Re: Incident w/ "Kathy" (patient)

Date: 08/07/2022

At approximately 8:00 am, I was "socked" (hit) in the back by a fellow patient while in the East wing of hospital, The Behavioral Health side. As I came walking out of my room, and was hit, Sharon, a nurse from behind the counter came running out towards (Kathy) ~~and~~ and stepped (Kathy) from attacking me further

Sincerely,

* Sharon Janine Beard
(Patient)
