

(Note: Hyper has since cut off all contact from Zengo, and finally realized he's not to be trusted. Please know that at the time I was writing this, I was very, **VERY** pissed off.)

So it seems that Zengo has found another pawn/white knight to do his dirty work, and I know exactly why he targeted ThHyperCombine. 1: Ignorance, 2: the amount of followers he has: and 3: Most of his shit is stolen nsfw content.

Hyper has openly defended this pedophile without caring or knowing the full story, and has deleted multiple people's comments without knowing, or giving a shit about the issue, his head is that deep in the sand that he's unwilling to listen to reason, not to mention not even bothering to 'fact check' anything. Which honestly concerns me.

That's the thing with people who are pedo apologist idiots defending creeps, they're idiots themselves. And anyone with a functioning brain will take a look at his post and realize something's up, especially since he just spouts bullshit without any proof, and posts out of context images to both twist the truth and blame the victim.. I for one have [enough proof](#) on this manipulative snake to write a whole novel out of it.

He has also made a post slandering me and my friends. I will go over this post, to show that his claims are complete and utter bullshit.

-

The first thing to go over is Hyper's claims on Tyraka. For context regarding that post about Pride Month, claiming he's 'Openly Homophobic' he got so uptight over a joke Ty made regarding Pride Month and blocked him for a while.

Now for the second thing, claiming that Tyraka stole Zengo's 'ocs'. The modeller cancelled the commissions he had for them after finding out that Zengo was a pedophile.

Yes, while he may have paid for them, Zengo would lose any chance of getting them when he threw a tantrum and threatened the modeller Sindroom.

 @SindRoom.rar I'm tired of conflicts

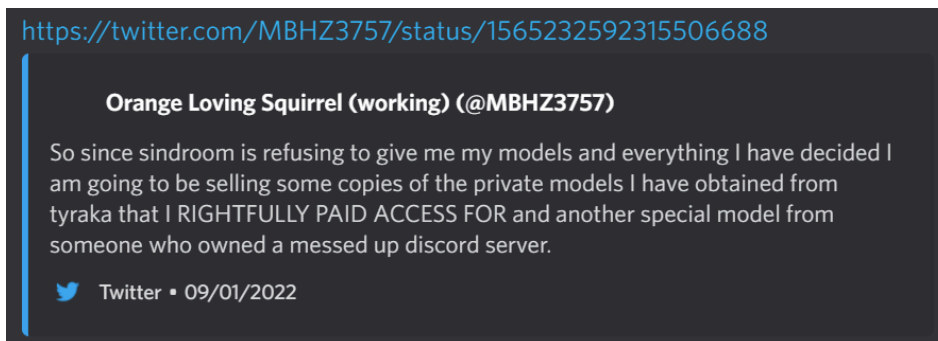

Zengo366 Сегодня, в 23:49

plus if you try to leave then I will have to file a report to the US treasury department telling them that where you live I need my money back and the last thing u need is russian solders at your door

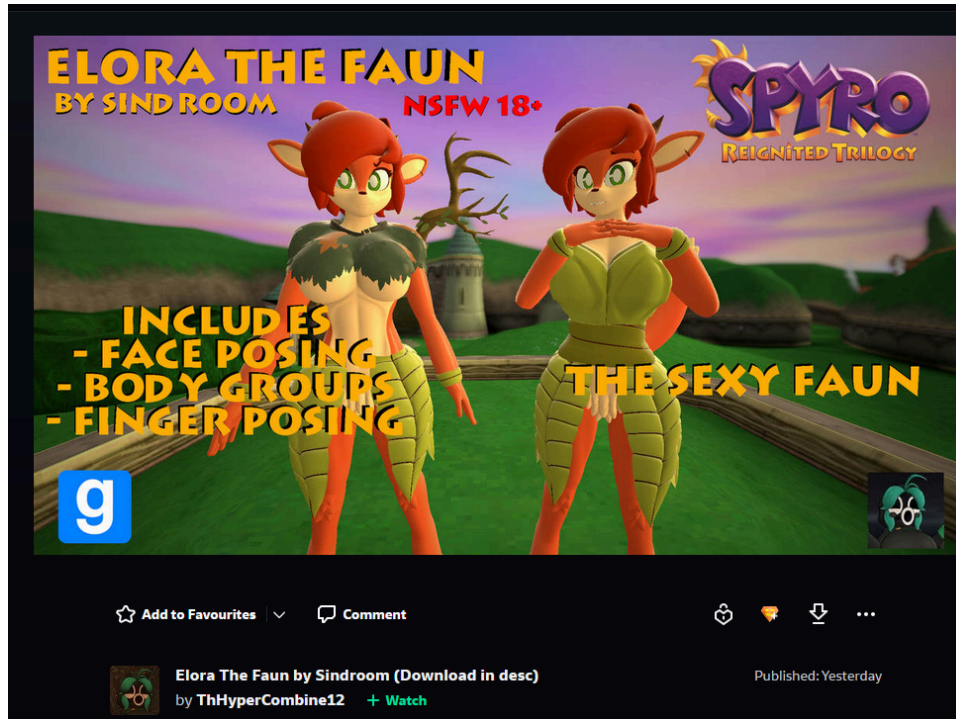

It was then that Sindroom would cut all ties from Zengo, and the rights and ownership of the models would go to someone else, at first to Tyraka, but then to someone who will remain anonymous.

It was after this that Zengo tried to post Tyraka's private Elora model, which he bought from Ty before he was blocked.

And then Zengo would later distribute the model to Hyper, to which he would post it and delete comments calling him out, including mine.

Projection much?

This really goes to show you just how scummy this person truly is. Not only hating on people you don't really know about and blindly accepting allegations and truth. You also have to go and steal someone's model and make the money they spent on it completely worthless. And people still have respect for this guy...

The irony in this statement, because ThHyperCombine was blindly defending a pedophile while refusing to accept the truth and criticism of others who call him out for it. It's outright pathetic.

And here's where he rants about me. **The victim Zengo groomed.**

Here's the screenshots shared in the document, he says i was 'throwing a tirade' when given what's in the document I linked, it's clear to anyone with functioning braincells that this is emotional abuse and manipulation towards me. An attempt to twist the truth in the abuser's favor.

Sam how can you miss that biggest point of friends
Yes they are supportive but being honest is also supportive
If I did not tell you to give up on something then I would be lying and that makes it worse
Look Just take time to yourself
I can talk to you on monday

@Zengo366 Sam how can you miss that biggest point of friends

HatSamPixie 08/04/2022
I know what the point is. I'm not stupid.

Zengo366 08/04/2022
but its not meant to hurt you its me being honest (edited)

HatSamPixie 08/04/2022
Sometimes you gotta keep some shit to yourself.

Zengo366 08/04/2022
If I do that then u ask me what I think of something it gets worse
Better to be honest then outright mean later
Plus if I keep it to myself I am lying to you
Sam you and I have been friends okay
I am not here to hurt you but I am not gonna blow sun shine up your ass
doing that means its just like Astra
Only telling you what you wanna hear
instead of what you need to hear

Zengo366 08/04/2022
I had to give up on stuff
Kill La Kill is not even that popular anymore
Barely anyone talks about it unless its memes

HatSamPixie 08/04/2022
You wanna know what I was taught? Never give up.

@HatSamPixie You wanna know what I was taught? Never give up.

There is another saying too

Zengo366 There is another saying too

Dont use toons
Toons are something for the skilled Like the Mask and Deadpool or even Loonytoons

HatSamPixie 08/04/2022
"Toons are dying out" that quote kinda triggered me, and it bugs me that 2D animation probably won't have the same impact it once had.

So why not try to practice anime

HatSamPixie 08/04/2022
I've tried getting into an anime style, or at least something like that, yet still has my own style to it..
Tbh, Tyraka picks on anyone he doesn't like, or anyone who pisses him off. As for giving up on my KLK interests and Dexter's Lab.. My answer is a hard 'No'.

maybe its why Tyraka picked on you
you gave him ammo
here is what I personally think you should do
Abandon Dexterzilla and these odd Kill La Kill things if
anything your DS stuff is your most original thing out there
and I am sure if you take a break for a bit and draw a bit more
it could be amazing
But dont base it off anything
In fact drop the Toonsona thing
and maybe make something original
Toons are kind of dying out

All animation back in the 90s and before that was hand done,
and I love watching old cartoons, and seeing the heart that
goes into each frame. Nowadays we just use flash and cgi.

@HatSamPixie All animation back in the 90s and before that was ...

Zengo366 08/04/2022
Me too sam I grew up with them and to me they will always
be better but we have to move on
become something better
if anything your art style you can do what they did with Panty
and Stocking
look at the art style
sure its odd and blocky but it is still considered anime
if anything anime is still 2d drawn with some 3d here and there

HatSamPixie 08/04/2022
It's kinda inspired by more western styles of animation.

11

Zengo366 08/04/2022
Its just as odd as the ducktales fans who made an entire DA
group to the Siren duck
it was in 1 episode for 12 seconds
and it is not seen as cool it is seen on DA in one group as a
Sexual festish
Also the obscured stuff I see with your Kill La Kill
I looked up these things you made since you made them
sound like it was official and found nothing supporting it
Even titan can confirm this because Kill La Kill was a major
anime he watched

HatSamPixie 08/04/2022
Sometimes I like to combine other ideas and base other ideas
on other media.
Like Shin Dexzilla, inspiration is Shin Godzilla.

9

HatSamPixie 08/04/2022
Something tells me that's what you tell yourself.
I tend to look on the more positive side of life, and one part (in
my opinion) of it is cartoons, I've always watched them,
haven't stopped. And you telling me I should give up on my
animation interests stings like a bullet. (edited)
I'm NOT giving up on my interests, and I don't give a shit
about what that pussy Tyraka says about them. If he doesn't
like them, he can move on to something else.
If he bugs me about it.. he can get blocked.
You there?

Zengo366 08/04/2022

@HatSamPixie I know what the point is. I'm not stupid.

Zengo366 08/04/2022
Just let us talk on Monday okay I have to head out soon

It was after this that I blocked him and shared my document with the screenshots of his actions and abuse. I had taken this abuse for literally months, and him gaslighting me and telling me to give up on my interests was the final straw.

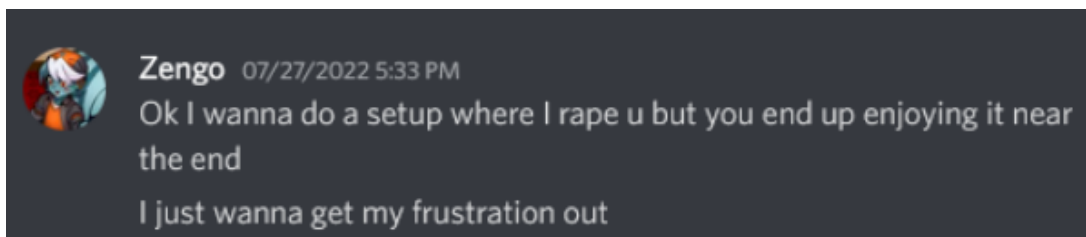

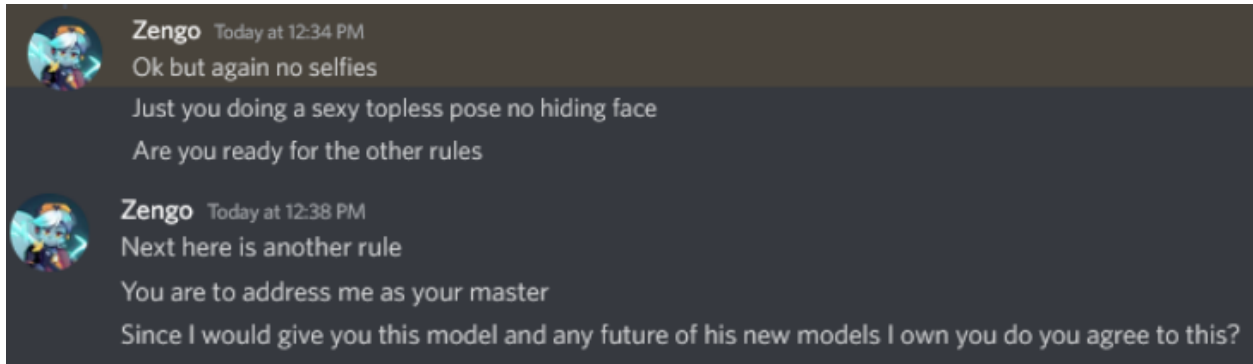

Here's some highlights of some of the vile shit Zengo put me through.

 **Zengo** Yesterday at 12:52 PM
Ur my pet
I own u
Now obey pet
And get me more nudes
And some video of u masterbating until u cum
Say my name too while cumming

 **Zengo** Yesterday at 12:50 PM
I mean doing it irl
I am for real gonna turn u into a slut sam
You will be used by men women and dogs

 **Zengo** Yesterday at 12:46 PM
Just like u irl
Gonna make u take 2 dicks
Btw
I might get dog to fuck u too
You won't get pregnant tho so good thing
Dogs can fuck human females

 **Zengo** 05/29/2022
Oh cute
I kind would help finger u no joke

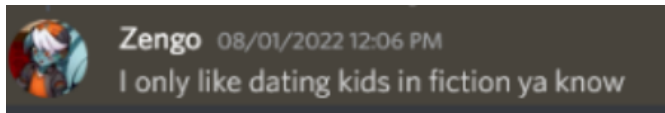

He also manufactured my consent to this, blackmailing me with the shit he wanted from me.

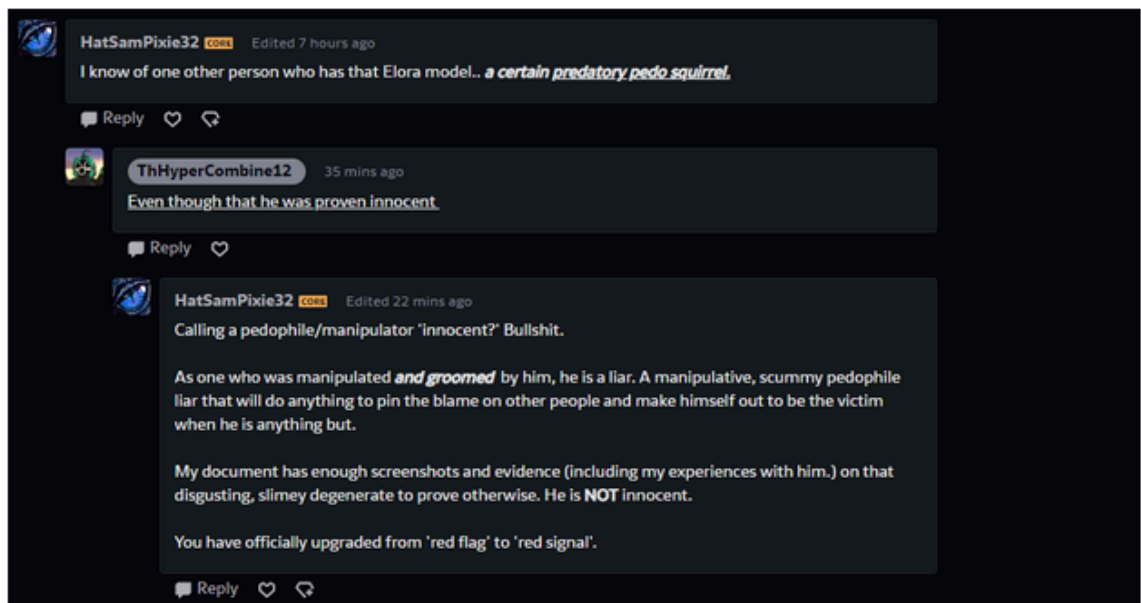

And where he outright confesses to being a pedo.

If I ever meet this man irl, I will make him wish he was never born.

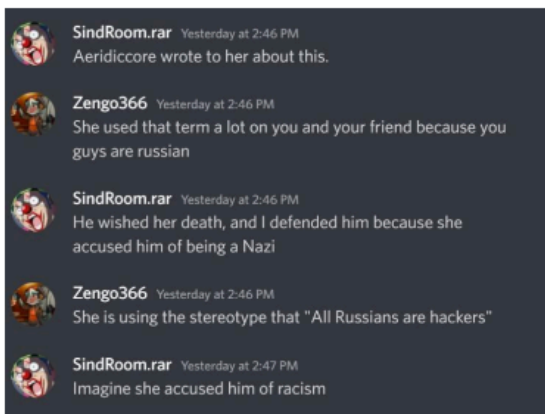

It's worth knowing that after this she swiftly blocked me. Just goes to show just how sensitive this person is. Didn't even have the stomach to handle me calling out your bullcrap allegations.

Keep in mind ThHyper deletes **every single comment** that tries to get even a speck of common sense and reason shoved into his head. Who's the sensitive one here? Talk about the kettle calling the pot black.

Moving on from this, ThHyper claimed that I called Sindroom a nazi. Listen, my memory on these events is rather fuzzy, but I remember getting upset at Sindroom at the time because he was defending AeridicCore, who is an ableist cyberbully I dealt with in the past.

This is again, provided with an out-of-context screenshot and false accusation towards me, this screenshot is from before Sindroom cut ties with him.

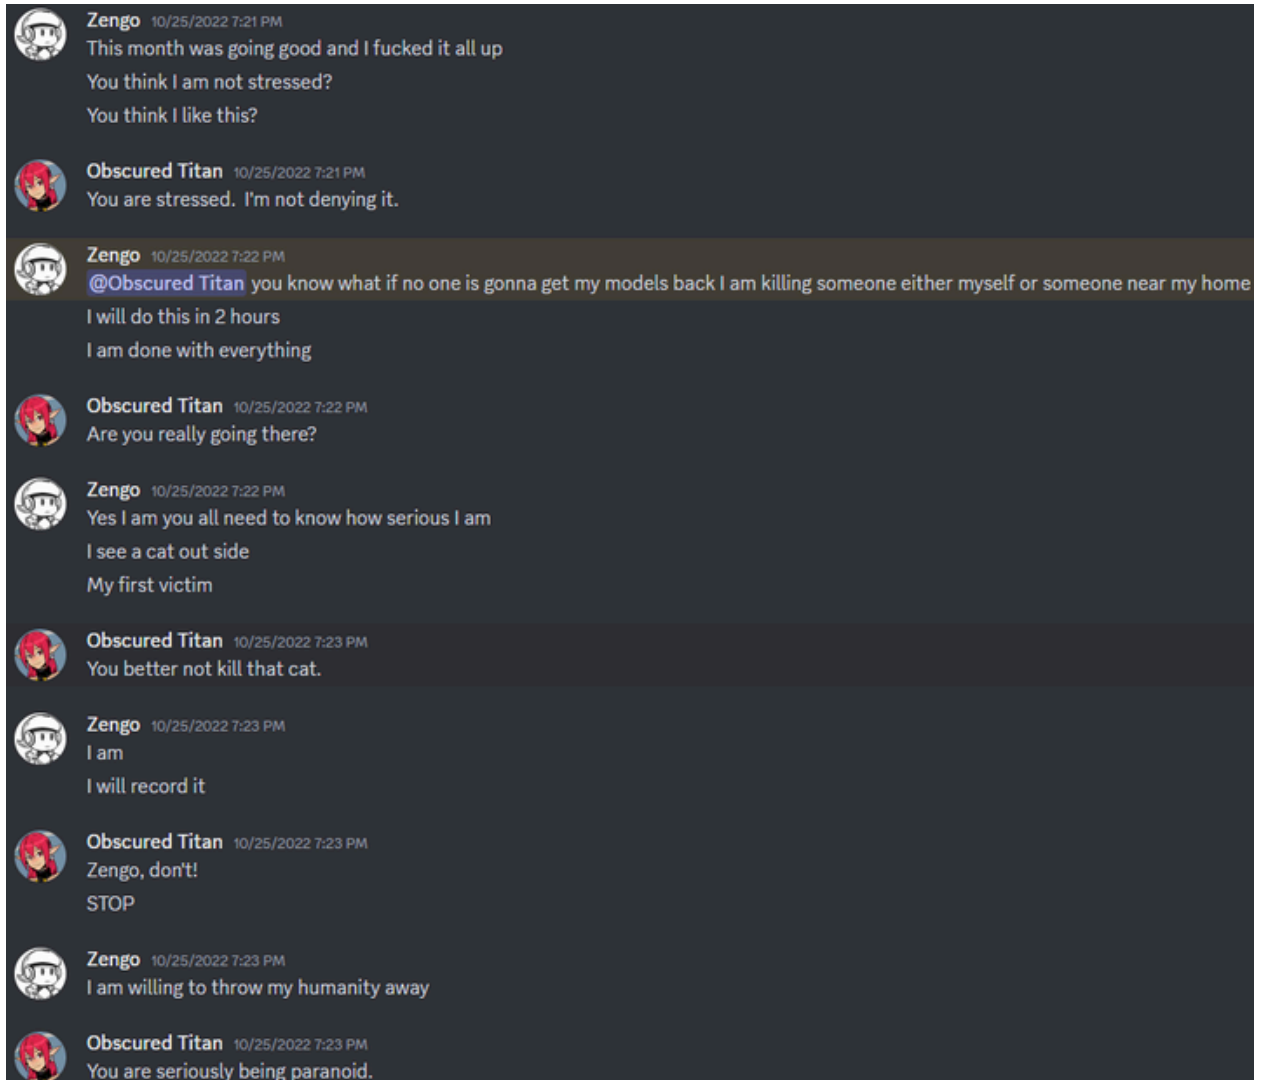

[As it turns out, Sam has a bit of prejudice.](#) Around the time of the allegations Sam was having a bit of beef with another artist by the name of AeridicCore who was friends with already mentioned Sindroom. She would call Sindroom a “Nazi” apparently because Sindroom was Russian. Sam seems to think all Russians are hackers and should not be trusted. Seems kind of prejudiced to me don't you?

Later on, Sindroom left Aeridic afterwards, realizing that Aeridic is a person you don't wanna be involved with, to put it lightly. And after making amends, Me and Sindroom became good friends afterwards. I do **NOT** have any sort of prejudice towards russian people like that idiot ThHyper claims.

Again, more out of context bullshit and false accusations made specifically to twist the truth in the abuser's favor.

Next up we have my friend Delta225. There's [more evidence in the doc I linked](#) to explain what happened, but I will share this specific screenshot of Zengo throwing a fit and threatening to kill Delta and also cats irl. **He is that sick in the head.**

This is all over not getting 3d models on the internet. Zengo threw an even bigger pity party where he claimed that no one else was suffering but him.

Zengo 10/25/2022 7:23 PM

No one cares about me

No one

I am taking the life of this animal

I will record it

Obscured Titan 10/25/2022 7:24 PM

It had better not be an animal, Eric

Zengo 10/25/2022 7:24 PM

I will tweet my crime

I am doing it

Obscured Titan 10/25/2022 7:24 PM

Stop this, now!

Zengo 10/25/2022 7:24 PM

2 hpurs

I can't my humanity is gone

None of u care

You were the only one

Obscured Titan 10/25/2022 7:25 PM

I am sick of this! You're constantly making these threats and it's stressing me out!

Zengo 10/25/2022 7:25 PM

Why

Obscured Titan 10/25/2022 7:25 PM

If you do this in 2 hours, I am deleting my server.

Because I'm the only one who has to suffer the stress.

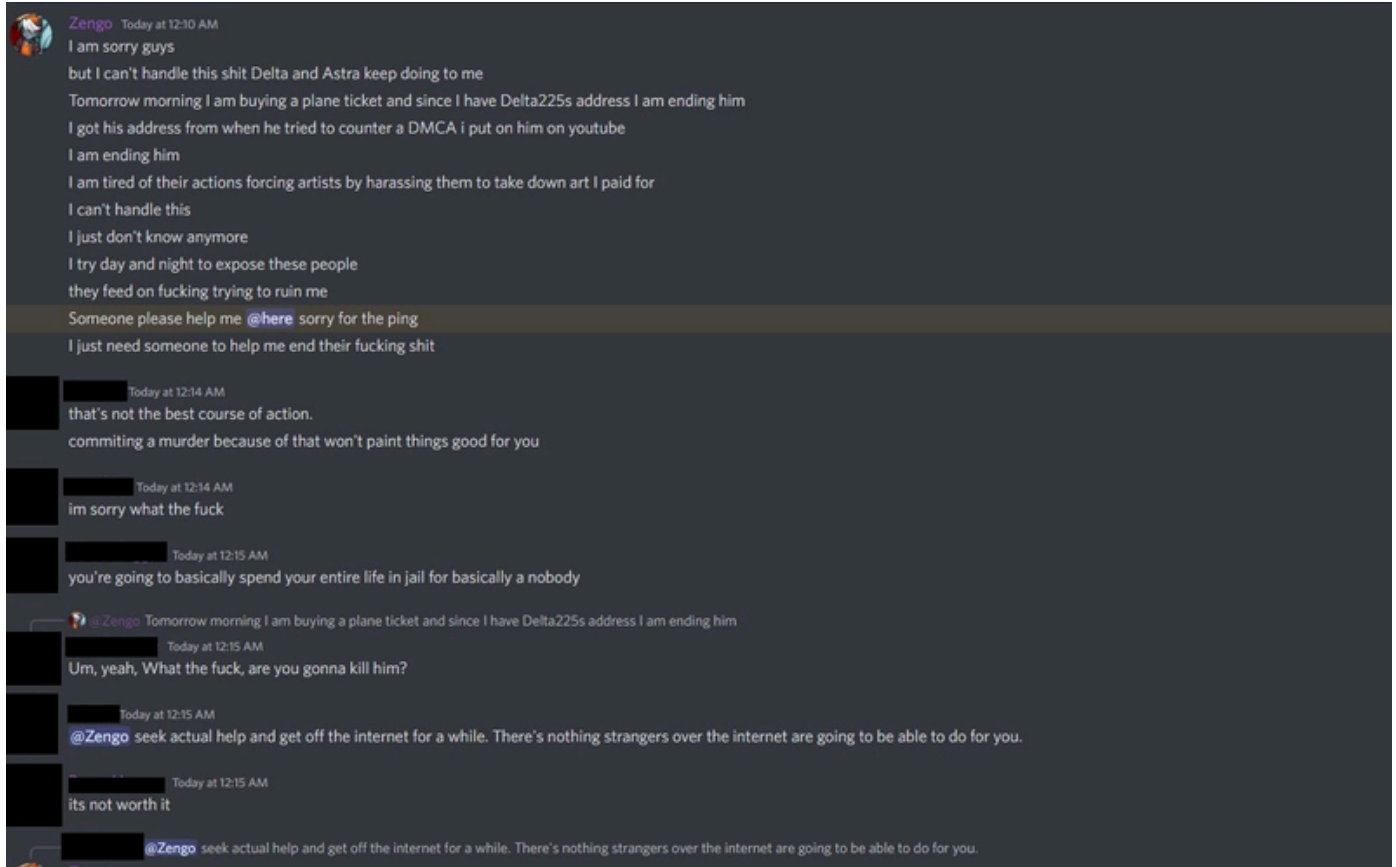

Zengo 10/25/2022 7:25 PM

My models my property my friends

I am suffering

No one else me

Only me

What's even scarier about this is the fact Zengo does know Delta's address due to disputing a copyright claim.

On the same day he threatened to harm cats, he would also express that he wanted to punch Delta so hard he "would need corrective surgery to repair his jaw"

Zengo 02/17/2023 1:55 AM

Yes it would have do don't try to tell me it would be something else
You don't know how he f** Acts
So stop
Man what I wouldn't give to just punch delta in the face

02/17/2023 1:56 AM

Wait wtf does delta have to do with anything?

Zengo 02/17/2023 1:56 AM

I would punch so hard he would need corrective surgery to repair his jaw

02/17/2023 1:57 AM

You corrected me earlier that he wasn't part of it.

Zengo 02/17/2023 1:36 AM

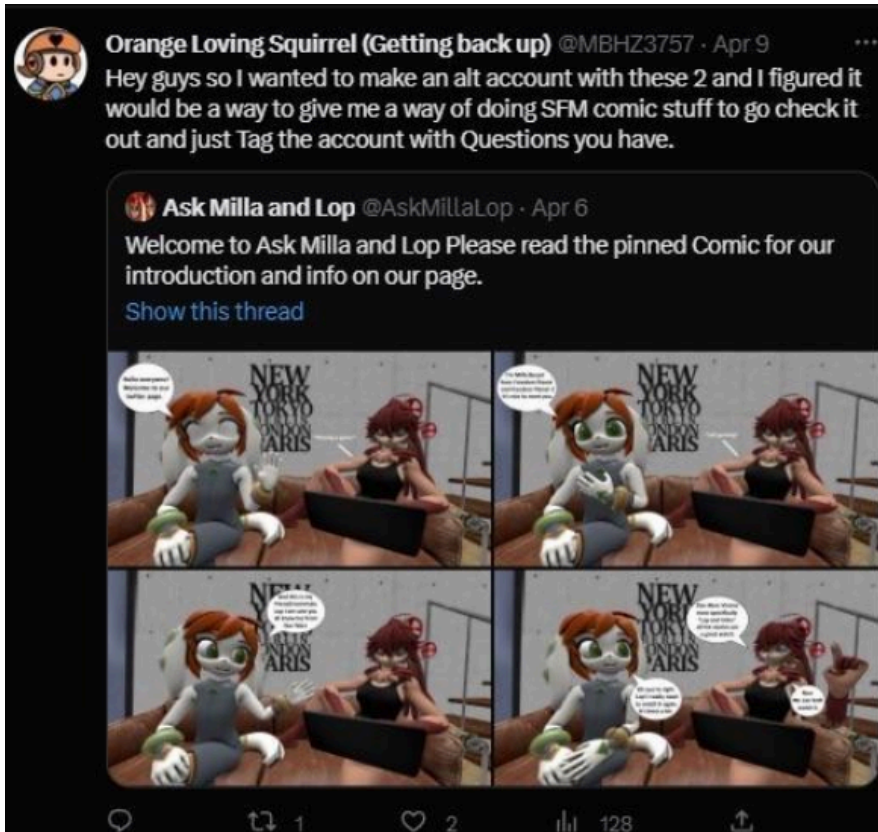

And how [redacted] is not properly helping me

You know I need to say it

I wish harm on Delta225 but he isn't worth me going to jail over

Zengo also had an inkbunny account, formerly Mop333, after it got removed, he made a new one called 'CubFarmerCubby', again, more evidence there than I care or want to explain. Just writing this is making my brain melt. Zengo made an alt claiming they're not the same person, but it's very obvious it is. Right down to the shitty speech bubbles used and his disgusting fetishes.

Compare this old art promoting an ask blog..

Yeah, it's obvious it's him.

Also pay attention to the grammar in his stupid posts. It's another sign it's him.

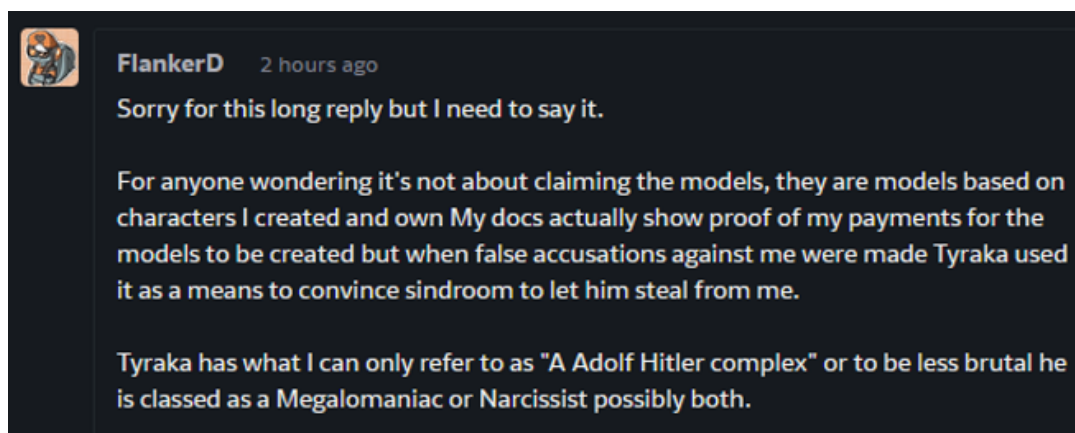

The last one he brings up that Zengo has a hate boner for is Astra, to the point of stalking, harassing, and filing false reports on him, he also started mocking Astra's OCs for stupidly petty reasons in a 'exposing' video he made.

He also filed a copyright strike over a 4 second meme video. That's how uptight Zengo is, he also flipped his lid over a joke he made.

UPDATE: Zengo just made a MEGA LONG comment about me regarding thHyperCombine's shitty post, and *mother of christ* there's a lot of shit to unpack.

First and foremost.. Comparing Tyraka to Adolf Hitler, I am not kidding.. Given that he's compared Delta's friend group to Nazis in the past, it's not surprising this unhinged bastard went this far.

Also, not a good look for you, Eric.

Second of all, falsely claiming that the evidence against him is fake. What I provided above proves otherwise.

Zengo is also lying about my age. Most of our interactions took place specifically through a few months of 2022, it was after I freshly turned 18, after my birthday. So claiming our 'lewd interactions' as he calls them happened when I became 19 falls apart then and there.

I was born in march in 2004, and the date of our first interaction is April 10th, 2022.

APRIL 10, 2022

I think you should read this, I recently posted an apology for Tyraka..
<https://www.deviantart.com/hatsampixie2/journal/An-apology-910808342>

6:53 PM

APRIL 11, 2022

I know that you most likely want nothing to do with me, but I deem this important. I want to tell you that I am sorry for everything I have done in the past.

3:55 PM

I read your apology and though I am still upset with your actions you are at least admitting to your actions which were wrong and I am willing to give you a chance as long as you keep drama away from me

FlankerD - 4:17 PM

If it's okay, I'm wondering if we could chat on Discord? I also wanna share with you an SFM comic series idea I've had in the works since about 2018 or so..

4:31 PM

sure Zengo#9366 just try to keep drama from me and we can chat and stuff

FlankerD - 4:33 PM

He also lied about my age before.

He has also referred to me as Tyraka's girlfriend. I am NOT his girlfriend. That is a false claim specifically made to upset me.. And guess what? It's working.

As for Tyraka's Girlfriend HatSamPixie who keeps defending him despite making several docs against Tyraka herself She is not perfect either her only reason for turning on me and accusing me of shit is because I gave honest criticism on her choice of lore building along with artwork and such not to mention she has a Kaiju Fetish I only call it a fetish is because if you google her tumblr you scroll all over she turns everything characters and objects into Kaiju.

Not to mention I met HSP when she was 18 and our lewd interactions (she keeps weaponizing) took place when she was 19 I was older myself yes but then again people nowadays will go after someone much older or younger so long as they are 18 or above.

Unless an adult is either got down syndrome or is unable to think and speak for themselves ADULTS CAN'T BE GROOMED as stated from the FBI investigator who actually was handling my case when shit got out of hand IRL for me because of this nonsense.

Also, I'm 20 years old, and Tyraka is 31 years old. That is a massive age gap and fucked up logic. (Not surprising, as this claim is coming from a pedophile.)

Also, my thing regarding kaiju is NOT a goddamned fetish. I even made a post about this explaining why **it isn't the case**. Also, that 'Honest criticism' is thinly veiled emotional abuse.

To put it simply, the reason why I draw certain characters as kaiju (Like Bart Simpson and Dexzilla) is because it's a combo of two of my favorite things. Cartoons and godzilla/kaiju. Also, these characters have canonically been shown as monsters before, and sometimes I come up for what-if designs for different characters. The term 'fetish' is something of a sexual nature. Again, not the case here. It's just a combo of two interests.

That comment of 'down syndrome' I think is also a jab at me and my friends, and calling me retarded. As much as I hate that word, the only retarded one here is Zengo and anyone who blindly defends him.

Also "Adults can't be groomed" is **fucking bullshit**. That is abuser logic right there. There are many cases of people being manipulated by disgusting people that can prove that statement wrong, and again, anyone who has common sense/a brain can see that that statement is wrong/fucked up.

The part where he brings up the embarrassing shit I made around the time of our interactions (most of which I was forced into, regarding I had to keep quiet in order to get evidence against him.) is where **I drew the goddamned line**. If I had known you would use those images, including the vile shit you *forced me to make* against me like this, I would've never shown them.

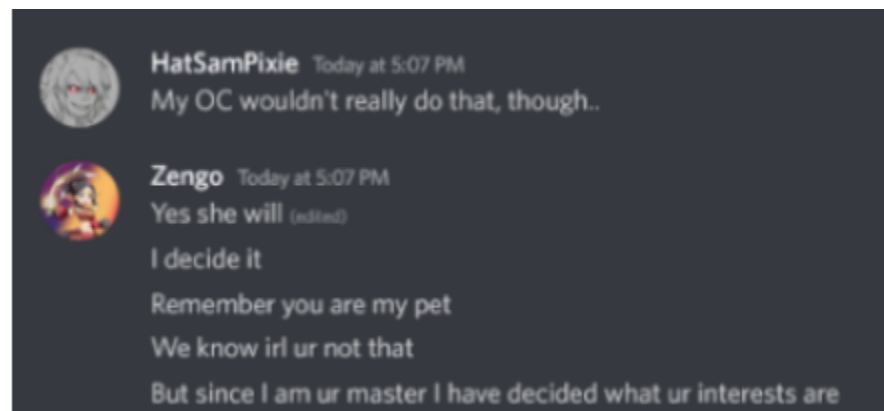

Oh and the claims of me making messed up SFM renders or claiming I run an inkbunny account 2 times now how about HSP tell you guys about the amount of

(Iyraka's model used btw) and such which I won't post here but if anyone needs to see it I still have the renders and you will be able to tell it's her works.

Anyway I went on long enough with this reply I am just gonna ignore any response that come here and then go about my day.

Then again, this also comes from the bastard that **blackmailed me into making NSFW of Cream the Rabbit**.

(Ft. me expressing my discomfort. My OC would also kneel Zengo upside down to a bloody stick with his eyes gouged out btw, and would protect Cream from sick bastards like you. I don't take orders from **ANYONE**. Also, there's evidence proving that the inkbunny account is in fact run by him.)

Any images, especially NSFW ones made around then (I was also not doing well emotionally around then, one reason was because of what Zengo was doing to me. However, it's a reason, but not an excuse.) have since been deleted, along with the disgusting shit Zengo forced/blackmailed me into making. The fact that Zengo brought up the crap made around then is inexcusable. The point of him doing this is to both slander me and make me and my friends, along with those he's harassed, look like the bad guys when he himself is the bad person here.

Zengo is not just a bad person. He is a **manipulative, slimy snake**. A monster far worse than anything a halloween horror film can come up with.

In conclusion: Do **NOT** listen to anything Zengo or HyperCombine have to say about me, because they will always make themselves out to be the victims and blame and ignore the actual victims who suffered because of him, and anyone who defends or supports this bastard are a lost cause, they have their heads shoved so far up their ass that they are unwilling to see the truth; unwilling to see Zengo for the monster of a man he is. **You seriously have no leg to stand on if you defend Eric Salazar.**

I will not tolerate this piece of shit pedo spreading lies and fibs about someone he hurt to turn it in his favor.

I am going to stand my ground, and let people know what you did to me and many other people. I will not let this slide, not for a second.

If Hypercombine and Zengo see this, they have no one to blame but themselves for their stupidity and their actions, and I especially hope that Zengo/Eric Salazar gets hit by a bus, preferably sooner than later. That's how much I've had it with such a vile, disgusting person.

And here are some of the comments from some deranged shitheads that were braindead enough to fall for Zengo and HyperCombine's lies. One 'lovely' commenter said I deserved to be assaulted. Again, people who are pedo apologists are idiots themselves.

Loose lips sink ships.

Jesus... Those assholes are completely mentally retarded and very mean. I'll agree that they're too afraid to show that disgusting, childish, judgmental, tit having attitude in person. This is why I despise the haters and cyber-bullies on this community and everywhere else on the internet. To all the haters and the cyber-bullies: leave that poor man alone, get off your computer, get a therapist, read a damn book, and don't you ever show your face to us ever again. You and your disgusting, hostile behavior will not be tolerated in our community.

Those four creatures aren't people. Don't refer to them with people pronouns. They don't deserve to be referred to as human. Real humans don't stoop as low as this, and never will. Those four are monsters. I hope they get killed and/or raped, and that Zengo wins a lottery or something, I dunno, just give the poor guy SOMETHING. He needs compensation for dealing with those four demons and he needs it *NOW*.
