?" Lulu, still puzzled, then saw Seraphine's face twist, the same face you make while trying to push out a massive dump, but mixed with a smile and arousal. Lulu understood what was happening as soon as she felt Seraphine's puffy asshole stretch and something soft and warm pressed Lulu's asshole. "Oooh." Lulu responded with an aroused smile. Beforehand, she would have easily said no to such sex, even if it meant Seraphine not taking her virginity. But, now that Lulu experienced sex, she was willing to try anything, especially if it was with Seraphine. So, Lulu willingly accepted Seraphine's massive turd as it penetrated Lulu's butthole, stretching out her insides with its massive girth. More importantly, it was far thicker than Seraphine's cock. Lulu felt her hips widen, growing larger to accommodate the thickness of Seraphine's turd. Slowly, it moved its way up, thickening Lulu's body until it finally made its way to her throat, stretching it out to be the same width as the rest of her body, then popping out Lulu's mouth, leaving her mouth gaping as wide as her anus. Just as she expected the turd was just as long as Seraphine's cock, but possibly even longer. Lulu was now twice as thick as she was beforehand, hell the turd was just slightly thicker than Seraphine's torso. With such a massive and thick turd, Lulu was curious what she was gonna do. Then, Seraphine moaned, sucking the turd back into her ass

just a couple of inches, then pausing for a brief moment before pushing it out once more, then sucking in, pushing out. Back and forth, back and forth with increasing speed. Seraphine's moans grew louder and louder as she turd fucked Lulu's tiny elastic body, absolutely smashing her prostate in the process. To increase the pleasure further, Seraphine took her 2 foot long cock and bent it so the tip would touch her lips, she kissed the pisshole before then sucking on the tip, swallowing it whole as her cock went down her throat. Seraphine moved her head forward, fully swallowing her cock to the base, even hooking her legs behind her torso to help pull her down, the cock was twisted inside of her stomach, bloating her belly with strange long and twisting bumps. Finally, Seraphine started to move her top half with the help of her legs, giving herself a deep throat of her own cock, rubbing the monster penis with the insides of her mouth, throat, stomach and even the sides of itself as it coiled inside. On top of shit fucking Lulu and herself, Seraphine was having the greatest time of her life. Never before had sex been so good until now, filled with lust and energy, Seraphine went to town. Aggressively and rapidly sucking herself and shit fucking Lulu with incredible speed, causing two muffled moans to echo in the trailer, continuing for a good 10 minutes before Seraphine and Lulu came at the same time. A large flood of thick gooey cum flooded Seraphine's stomach, bloating the futa's belly to an incredible size, still keeping her cock inside of her as the belly squished and expanded to the sides, while also letting all of her shit out, shitting through Lulu's body as her long and thick continuous brown log coiled and piled up onto her bed and plushies.

After 1 minute of continuous cumming, Seraphine pulled her cock out from her mouth and Lulu pinched off the last bit of Seraphine's shit with her mouth, gulping it down. Seraphine was incredibly bloated, her belly was big enough to hold two people, spilling out to her sides with a cock covered in cum, while Lulu's body was still stretched out in width, a bit of poo sticking out of her ass and a large thick throat tapering off to it's real width right below her head. "That was.. Incredible." Seraphine giggled. "I agree." Lulu replied, patting her stuffed body. "It was gross, but I loved it."

Seraphine tried to lift her body up, but her large belly was too big. "You know, if ya wanna, you can join me on my tour. Or, stick with me even longer." "Really?!" Lulu sat up in excitement "You'd really let me tag along?!" "Of course, I always wanted a cute Yordle sex toy with me. And if you're ok with it, I was thinking of trying to get even more Yordles to join us." "Of course! The more the merrier! And I know just where you can find more Yordles." Lulu giggled.

10 minutes later, Vex, Poppy, and Tristana are standing outside of Seraphine's trailer. "Is this... actually Seraphine's trailer?" Tristana asked, looking over Poppy's shoulder and her phone. "Sure seems like it." Vex replied. "I sure as hell wanna find out." She said while reaching up at the door, knocking. "Come in!" Seraphine shouted out. They all gasped and said in unison "Seraphine!" and opened up the door, rushing into a new life none of them would have anticipated.
